105.961. 1. Upon receipt of a complaint as described by section 105.957, the commission shall assign the complaint to a special investigator, who may be a commission employee, who shall investigate and determine the merits of the complaint. Within ten days of such assignment, the special investigator shall review such complaint and disclose, in writing, to the commission any conflict of interest which the special investigator has or might have with respect to the investigation and subject thereof. Within one hundred twenty days of receipt of the complaint from the commission, the special investigator shall submit the special investigator's report to the commission. The commission, after review of such report, shall determine:

(1) That there is reasonable grounds for belief that a violation has occurred; or

(2) That there are no reasonable grounds for belief that a violation exists and the complaint should be dismissed; or

(3) That additional time is necessary to complete the investigation, and the status and progress of the investigation to date. The commission, in its discretion, may allow the investigation to proceed for additional successive periods of one hundred twenty days each, pending reports regarding the status and progress of the investigation at the end of each such period.

2. When the commission concludes, based on the report from the special investigator, or based on an audit conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any criminal law has occurred, and if the commission believes that criminal prosecution would be appropriate upon a vote of **at least** four members of the commission, the commission shall refer the report to the Missouri office of prosecution services, prosecutors coordinators training council established in section 56.760, RSMo, which shall submit a panel of five attorneys for recommendation to the court having criminal jurisdiction, for appointment of an attorney to serve as a special prosecutor; except that, the attorney general of Missouri or any assistant attorney general shall not act as such special prosecutor. The court shall allow a reasonable and necessary attorney's fee for the services of the special prosecutor. Such fee shall be assessed as costs if a case is filed, or ordered by the court if no case is filed, and paid together with all other costs in the proceeding by the state, in accordance with rules and regulations promulgated by the state courts administrator, subject to funds appropriated to the office of administration for such purposes. If the commission does not have sufficient funds to pay a special prosecutor, the commission shall refer the case to the prosecutor or prosecutors having criminal jurisdiction. If the prosecutor having criminal jurisdiction is not able to prosecute the case due to a conflict of interest, the court may appoint a special prosecutor, paid from county funds, upon appropriation by the county or the attorney general to investigate and, if appropriate, prosecute the case. The special prosecutor or prosecutor shall commence an action based on the report by the filing of an information or seeking an indictment within sixty days of the date of such prosecutor's appointment, or shall file a written statement with the commission explaining why criminal charges should not be sought. If the special prosecutor or prosecutor fails to take either action required by this subsection, upon request of the commission, a new special prosecutor, who may be the attorney general, shall be appointed. The report may also be referred to the appropriate disciplinary authority over the person who is the subject of the report.

3. When the commission concludes, based on the report from the special investigator or based on an audit conducted

pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any law has occurred which is not a violation of criminal law or that criminal prosecution is not appropriate, the commission [shall] **may** conduct a hearing which shall be a closed meeting and not open to the public. The hearing shall be conducted pursuant to the procedures provided by sections 536.063 to 536.090, RSMo, and shall be considered to be a contested case for purposes of such sections. The commission shall determine, in its discretion, whether or not that there is probable cause that a violation has occurred. If the commission determines, by a vote of at least four members of the commission, that probable cause exists that a violation has occurred, the commission may refer its findings and conclusions to the appropriate disciplinary authority over the person who is the subject of the report, as described in subsection 7 of this section. **If the commission determines by a vote of at least four members that a hearing is not appropriate, the commission may, by a vote of at least four members, seek an agreement with the party or parties determined to have violated the provisions of subsection 1 of section 105.957, and the commission may collect a fee for such violation in an amount not greater than one thousand dollars.** After the commission determines by a vote of at least four members of the commission that probable cause exists that a violation has occurred, and the commission has referred the findings and conclusions to the appropriate disciplinary authority over the person subject of the report, the subject of the report may appeal the determination of the commission to the administrative hearing commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed not later than the fourteenth day after the subject of the commission's action receives actual notice of the commission's action.

4. If the appropriate disciplinary authority receiving a report from the commission pursuant to subsection 3 of this section fails to follow, within sixty days of the receipt of the report, the recommendations contained in the report, or if the commission determines, by a vote of at least four members of the commission that some action other than referral for criminal prosecution or for action by the appropriate disciplinary authority would be appropriate, the commission shall take any one or more of the following actions:

- (1) Notify the person to cease and desist violation of any provision of law which the report concludes was violated and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section;
- (2) Notify the person of the requirement to file, amend or correct any report, statement, or other document or information required by sections 105.473, 105.483 to 105.492, or chapter 130, RSMo, and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section; and
- (3) File the report with the executive director to be maintained as a public document; or
- (4) Issue a letter of concern or letter of reprimand to the person, which would be maintained as a public document; or

- (4) Pay restitution for any unjust enrichment the violator obtained as a result of any violation of any criminal statute as described in subsection 6 of this section.

The Missouri ethics commission shall give actual notice to the subject of the complaint of the proposed action as set out in this section. The subject of the complaint may appeal the action of the Missouri ethics commission, other than a referral for criminal prosecution, to the administrative hearing commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed no later than fourteen days after the subject of the commission's actions receives actual notice of the commission's actions.

6. In the proceeding in circuit court, the commission may seek restitution against any person who has obtained unjust enrichment as a result of violation of any provision of sections 105.450 to 105.496, or chapter 130, RSMo, and may recover on behalf of the state or political subdivision with which the alleged violator is associated, damages in the amount of any unjust enrichment obtained and costs and attorney's fees as ordered by the court.

(4) Upon refusal by any person to comply with a request for information relevant to an investigation, an investigator may issue a subpoena for any person to appear and give testimony, or for a subpoena duces tecum to produce documentary or other evidence which the investigator deems relevant to a matter under the investigator's inquiry. The subpoenas and subpoenas duces tecum may be enforced by applying to a judge of the circuit court of Cole County or any county where the person or entity that has been subpoenaed resides or may be found, for an order to show cause why the subpoena or subpoena duces tecum should not be enforced. The order and a copy of the application therefor shall be served in the same manner as a summons in a civil action, and if, after hearing, the court determines that the

subpoena or subpoena duces tecum should be sustained and enforced, the court shall enforce the subpoena or subpoena duces tecum in the same manner as if it had been issued by the court in a civil action; and

The provisions of this section shall not be construed to limit or affect any other remedy or right of appeal or objection.

12. No person shall be required to make or file a complaint to the commission as a prerequisite for exhausting the person's administrative remedies before pursuing any civil cause of action allowed by law.

13. If, in the opinion of the commission, the complaining party was motivated by malice or reason contrary to the spirit of any law on which such complaint was based, in filing the complaint without just cause, this finding shall be reported to appropriate law enforcement authorities. Any person who knowingly files a complaint without just cause, or with malice, is guilty of a class A misdemeanor.

14. A respondent party who prevails in a formal judicial action brought by the commission shall be awarded those reasonable fees and expenses incurred by that party in the formal judicial action, unless the court finds that the position of the commission was substantially justified or that special circumstances make such an award unjust.

15. The special investigator and members and staff of the commission shall maintain confidentiality with respect to all matters concerning a complaint until and if a report is filed with the commission, with the exception of communications with any person which are necessary to the investigation. The report filed with the commission resulting from a complaint acted upon under the provisions of this section shall not contain the name of the complainant or other person providing information to the investigator, if so requested in writing by the complainant or such other person. Any person who violates the confidentiality requirements imposed by this section or subsection 17 of section 105.955 required to be confidential is guilty of a class A misdemeanor and shall be subject to removal from or termination of employment by the commission.

(1) The candidate files a sworn exemption statement with the appropriate officer that the candidate does not intend to either receive contributions or make expenditures in the aggregate of more than five hundred dollars or receive contributions from any single contributor, other than himself or herself, that aggregate more than two hundred [fifty] **seventy-five** dollars and that the total of all contributions received or expenditures made by the candidate and all committees or any other person with his knowledge and consent in support of his candidacy will not exceed five hundred dollars and that the aggregate of contributions received from any single contributor will not exceed two hundred [fifty] **seventy-five** dollars. Such exemption statement shall be filed no later than the date set forth in section 130.046 on which a disclosure report would otherwise be required if the candidate does not file the exemption statement. The exemption statement shall be filed on a form furnished to each appropriate officer by the executive director of the Missouri ethics commission. Each appropriate officer shall make the exemption statement available to candidates and shall direct each candidate's attention to the exemption statement and explain its purpose to the candidate; and

(2) The sworn exemption statement includes a statement that the candidate understands that records of contributions and expenditures must be maintained from the time the candidate first receives contributions or makes expenditures and that an exemption from filing a statement of organization or disclosure reports does not exempt the candidate from other provisions of this chapter. Each candidate described in subsection 1 of this section, who files a statement of exemption, shall file a statement of limited activity for each reporting period, described in section 130.046.

2. Any candidate who has filed an exemption statement as provided in subsection 1 of this section shall not accept any contribution or make any expenditure in support of the person's candidacy, either directly or indirectly or by or through any committee or any other person acting with the candidate's knowledge and consent, which would cause such contributions or expenditures to exceed the limits specified in subdivision (1) of subsection 1 of this section unless the candidate later rejects the exemption pursuant to the provisions of subsection 3 of this section. Any contribution received in excess of such limits shall be returned to the donor or transmitted to the state treasurer to escheat to the state.

3. If, after filing the exemption statement provided for in this section, the candidate subsequently determines the candidate wishes to exceed any of the limits in subdivision (1) of subsection 1 of this section, the candidate shall file a notice of rejection of the exemption with the appropriate officer; however, such rejection shall not be filed later than thirty days before election. A notice of rejection of exemption shall be accompanied by a statement of organization as required by section 130.021 and any other statements and reports which would have been required if the candidate had not filed an exemption statement.

4. A primary election and the immediately succeeding general election are separate elections, and restrictions on contributions and expenditures set forth in subsection 2 of this section shall apply to each election; however, if a successful primary candidate has correctly filed an exemption statement prior to the primary election and has not filed a notice of rejection prior to the date on which the first disclosure report applicable to the succeeding general election is required to be filed, the candidate shall not be required to file an exemption statement for that general election if the limitations set forth in subsection 1 of this section apply to the succeeding general election.

5. A candidate who has an existing candidate committee formed for a prior election for which all statements and

reports required by this chapter have been properly filed shall be eligible to file the exemption statement as provided in subsection 1 of this section and shall not be required to file the disclosure reports pertaining to the election for which the candidate is eligible to file the exemption statement if the candidate and the treasurer or deputy treasurer of such existing candidate committee continue to comply with the requirements, limitations and restrictions set forth in subsections 1, 2, 3 and 4 of this section. The exemption permitted by this subsection does not exempt a candidate or the treasurer of the candidate's existing candidate committee from complying with the requirements of subsections 6 and 7 of section 130.046 applicable to a prior election.

6. No nonpartisan candidate for supreme court, circuit court, or associate circuit court, or candidate for political party office, or for county office or municipal office in a city of one hundred thousand or less, or for any special purpose district office shall be required to file an exemption statement pursuant to this section in order to be exempted from forming a committee and filing disclosure reports required of committees pursuant to this chapter if the aggregate of contributions received or expenditures made by the candidate and any other person with the candidate's knowledge and consent in support of the person's candidacy does not exceed one thousand dollars and the aggregate of contributions from any single contributor does not exceed two hundred [fifty] **seventy-five** dollars. No candidate for any office listed in this subsection shall be excused from complying with the provisions of any section of this chapter, other than the filing of an exemption statement under the conditions specified in this subsection.

7. Thereafter, all contributions on hand and all further contributions received by such candidate and any of the candidate's own funds to be used in support of the person's candidacy shall be deposited in a candidate committee depository account established pursuant to the provisions of subsection 4 of this section, and all expenditures shall be made through the candidate, treasurer or deputy treasurer of the person's candidate committee. Nothing in this chapter shall prevent a candidate from appointing himself or herself as a committee of one and serving as the person's own treasurer, maintaining the candidate's own records and filing all the reports and statements required to be filed by the treasurer of a candidate committee.

3. A candidate who has more than one candidate committee supporting the person's candidacy shall designate one of those candidate committees as the committee responsible for consolidating the aggregate contributions to all such committees under the candidate's control and direction as required by section 130.041.

funds to the person's candidate committee shall be deposited to an official depository account of the person's candidate committee. No expenditure shall be made by a committee when the office of committee treasurer is vacant except that when the office of a candidate committee treasurer is vacant, the candidate shall be the treasurer until the candidate appoints a new treasurer.

Proceeds from interest or dividends from a savings account or other investment or proceeds from withdrawals from a savings account or from the sale of an investment shall not be expended or reinvested, except in the case of renewals of certificates of deposit, without first redepositing such proceeds in an official depository account. Investments, other than savings accounts, held outside the committee's official depository account at any time during a reporting period shall be disclosed by description, amount, any identifying numbers and the name and address of any institution or person in which or through which it is held in an attachment to disclosure reports the committee is required to file. Except that for contributions received during the thirty-day period immediately following a primary election, the candidate shall designate whether such contribution is received as a primary election contribution or a general election contribution;

(2) In the case of a campaign committee, the period shall begin on the date the committee received its first contribution and end on the closing date for the period for which the report or statement is required;

The reporting dates and periods covered for semiannual reports shall be not later than the fifteenth day of January and July for periods closing on the thirty-first day of December and the thirtieth day of June;

(4) Hold public hearings on all applications when a request in writing is filed by any person within thirty days from the date of publication of the notification of review;

The fee is one thousand dollars, or one-tenth of one percent of the total project cost, whichever is greater. All application fees shall be deposited in the state treasury. The general assembly will appropriate funds to the Missouri health facilities review committee.

197.382. Within thirty days of the decision of the committee, only the applicant may file an appeal pursuant to chapter 621, RSMo. Any subsequent appeal shall be to the circuit court of the county in which such health care service or facility is proposed to be developed.

197.384. 1. Prior to May 31, 2004, any person who proposes to develop or offer a new institutional health service must obtain a review certification from the committee prior to the time such services are offered.

2. Prior to May 31, 2004, any person who proposes a first-time service must obtain a review certification from the committee prior to the time such services are offered.

3. Any person who proposes to add new, not previously licensed, beds to an existing hospital, intermediate care facility, residential care facility I or II or skilled nursing facility must obtain a review certification. This shall not preclude the transfer of already licensed beds as defined in section 197.374.

4. Prior to May 31, 2004, any person who proposes to renovate or replace a project in a current location whose cost is over seven million five hundred thousand dollars must obtain a review certification.

5. Any person who proposes renovation, replacement or expansion in excess of ten million dollars shall demonstrate a level of uncompensated care equal to five percent of net operating revenue for the three fiscal years preceding the year in which the application for review certification is filed.

6. Those new institutional health services, first-time services, or addition of beds, that are found by the committee to meet the health needs of the community served pursuant to section 197.390, shall be granted a review certification.

7. A review certification shall be issued only for the premises and persons named in the application and is not transferable except by the consent of the committee.

8. Project cost increases, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

10. A review certification shall be subject to forfeiture for failure to incur expenditures equal to twenty percent of the total approved cost of the project within twelve months after the date of the order. The applicant may request an extension from the committee of not more than six additional months to avoid forfeiture.

11. No state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed and is required to have a review certification, without first obtaining a review certification.

12. No state agency may appropriate or grant funds to or make payment of any funds to any person or health care facility that has not first obtained every review certification required pursuant to sections 197.370 to 197.398.

13. In no event shall a review certification be denied because the applicant refuses to provide abortion services

or information.

14. A review certification shall not be required for the transfer of ownership of an existing and operational health care facility in its entirety.

15. A review certification may be granted for something less than that which was sought in the original application.

16. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a review certification shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a review certification must be obtained for continued use in such facility.

17. The provisions of subsections 1, 2 and 4 of this section shall expire on May 31, 2004.

197.386. Review certification is not required for:

(1) Facilities operated by the state. Appropriation of funds to such facilities by the general assembly shall be in compliance, and such facilities shall be deemed to have received an appropriate review certification without any fee or charge;

(2) Facilities which are licensed pursuant to the provisions of chapter 198, RSMo, which are designed and operated exclusively for the care and treatment of persons with acquired human immunodeficiency syndrome (AIDS). Only AIDS patients shall be residents of such a facility and no others. Any facility that violates this provision shall be liable for a fine of one hundred dollars per resident per day for each such violation;

(3) Nonreviewable projects as per subdivision (7) of section 197.374.

197.388. 1. After July 1, 1983, no review certification shall be issued for the following:

(1) Additional residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility beds above the number then licensed by this state;

(2) Beds in a licensed hospital to be reallocated on a temporary or permanent basis to nursing care or beds in a long-term care hospital meeting the requirements described in 42 CFR, Section 412.23(e), excepting those which are not subject to a review certification; nor

(3) The reallocation of intermediate care facility or skilled nursing facility beds of existing licensed beds by transfer or sale of licensed beds between a hospital licensed pursuant to this chapter or a nursing care facility licensed pursuant to chapter 198, RSMo; except for beds in counties in which there is no existing nursing care facility. No review certification shall be issued for the reallocation of existing residential care facility I or II, or intermediate care facilities operated exclusively for the mentally retarded to intermediate care or skilled nursing facilities or beds. However, after January 1, 2003, nothing in this section shall prohibit the Missouri health facilities review committee from issuing a review certification for additional beds in existing health care facilities or for new beds in new health care facilities or for the reallocation of licensed beds, provided that no construction shall begin prior to January 1, 2004.

2. The health facilities review committee shall utilize demographic data from the office of social and economic data analysis, or its successor organization, at the University of Missouri as their source of information in considering applications for new institutional long-term care facilities.

197.390. 1. The provisions of section 197.388 shall not apply to a residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility only where the department of health has first

determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility I, residential care facility II, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a review certification. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility I and II shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.

2. The Missouri health facilities review committee may, for any facility certified to it by the department, consider the predominant ethnic or religious composition of the residents to be served by that facility in considering whether to grant a review certification.

3. There shall be no expenditure minimum for facilities, beds, or services referred to in subdivisions (1), (2) and (3) of section 197.388. The provisions of this subsection shall expire January 1, 2003.

4. As used in this section, the term "licensed and available" means beds which are actually in place and for which a license has been issued.

5. The provisions of section 197.388 shall not apply to any facility where at least ninety-five percent of the patients require diets meeting the dietary standards defined by section 196.165, RSMo.

6. The committee shall review all letters of intent and applications for long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e) under its criteria and standards for long-term care beds.

7. Sections 197.370 to 197.398 shall not be construed to apply to litigation pending in state court on or before April 1, 1996, in which the Missouri health facilities review committee is a defendant in an action concerning the application of sections 197.300 to 197.366 to long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e).

8. Notwithstanding any other provision of this chapter to the contrary:

(1) A facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(a) Submitting a letter of intent to expand to the division of aging and the health facilities review committee;

(b) Certification from the division of aging that the facility:

a. Has no patient care class I deficiencies within the last eighteen months; and

b. Has maintained a ninety-percent average occupancy rate for the previous six quarters;

(c) Has made an effort to purchase beds for eighteen months following the date the letter of intent to expand is submitted pursuant to paragraph (a) of this subdivision. For purposes of this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to purchase beds from another licensed facility in the same licensure category; and

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a review certification for the expansion of the purchaser facility upon surrender of the seller's license; or

(e) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

a. A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has

experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

b. A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(2) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

(3) The beds purchased shall, for two years from the date of purchase, remain in the bed inventory attributed to the selling facility and be considered by the department of social services as licensed and available for purposes of this section;

(4) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility to be licensed within the same licensure category if both facilities are under the same licensure ownership or control, and are located within six miles of each other;

(5) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual long-term care licensed beds to facilities qualifying pursuant to paragraphs (a) and (b) of subdivision (1) of this subsection. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity in that licensure category for a period of five years from the date the licensure is relinquished.

9. Any existing licensed and operating health care facility offering long-term care services may replace one-half of its licensed beds at the same site or a site not more than thirty miles from its current location if, for at least the most recent four consecutive calendar quarters, the facility operates only fifty percent of its then licensed capacity with every resident residing in a private room. In such case:

(1) The facility shall report to the division of aging vacant beds as unavailable for occupancy for at least the most recent four consecutive calendar quarters;

(2) The replacement beds shall be built to private room specifications and only used for single occupancy; and

(3) The existing facility and proposed facility shall have the same owner or owners, regardless of corporate or business structure, and such owner or owners shall stipulate in writing that the existing facility beds to be replaced will not later be used to provide long-term care services. If the facility is being operated under a lease, both the lessee and the owner of the existing facility shall stipulate the same in writing.

10. Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility.

197.394. 1. Any person who is paid to support or oppose any project before the committee shall register with the staff of the committee for every project in which such person has an interest. The registration shall also include the names and addresses of any person, firm, corporation or association that the person registering represents in relation to the named project. Any person violating the provisions of this subsection shall be subject to the penalties specified in section 105.478, RSMo.

2. Any person regulated by chapter 197 or 198, RSMo, and any officer, attorney, agent and employee thereof, shall not offer to any committee member or to any member of the committee staff, any office, appointment or position, or any present, gift, entertainment or gratuity of any kind while such application is pending before the

committee. Any person guilty of knowingly violating the provisions of this section shall be punished as follows: For the first offense, such person is guilty of a class B misdemeanor; and for the second and subsequent offenses, such person is guilty of a class D felony.

197.396. For the purposes of reimbursement under section 208.152, RSMo, project costs for new institutional health services in excess of ten percent of the initial project estimate shall not be eligible for reimbursement for the first three years that a facility receives payment for services provided under section 208.152, RSMo. The initial estimate shall be that amount for which the original review certification was obtained. Reimbursement for these excess costs after the first three years shall not be made until a review certification has been granted for the excess project costs. The provisions of this section shall apply only to facilities which file an application for a review certification or make application for cost-overrun review of their original application or waiver.

197.397. The health facilities review committee shall submit an annual report to the governor and members of the general assembly on all projects that have come before the committee and have been approved, are in process or have been disapproved.

197.398. The committee shall have the power to promulgate reasonable rules, regulations, criteria and standards in conformity with this section and chapter 536, RSMo, to meet the objectives of sections 197.370 to 197.398 including the power to establish criteria and standards to review new types of equipment or service. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 197.370 to 197.398 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, sections 536.028, RSMo. All rulemaking authority delegated prior to August 28, 2001, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 2001, if it fully complied with all applicable provisions of the law. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void."; and

Further amend said bill, Page 26, Section 610.027, Line 15 of said page, by inserting after all of said line the following:

located in a city not within a county operated by a not for profit corporation which is exempt from federal income tax which is described in section 501(c)(3) of the Internal Revenue Code of 1986, which is controlled directly by a religious organization and which is licensed for one hundred beds or less on or before August 28, 1997.]

[197.314. 1. The provisions of sections 197.300 to 197.366 shall not apply to any sixty-bed stand-alone facility designed and operated exclusively for the care of residents with Alzheimer's disease or dementia and located in a tax increment financing district established prior to 1990 within any county of the first classification with a charter form of government containing a city with a population of over three hundred fifty thousand and which district also has within its boundaries a skilled nursing facility.

2. The provisions of sections 197.300 to 197.366 shall not apply, as hereinafter stated, to a skilled nursing facility that is owned or operated by a not-for-profit corporation which was created by a special act of the Missouri general assembly, is exempt from federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, is owned by a religious organization and is to be operated as part of a continuing care retirement community offering independent living, residential care and skilled care. This exemption shall authorize no more than twenty additional skilled nursing beds at each of two facilities which do not have any skilled nursing beds as of January 1, 1999.]

[197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be

deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge.

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the mentally retarded.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility.]

[197.316. 1. The provisions of subsection 10 of section 197.315 and sections 197.317 and 197.318 shall not apply to facilities which are licensed pursuant to the provisions of chapter 198, RSMo, which are designed and operated exclusively for the care and treatment of persons with acquired human immunodeficiency syndrome, AIDS.

2. If a facility is granted a certificate of need and is found to be exempt from the provisions of subsection 10 of section 197.315 and sections 197.317 and 197.318 pursuant to the provisions of subsection 1 of this section, then only AIDS patients shall be residents of such facility and no others.

3. Any facility that violates the provisions of subsection 2 of this section shall be liable for a fine of one hundred dollars per resident per day for each such violation.

4. The attorney general shall, upon request of the department of health, bring an action in a circuit court of competent jurisdiction for violation of this section.]

[197.317. 1. After July 1, 1983, no certificate of need shall be issued for the following:

(1) Additional residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility beds above the number then licensed by this state;

(2) Beds in a licensed hospital to be reallocated on a temporary or permanent basis to nursing care or beds in a long-term care hospital meeting the requirements described in 42 CFR, Section 412.23(e), excepting those which are not subject to a certificate of need pursuant to paragraphs (e) and (g) of subdivision (10) of section 197.305; nor

(3) The reallocation of intermediate care facility or skilled nursing facility beds of existing licensed beds by transfer or sale of licensed beds between a hospital licensed pursuant to this chapter or a nursing care facility licensed pursuant to chapter 198, RSMo; except for beds in counties in which there is no existing nursing care facility. No certificate of need shall be issued for the reallocation of existing residential care facility I or II, or intermediate care facilities operated exclusively for the mentally retarded to intermediate care or skilled nursing facilities or beds. However, after January 1, 2003, nothing in this section shall prohibit the Missouri health facilities review committee from issuing a certificate of need for additional beds in existing health care facilities or for new beds in new health care facilities or for the reallocation of licensed beds, provided that no construction shall begin prior to January 1, 2004. The provisions of subsections 16 and 17 of section 197.315 shall apply to the provisions of this section.

2. The health facilities review committee shall utilize demographic data from the office of social and economic data analysis, or its successor organization, at the University of Missouri as their source of information in considering applications for new institutional long-term care facilities.]

[197.318. 1. The provisions of section 197.317 shall not apply to a residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility only where the department of social services has first determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility I, residential care facility II, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a certificate of need. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility I and II shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.

2. The Missouri health facilities review committee may, for any facility certified to it by the department, consider the predominant ethnic or religious composition of the residents to be served by that facility in considering whether to grant a certificate of need.

3. There shall be no expenditure minimum for facilities, beds, or services referred to in subdivisions (1), (2) and (3) of section 197.317. The provisions of this subsection shall expire January 1, 2003.

4. As used in this section, the term "licensed and available" means beds which are actually in place and for which a license has been issued.

5. The provisions of section 197.317 shall not apply to any facility where at least ninety-five percent of the patients require diets meeting the dietary standards defined by section 196.165, RSMo.

6. The committee shall review all letters of intent and applications for long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e) under its criteria and standards for long-term care beds.

7. Sections 197.300 to 197.366 shall not be construed to apply to litigation pending in state court on or before April 1, 1996, in which the Missouri health facilities review committee is a defendant in an action concerning the application of sections 197.300 to 197.366 to long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e).

8. Notwithstanding any other provision of this chapter to the contrary:

(1) A facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(a) Submitting a letter of intent to expand to the division of aging and the health facilities review committee;

(b) Certification from the division of aging that the facility:

a. Has no patient care class I deficiencies within the last eighteen months; and

b. Has maintained a ninety-percent average occupancy rate for the previous six quarters;

(c) Has made an effort to purchase beds for eighteen months following the date the letter of intent to expand is submitted pursuant to paragraph (a) of this subdivision. For purposes of this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to purchase beds from another licensed facility in the same licensure category; and

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license; or

(e) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

a. A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

b. A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(2) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

(3) The beds purchased shall, for two years from the date of purchase, remain in the bed inventory attributed to the selling facility and be considered by the department of social services as licensed and available for purposes of this section;

(4) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility to be licensed within the same licensure category if both facilities are under the same licensure ownership or control, and are located within six miles of each other;

(5) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual long-term care licensed beds to facilities qualifying pursuant to paragraphs (a) and (b) of subdivision (1) of this subsection. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity in that licensure category for a period of five years from the date the licensure is relinquished.

9. Any existing licensed and operating health care facility offering long-term care services may replace one-half of its licensed beds at the same site or a site not more than thirty miles from its current location if, for at least the most recent four consecutive calendar quarters, the facility operates only fifty percent of its then licensed capacity with every resident residing in a private room. In such case:

(1) The facility shall report to the division of aging vacant beds as unavailable for occupancy for at least the most recent four consecutive calendar quarters;

(2) The replacement beds shall be built to private room specifications and only used for single occupancy; and

(3) The existing facility and proposed facility shall have the same owner or owners, regardless of corporate or business structure, and such owner or owners shall stipulate in writing that the existing facility beds to be replaced will not later be used to provide long-term care services. If the facility is being operated under a lease, both the lessee and the owner of the existing facility shall stipulate the same in writing.

10. Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility.]

[197.320. The committee shall have the power to promulgate reasonable rules, regulations, criteria and standards in conformity with this section and chapter 536, RSMo, to meet the objectives of sections 197.300 to 197.366 including the power to establish criteria and standards to review new types of equipment or service. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 197.300 to 197.366 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.]

[197.325. Any person who proposes to develop or offer a new institutional health service shall submit a letter of intent to the committee at least thirty days prior to the filing of the application.]

[197.326. 1. Any person who is paid either as part of his normal employment or as a lobbyist to support or oppose any project before the health facilities review committee shall register as a lobbyist pursuant to chapter 105, RSMo, and shall also register with the staff of the health facilities review committee for every project in which such person has an interest and indicate whether such person supports or opposes the named project. The registration shall also include the names and addresses of any person, firm, corporation or association that the person registering represents in relation to the named project. Any person violating the provisions of this subsection shall be subject to the penalties specified in section 105.478, RSMo.

2. A member of the general assembly who also serves as a member of the health facilities review committee is prohibited from soliciting or accepting campaign contributions from any applicant or person speaking for an applicant or any opponent to any application or persons speaking for any opponent while such application is pending before the health facilities review committee.

3. Any person regulated by chapter 197 or 198, RSMo, and any officer, attorney, agent and employee thereof, shall not offer to any committee member or to any person employed as staff to the committee, any office, appointment or position, or any present, gift, entertainment or gratuity of any kind or any campaign contribution while such application is pending before the health facilities review committee. [197.327. 1. If a facility is granted a certificate of need pursuant to sections 197.300 to 197.365 based on an application stating a need for additional Medicaid beds, such beds shall be used for Medicaid patients and no other.

2. Any person who violates the provisions of subsection 1 of this section shall be liable to the state for civil penalties of one hundred dollars for every day of such violation. Each nonMedicaid patient placed in a Medicaid bed shall constitute a separate violation.

3. The attorney general shall, upon the request of the department, bring an action in a circuit court of competent jurisdiction to recover the civil penalty. The department may bring such an action itself. The civil action may be brought in the circuit court of Cole County or, at the option of the director, in another county which has venue of an action against the person under other provisions of law.]

[197.330. 1. The committee shall:

- (1) Notify the applicant within fifteen days of the date of filing of an application as to the completeness of such application;
- (2) Provide written notification to affected persons located within this state at the beginning of a review. This notification may be given through publication of the review schedule in all newspapers of general circulation in the area to be served;
- (3) Hold public hearings on all applications when a request in writing is filed by any affected person within thirty days from the date of publication of the notification of review;
- (4) Within one hundred days of the filing of any application for a certificate of need, issue in writing its findings of fact, conclusions of law, and its approval or denial of the certificate of need; provided, that the committee may grant an extension of not more than thirty days on its own initiative or upon the written request of any affected person;
- (5) Cause to be served upon the applicant, the respective health system agency, and any affected person who has filed his prior request in writing, a copy of the aforesaid findings, conclusions and decisions;
- (6) Consider the needs and circumstances of institutions providing training programs for health personnel;
- (7) Provide for the availability, based on demonstrated need, of both medical and osteopathic facilities and services to protect the freedom of patient choice; and
- (8) Establish by regulation procedures to review, or grant a waiver from review, nonsubstantive projects.

The term "filed" or "filing" as used in this section shall mean delivery to the staff of the health facilities review committee the document or documents the applicant believes constitute an application.

2. Failure by the committee to issue a written decision on an application for a certificate of need within the time required by this section shall constitute approval of and final administrative action on the application, and is subject to appeal pursuant to section 197.335 only on the question of approval by operation of law.]

[197.335. Within thirty days of the decision of the committee, the applicant may file an appeal to be heard de novo by the administrative hearing commissioner, the circuit court of Cole County or the circuit court in the county within which such health care service or facility is proposed to be developed.]

[197.340. Any health facility providing a health service must notify the committee of any discontinuance of any previously provided health care service, a decrease in the number of licensed beds by ten percent or more, or the change in licensure category for any such facility.]

[197.345. Any health facility with a project for facilities or services for which a binding construction or purchase contract has been executed prior to October 1, 1980, or health care facility which has commenced operations prior to October 1, 1980, shall be deemed to have received a certificate of need, except that such certificate of need shall be subject to forfeiture under the provisions of subsections 8 and 9 of section 197.315.]

[197.355. The legislature may not appropriate any money for capital expenditures for health care facilities until a certificate of need has been issued for such expenditures.]

[197.357. For the purposes of reimbursement under section 208.152, RSMo, project costs for new institutional health services in excess of ten percent of the initial project estimate whether or not approval was obtained under subsection 9 of section 197.315 shall not be eligible for reimbursement for the first three years that a facility receives payment for services provided under section 208.152, RSMo. The initial estimate shall be that amount for which the original certificate of need was obtained or, in the case of facilities for which a binding construction or purchase contract was executed prior to October 1, 1980, the amount of that contract. Reimbursement for these excess costs after the first three years shall not be made until a certificate of need has been granted for the excess project costs. The provisions of

this section shall apply only to facilities which file an application for a certificate of need or make application for cost-overrun review of their original application or waiver after August 13, 1982.]

"135.230. 1. The exemption or credit established and allowed by section 135.220 and the credits allowed and established by subdivisions (1), (2), (3) and (4) of subsection 1 of section 135.225 shall be granted with respect to any new business facility located within an enterprise zone for a vested period not to exceed ten years following the date upon which the new business facility commences operation within the enterprise zone and such exemption shall be calculated, for each succeeding year of eligibility, in accordance with the formulas applied in the initial year in which the new business facility is certified as such, subject, however, to the limitation that all such credits allowed in sections 135.225 and 135.235 and the exemption allowed in section 135.220 shall be removed not later than fifteen years after the enterprise zone is designated as such. No credits shall be allowed pursuant to subdivision (1), (2), (3) or (4) of subsection 1 of section 135.225 or section 135.235 and no exemption shall be allowed pursuant to section 135.220 unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two or the new business facility is a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200. In order to qualify for either the exemption pursuant to section 135.220 or the credit pursuant to subdivision (4) of subsection 1 of section 135.225, or both, it shall be required that at least thirty percent of new business facility employees, as determined by subsection 4 of section 135.110, meet the criteria established in section 135.240 or are residents of an enterprise zone or some combination thereof, except taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 or any taxpayer that is an insurance company that established a new business facility satisfying the requirements of subdivision (8) of section 135.100 located within an enterprise zone after June 30, 1993, and before December 31, 1994, and that employs in excess of three hundred fifty new business facility employees at such facility each tax period for which the credits allowable pursuant to subdivisions (1) to (4) of subsection 1 of section 135.225 are claimed shall not be required to meet such requirement. A new business facility described as SIC 3751 shall be required to employ fifteen percent of such employees instead of the required thirty percent. For the purpose of satisfying the thirty-percent requirement, residents must have lived in the enterprise zone for a period of at least one full calendar month and must have been employed at the new business facility for at least one full calendar month, and persons qualifying because they meet the requirements of section 135.240 must have satisfied such requirement at the time they were employed by the new business facility and must have been employed at the new business facility for at least one full calendar month. The director may temporarily reduce or waive this requirement for any business in an enterprise zone with ten or less full-time employees, and for businesses with eleven to twenty full-time employees this requirement may be temporarily reduced. 2. Notwithstanding the provisions of subsection 1 of this section, motor carriers, barge lines or railroads engaged in transporting property for hire or any interexchange telecommunications company that establish a new business facility shall be eligible to qualify for the exemptions allowed in sections 135.215 and 135.220, and the credits allowed in

sections 135.225 and 135.235 and the refund established and authorized in section 135.245, except that trucks, truck-trailers, truck semitrailers, rail or barge vehicles or other rolling stock for hire, track, switches, bridges, barges, tunnels, rail yards and spurs shall not constitute new business facility investment nor shall truck drivers or rail or barge vehicle operators constitute new business facility employees.

3. Notwithstanding any other provision of sections 135.200 to 135.256 to the contrary, motor carriers establishing a new business facility on or after January 1, 1993, but before January 1, 1995, may qualify for the tax credits available pursuant to sections 135.225 and 135.235 and the exemption provided in section 135.220, even if such new business facility has not satisfied the employee criteria, provided that such taxpayer employs an average of at least two hundred persons at such facility, exclusive of truck drivers and provided that such taxpayer maintains an average investment of at least ten million **dollars** at such facility, exclusive of rolling stock, during the tax period for which such credits and exemption are being claimed.

4. Any governing authority having jurisdiction of an area that has been designated an enterprise zone may petition the department to expand the boundaries of such existing enterprise zone. The director may approve such expansion if the director finds that:

- (3) The number of expansions do not exceed three after August 28, 1994.

- (1) The petition is filed with the director within three years prior to the date the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 are required to be removed pursuant to subsection 1 of this section;
- (2) The governing authority identifies and conforms the boundaries of the area to be designated a new enterprise zone to the political boundaries established by the latest decennial census, unless otherwise approved by the director;
- (3) The area satisfies the requirements prescribed in subdivisions (3), (4) and (5) of section 135.205 according to the latest decennial census or other appropriate source as approved by the director;
- (4) The governing authority satisfies the requirements prescribed in sections 135.210, 135.215 and 135.255;
- (5) The director finds that the area is unlikely to support reasonable tax assessment or to experience reasonable economic growth without such designation; and
- (6) The director's recommendation that the area be designated as an enterprise zone, is approved by the joint committee on economic development policy and planning, as otherwise required in subsection 3 of section 135.210.

6. Any taxpayer having established a new business facility in an enterprise zone except one designated pursuant to subsection 5 of this section, who did not earn the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 for the full ten-year period because of the fifteen-year limitation as prescribed in subsection 1 of this section, shall be granted such benefits for ten tax years, less the number of tax years the benefits were claimed or could have been claimed prior to the expiration of the original fifteen-year period, except that such tax benefits shall not be earned for more than seven tax periods during the ensuing seven-year period, provided the taxpayer continues to operate the new business facility in an area that is designated an enterprise zone pursuant to subsection 5 of this section. Any taxpayer who establishes a new business facility subsequent to the commencement of

the ensuing seven-year period, as authorized in subsection 5 of this section, may qualify for the tax credits authorized in sections 135.225 and 135.235, and the exemptions authorized in sections 135.215 and 135.220, pursuant to the same terms and conditions as prescribed in sections 135.100 to 135.256. The designation of any enterprise zone pursuant to subsection 5 of this section shall not be subject to the fifty enterprise zone limitation imposed in subsection 4 of section 135.210."; and

If an enrollee in a managed care organization is also a resident in a long-term care facility licensed pursuant to chapter 198, or a continuing care retirement community, as defined in section 197.305, RSMo, such enrollee's managed care organization shall provide the enrollee with the option of receiving the covered service in the long-term care facility which serves as the enrollee's primary residence. For purposes of this section, "managed care organization" means any [organization that offers any health plan certified] **entity licensed** by the department of [health] **insurance that offers any health plans** designed to provide incentives to medical care providers to manage the cost and use of care associated with claims, including, but not limited to, a health maintenance organization [and preferred provider organization], **insurance company and health services corporation**. Nothing in this section shall limit the managed care organization from utilizing contracted providers to deliver the services in the enrollee's resident facility.

4. A resident facility shall not prohibit a health carrier's participating providers from providing covered benefits to an enrollee in the resident facility. Further amend said bill, Page 34, Section 208.819, Line 19 of said page, by inserting after all of said line the following:

"354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of [providers] health care

professionals to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to, provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating [providers] **health care professionals**, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating [providers] **health care professionals** to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating [provider] **health care professional**, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating [providers] **health care professional**, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care [providers] **professionals** in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity[, financial capability] and legal authority of its [providers] **health care professionals** to furnish all contracted benefits to enrollees. **The provisions of this subdivision shall not be construed to require any health care professional to submit copies of such health care professional's income tax returns to a health carrier. A health carrier may require a health care professional to obtain audited financial statements if such health care professional received ten percent or more of the total medical expenditures made by the health carrier.**

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. [Beginning July 1, 1998,] A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the **health** carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The **health** carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

(1) The health carrier's network;

(2) The health carrier's procedures for making referrals within and outside its network;

(3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;

(4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;

(5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to, the plan's grievance procedures, its process for choosing and changing [providers] **health care professionals**, and its procedures for providing and approving emergency and specialty care;

(6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;

(7) The health carrier's process for enabling enrollees to change primary care professionals;

(8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating [providers] **health care professionals**, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other [providers] **health care professionals** in a timely manner; and

(9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

354.606. 1. A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

2. Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

"Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person."

3. Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

4. The contract provisions satisfying the requirements of subsections 2 and 3 of this section shall:

(1) Be construed in favor of the enrollee;

(2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections 2 and 3 of this section.

5. In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

6. (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization.

(2) Paragraphs (a) and (b) of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

7. A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

8. A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

9. No contract between a health carrier and a provider for the delivery of health care service, entered into or renewed after August 28, 2001, shall require the mandatory use of a hospitalist. For purposes of this subsection, "hospitalist" means a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to that participating provider at the end of hospitalization.

[9.] **10.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[10.] **11.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[11.] **12.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[12.] **13.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[13.] **14.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[14.] **15.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[15.] **16.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[16.] **17.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[17.] **18.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[18.] **19.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[19.] **20.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636.

354.618. 1. A health carrier shall be required to offer as an additional health plan, an open referral health plan whenever it markets a gatekeeper group plan as an exclusive or full replacement health plan offering to a group contract holder:

(1) In the case of group health plans offered to employers of fifty or fewer employees, the decision to accept or reject the additional open referral plan offering shall be made by the group contract holder. For health plans marketed to employers of over fifty employees, the decision to accept or reject shall be made by the employee;

(2) Contracts currently in existence shall offer the additional open referral health plan at the next annual renewal after August 28, 1997; however, multiyear group contracts need not comply until the expiration of their current multiyear term unless the group contract holder elects to comply before that time;

(3) If an employer provides more than one health plan to its employees and at least one is an open referral plan, then all health benefit plans offered by such employer shall be exempt from the requirements of this section.

2. For the purposes of this [act] **section**, the following terms shall mean:

(1) "Open referral plan", a plan in which the enrollee is allowed to obtain treatment for covered benefits without a referral from a primary care physician from any person licensed to provide such treatment;

(2) "Gatekeeper group plan", a plan in which the enrollee is required to obtain a referral from a primary care professional in order to access specialty care.

3. Any health benefit plan provided pursuant to the Medicaid program shall be exempt from the requirements of this section.

4. [A health carrier shall have a procedure by which a female enrollee may seek the health care services of an obstetrician/gynecologist at least once a year without first obtaining prior approval from the enrollee's primary care provider if the benefits are covered under the enrollee's health benefit plan, and the obstetrician/gynecologist is a member of the health carrier's network.] **Each health carrier or health benefit plan that offers or issues health benefit plans providing obstetrical/gynecological benefits which are delivered, issued for delivery, continued or**

renewed in this state on or after January 1, 2002, shall provide enrollees with direct access to the services of a participating obstetrician, participating gynecologist or participating obstetrician/gynecologist of her choice within the provider network for covered services. The services covered by this subsection shall be limited to those services defined by the published recommendations of the accreditation council for graduate medical education for training an obstetrician, gynecologist or obstetrician/gynecologist, including but not limited to diagnosis, treatment and referral for such services. A health carrier shall not impose additional co-payments, coinsurance, or deductibles upon any enrollee who seeks or receives health care services pursuant to this subsection, unless similar additional co-payments, coinsurance, or deductibles are imposed for other types of health care services received within the provider network. Nothing in this subsection shall be construed to conflict with section 376.805, RSMo. In no event shall a health carrier be required to permit an enrollee to have health care services delivered by a nonparticipating obstetrician/gynecologist. An obstetrician/gynecologist who delivers health care services directly to an enrollee shall report such visit and health care services provided to the enrollee's primary care provider. [A health carrier may require an enrollee to obtain a referral from the primary care physician, if such enrollee requires more than one annual visit with an obstetrician/gynecologist.]

5. Except for good cause, a health carrier shall be prohibited either directly, or indirectly through intermediaries, from discriminating between eye care providers when selecting among providers of health services for enrollment in the network and when referring enrollees for health services provided within the scope of those professional licenses and when reimbursing amounts for covered services among persons duly licensed to provide such services. For the purposes of this section, an eye care provider may be either an optometrist licensed pursuant to chapter 336, RSMo, or a physician who specializes in [ophthamologic] **ophthalmologic** medicine, licensed pursuant to chapter 334, RSMo.

6. Nothing contained in this section shall be construed as to require a health carrier to pay for health care services not provided for in the terms of a health benefit plan.

7. Any health carrier, which is sponsored by a federally qualified health center and is presently in existence and which has been in existence for less than three years shall be exempt from this section for a period not to exceed two years from August 28, 1997.

8. A health carrier shall not be required to offer the direct access rider for a group contract holder's health benefit plan if the health benefit plan is being provided pursuant to the terms of a collective bargaining agreement with a labor union, in accordance with federal law and the labor union has declined such option on behalf of its members.

9. Nothing in this [act] **section** shall be construed to preempt the employer's right to select the health care provider pursuant to section 287.140, RSMo, in a case where an employee incurs a work-related injury covered by the provisions of chapter 287, RSMo.

10. Nothing contained in this [act] **section** shall apply to certified managed care organizations while providing medical treatment to injured employees entitled to receive health benefits [under] **pursuant to the provisions of** chapter 287, RSMo, pursuant to contractual arrangements with employers, or their insurers, [under] **pursuant to** section 287.135, RSMo.

376.383. 1. To the extent consistent with the Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C. 1001, et seq., this section shall apply to any health [insurer] **carrier** as defined in section [376.806, any nonprofit health service plan and any health maintenance organization] **376.1350**.

The health carrier must acknowledge receipt to the health care professional or entity that submitted the claim of all the requested additional information or pay the claim. Acknowledgment may be through electronic means.**

3. Within forty-five days after receipt of a claim by a health carrier or a third party contracted with said health carrier to receive or process the claim for reimbursement for a health care service provided in this state as defined in section 376.1350, a health carrier shall pay the claim in accordance with this section or send a notice of receipt and status of the claim that states:

(1) That the health carrier refuses to reimburse all or part of the claim and the reason for refusal; or

A carrier may combine interest payments and make payment once the aggregated amount reaches five dollars.**

5. All claims shall be deemed complete claims upon receipt until such time as it is determined that additional information is required in order to pay the claim. If additional information is requested pursuant to subsection 2 or 3 of this section, the claim shall again be deemed complete upon receipt of all additional information requested. For the purpose of calculating the number of days pursuant to this section, the counting of days shall begin on the day the claim is received by the health carrier or a third party contracted with said health carrier to receive or process the claim. The counting of days shall be suspended the day following the day the health care professional receives a request for additional information pursuant to this section and the counting of days shall resume again once all the additional information requested is received by the health carrier or a third party contracted with said health carrier to receive or process the claim. All requests for additional information may be made electronically.

[4.] **6. 3. Nothing in this section shall apply to workers' compensation claims filed pursuant to chapter 287, RSMo.

376.419. 1. As used in this section, the term "hold harmless clause" means a contractual arrangement whereby a health care provider assumes the sole liability inherent in the provision of health care services, thereby relieving an insurer from such liability; except that, nothing in this section shall be construed to apply to any clause in the contract prohibiting providers from balance billing the enrollee or his or her family for any amount in excess of the amount provided for in the contract between the provider and the carrier. Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-THIRD DAY--TUESDAY, MAY 15, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"O the depth of the riches and wisdom and knowledge of God! How unreachable are his judgments and how inscrutable his ways!" (Romans 11:33)

Dear God, we thank You for creating good out of the rubble of life. Only You can bring good out of the storms we experience. Deliver to us Your promise of the seeds You have planted within us that they may yield the product we've worked hard to bring forth; and the truth we share in following Your lead. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE CONCURRENT RESOLUTION NO. 33

WHEREAS, the Missouri Department of Transportation recently announced that there is a \$25 billion funding gap for highways and bridges for the next twenty years; and

WHEREAS, the highways and transportation infrastructure of Missouri is important to the state's economy and the safety of its citizens; and

WHEREAS, the current system of state funding has moved Missouri into a precarious position with respect to meeting its highway and transportation needs:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, that a joint legislative interim committee on funding for highways and transportation be created to be composed of nine members of the Senate, to be appointed by the President Pro Tem of the Senate, and nine members of the House of Representatives, to be appointed by the Speaker of the House of Representatives; and

needs and that the committee solicit from the public information regarding the public's preferred methods of addressing such needs; and

The request for anatomical donation shall be made by a representative of the OPO in consultation with the attending physician or the hospital designee. In those cases where the attending physician desires to approach the family to discuss organ or tissue donation, he or she may do so when accompanied by a representative of the OPO. The hospital may perform the medical record review or may designate the OPO to conduct the review. If the hospital conducts the review, the OPO shall provide the necessary training to hospital personnel conducting the review. The hospital shall report the results of the review to the OPO no later than forty-five days following the completion of the

review. If the hospital designates the OPO to conduct the review, the OPO shall provide the hospital with written assurance that the OPO shall maintain the confidentiality of patient identifying information.

194.240. 1. A gift of all or part of the body [under] **pursuant to** subsection 1 of section 194.220 may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

2. A gift of all or part of the body [under] **pursuant to** subsection 1 of section 194.220 may also be made by document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor in the presence of two witnesses who must sign the document in [his] **the donor's** presence or before a notary or other official authorized to administer oaths generally. If the donor cannot sign, the document may be signed for [him] **the donor** at [his] **the donor's** direction and in [his] **the donor's** presence in the presence of two witnesses who must sign the document in [his] **the donor's** presence. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

3. The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by a physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death or if the gift cannot be implemented, a physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee [under] **pursuant to** this subsection shall not participate in the procedures for removing or transplanting a part.

4. Notwithstanding the provisions of subsection 2 of section 194.270, the donor may designate in his **or her** will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician to carry out the appropriate procedures. For the purpose of removing an eye or part thereof, any medical technician employed by a hospital, physician or eye bank and acting under supervision may perform the appropriate procedures. Any medical technician authorized to perform such procedure shall successfully complete the course prescribed in section 194.295 for embalmers.

5. Any gift by a person designated in subsection 2 of section 194.220 shall be made by a document signed by him **or her** or made by his **or her** telegraphic, recorded telephonic, or other recorded message.

6. A gift of part of the body [under] **pursuant to** subsection 1 of section 194.220 may also be made by a statement on a form which shall be provided on the reverse side of all Missouri motor vehicle licenses issued pursuant to chapter 302, RSMo. The statement to be effective shall be signed by the owner of the license in the presence of two witnesses, who shall sign the statement in the presence of the donor. Use of the form is prima facie evidence that the owner of the license intended to make the anatomical gift, and there shall be no civil or criminal liability for removal of any part of the body indicated on the form by a licensed physician or surgeon, **or donee**. The gift becomes effective upon the death of the donor. Delivery of the license during the donor's lifetime is not necessary to make the gift valid. The gift shall [become invalidated upon expiration, cancellation, revocation, or suspension of the license, and the gift must] be renewed upon renewal of each license. Pertinent medical information which may affect the quality of the gift may be included in the statement of gift.

7. Any person eighteen years of age or older, or any person under the age of eighteen with parental consent who indicates the desire to make an organ donation through any method prescribed in this section may also contact the department of health when completing such form, so that the information may be included in the registry maintained by the department pursuant to subsection 1 of section 194.304. Failure to contact the department of health shall not be construed to challenge the validity of the organ donation.

8. Organ procurement organizations and tissue banks may employ **procurement coordinators and enucleators who may not be physicians or surgeons** to assist in the [procurement] **recovery** of cadaveric organs and tissue for transplant or research. A **or enucleator** coordinator who assists in the procurement of cadaveric organs or tissue for transplantation or research must do so under the direction and supervision of a physician or surgeon. With the exception of organ procurement surgery, this supervision may be indirect supervision. For purposes of this subsection,

the term "indirect supervision" means that a physician or surgeon is responsible for the medical actions of the coordinator, that the coordinator is acting under protocols expressly approved by a physician or surgeon, and that a physician or surgeon is available, in person or by telephone, to provide medical direction, consultation and advice in cases of organ and tissue donation and procurement.

9. The department of health shall collect information and publish an annual report which shall include the number of organ and tissue donations made in the state, the number of organ or tissue donations received by citizens of the state of Missouri, the number of organ or tissue donations transported outside the state boundaries and the cost of such organ or tissue donations.

If an individual indicates his or her consent to anatomical donation, such consent shall be noted on the front of the individual's driver's license or identification card with the word "Organ Donor" and recorded in the individual's computer record with the division of motor vehicle and driver licensing.

2. The OPO shall be given access to the donor information in subsection 1 of this section twenty-four hours a day through the division's database. Notwithstanding any other law to the contrary, the division is authorized to provide the OPO with the foregoing donor information. The OPO shall not be assessed a fee or other charges for such access.

3. The donor designation on the driver's license or identification card shall be deemed sufficient to satisfy all requirements for consent to organ and tissue donation.

4. Any person may request that his or her consent to anatomical donation by validly executed donor card, will, other document or gift be included in such person's computer record with the division of motor vehicle and driver licensing. The division may promulgate rules and regulations to implement the provisions of this subsection. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.

194.245. Notwithstanding any other law to the contrary, if a validly executed donor card, advance health care directive, will, other document or gift, driver's license or identification card evidencing an anatomical gift exists, consent at the time of death shall not be necessary to render the gift valid.

194.249. The department of revenue shall provide a space on the face of the state individual income tax return for the 2000 tax year and each year thereafter whereby an individual may voluntarily designate a contribution of any amount desired to the organ donor program fund established in section 194.297. The amount designated by an individual on the state income tax return form shall be deducted from the tax refund to which the individual is entitled or added to the individual's payment and shall not constitute a charge against the income tax revenues due the state.

(2) A hospital, upon the admission of an individual at or near the time of death, if there is not immediately available any other source of such information.

2. Any law enforcement officer or other person listed in subsection 1 of this section may conduct an administrative search of the individual's driver's license record with the division of motor vehicle and driver's licensing to determine if the individual's authorization for organ donation or refusal of organ donation.

A physical search pursuant to subsection 1 of this section may be conducted at or near the time of death or hospital admission, and shall be limited to those personal effects of the individual where a driver's license may be reasonably stored. Any information, document, tangible objects or other items discovered during the search shall be used solely for the purpose of ascertaining the individual's identity, notifying the individual's next of kin, and determining whether the individual intends to make an anatomical gift. In no event shall any such discovered material be admissible in any subsequent criminal or civil proceeding, unless obtained pursuant to a lawful search on other grounds.

194.293. A hospital or physician who acts in good faith in accord with the terms of sections 194.210 to 194.307 shall not be liable for damages in any civil action or subject to prosecution in any criminal proceeding for such act.

194.297. There is established in the state treasury the "Organ Donor Program Fund", which shall consist of all moneys deposited by the director of revenue pursuant to **section 194.249 and** subsection 2 of section 302.171, RSMo, and any other moneys donated or appropriated to the fund. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one-dollar donation prescribed in this subsection and whether the applicant is interested in making an organ donation and shall also specifically inform the licensee of the ability to make an organ donation by completing the form on the reverse of the license that the applicant will receive in the manner prescribed by subsection 6 of section 194.240, RSMo. The director shall notify the department of health of information obtained from applicants who indicate to the director that they are interested in making organ donations, and the department of health shall enter the complete name, address, date of birth, race, gender and a unique personal identifier in the registry established in subsection 1 of section 194.304, RSMo.

3. An applicant for a license may make a donation of one dollar to promote a blindness education, screening and treatment program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the blindness education, screening and treatment program fund established in section 192.935, RSMo. The license issued pursuant to the provisions of sections 302.010 to 302.340 shall be in such form as the director shall prescribe, but the license shall be a card made of plastic or other comparable material. All licenses shall be manufactured of materials and processes that will prohibit, as nearly as possible, the ability to reproduce, alter, counterfeit, forge or duplicate any license without ready detection. All licenses shall bear the licensee's Social Security number, if the licensee has one, and if not, a notarized affidavit must be signed by the licensee stating that the licensee does not possess a Social Security number, or, if applicable, a certified statement must be submitted as provided in subsection 4 of this section. The license shall also bear the expiration date of the license, the classification of the license, the name, date of birth, residence address including the county of residence or a code number corresponding to such county established by the department, and brief description and colored photograph of the licensee, and a facsimile of the signature of the licensee. No license shall be valid until it has been so signed by the licensee. If any portion of the license is prepared by a private firm, any contract with such firm shall be made in accordance with the competitive purchasing procedures as established by the state director of the division of purchasing. For all licenses issued or renewed after March 1, 1992, the applicant's Social Security number shall serve as the applicant's license number. Where the licensee has no Social Security number, or where the licensee is issued a license without a Social Security number in accordance with subsection 4 of this section, the director shall issue a license number for the licensee and such number shall also include an indicator showing that the number is not a Social Security number.

2. All film involved in the production of photographs for licenses shall become the property of the department of revenue.

3. The license issued shall be carried at all times by the holder thereof while driving a motor vehicle, and shall be displayed upon demand of any officer of the highway patrol, or any police officer or peace officer, or any other duly authorized person, for inspection when demand is made therefor. 4. The director of revenue shall issue a commercial or noncommercial driver's license without a Social Security number to an applicant therefor, who is otherwise qualified to be licensed, upon presentation to the director of a certified statement that the applicant objects to the display of the Social Security number on the license. 5. The director of revenue shall issue a license without the photograph to an applicant therefor, who is otherwise qualified to be licensed, upon presentation to the director of a statement on forms prescribed and made available by the department of revenue which states that the applicant is a member of a specified religious denomination which prohibits photographs of members as being contrary to its religious tenets. The license shall state thereon that no photograph is required because of the religious affiliation of the licensee. The director of revenue shall establish guidelines and furnish to each circuit court such forms as the director deems necessary to comply with this subsection. The circuit court shall not charge or receive any fee or court cost for the performance of any duty or act pursuant to this subsection.

6. The department of revenue may issue a temporary license without the photograph to out-of-state applicants and members of the armed forces, except that where such temporary license is issued it shall be valid only until the applicant shall have had time to appear and have his or her picture taken and a license with his or her photograph issued.

7. The department of revenue shall issue upon request a nondriver's license card containing essentially the same information as the driver's license upon payment of six dollars if the applicant is under the age of sixty-five. An applicant who is sixty-five years of age or older may purchase a nondriver's license card without a photograph for one dollar or a nondriver's license card with a photograph for six dollars. All nondriver's licenses shall expire on the applicant's birthday in the sixth year after issuance. A person who has passed his or her seventieth birthday shall upon application be issued a nonexpiring nondriver's license card. The nondriver's license card shall be used for identification purposes only and shall not be valid as a license. **The director shall provide by administrative rule the procedure and format for an applicant to indicate a designation for an anatomical gift as provided in section 194.240, RSMo, on the back of the nondriver's license card.**

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-FOURTH DAY--WEDNESDAY, MAY 16, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"Happy are they who make the Lord their trust." (Psalm 40:4)

Gracious God, we are worried and concerned about so many things, but in You we are safe and secure. But we know that tragedies happen, as it did May 16, 1997, when Emily Stoll was killed. So we ask that we trust You'll be with us and help us remember them and our families and trust Your abiding care and guidance. Thus we can do that which You have called us to do here and trust that it will be for Your good purposes. Amen.

Further amend said title, enacting clause and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 244, Page 2, Section 301.260, Line 36, by inserting after all of said line the following:

"302.173. 1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state **or any other state** shall be examined as herein provided. Any person who has failed to renew such person's license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the armed forces, their adult dependents or any active member of the peace corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the armed forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person's honorable discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant's natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the traffic laws of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a valid license from a state which has requirements for issuance of a license comparable to the Missouri requirements, the director may waive the requirement of actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness

to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.

2. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.

3. Notwithstanding the requirements of subsections 1 and 2 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.138 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further driving test shall be required to obtain a motorcycle or motortricycle license or endorsement."; and

Further amend said bill, Page 4, Section 304.580, Line 36, by inserting after all of said line the following:

"307.173. 1. Except as provided in subsections 2 and 6 of this section, no person shall operate any motor vehicle registered in this state on any public highway or street of this state with any manufactured vision-reducing material applied to any portion of the motor vehicle's windshield, sidewings, or windows located immediately to the left and right of the driver which reduces visibility from within or without the motor vehicle. This section shall not prohibit labels, stickers, decalcomania, or informational signs on motor vehicles or the application of tinted or solar screening material to recreational vehicles as defined in section 700.010, RSMo, provided that such material does not interfere with the driver's normal view of the road. This section shall not prohibit factory installed tinted glass, the equivalent replacement thereof or tinting material applied to the upper portion of the motor vehicle's windshield which is normally tinted by the manufacturer of motor vehicle safety glass.

2. [A permit to] **Any person may** operate a motor vehicle with [a front sidewing vent or window] **side and rear windows** that [has] **have** a sun screening device, in conjunction with safety glazing material, that has a light transmission of thirty-five percent or more plus or minus three percent and a luminous reflectance of thirty-five percent or less plus or minus three percent [may be issued by the department of public safety to a person having a physical disorder requiring the use of such vision-reducing material. If, according to the permittee's physician, the physical disorder requires the use of a sun screening device which permits less light transmission and luminous reflectance than allowed under the requirements of this subsection, the limits of this subsection may be altered for that permittee in accordance with the physician's prescription. The director of the department of public safety shall promulgate rules and regulations for the issuance of the permit. The permit shall allow operation of the vehicle by immediate family members who are husband, wife and sons or daughters who reside in the household].

3. A motor vehicle in violation of this section shall not be approved during any motor vehicle safety inspection required pursuant to sections 307.350 to 307.390.

4. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.**

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 244, Page 2, Section 301.260, Line 36, by inserting after all of said line the following:

"302.173. 1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state shall be examined as herein provided. Any person who has failed to renew such person's license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the armed forces, their adult dependents or any active member of the peace corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the armed forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person's honorable discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant's natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the traffic laws of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a valid license from [a state which has requirements for issuance of a license comparable to the Missouri requirements,] **another state which is currently in good standing in that state,** the director [may] **shall** waive the [requirement] **requirements** of [actual demonstration of ability to exercise due care in the operation of a motor vehicle] **this section including the vision test requirements set forth in section 302.175.** If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.

2. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.

3. Notwithstanding the requirements of subsections 1 and 2 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.138 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further driving test shall be required to obtain a motorcycle or motortricycle license or endorsement."; and

- (4) "EPAAct credit", a credit issued pursuant to EPAAct;**
- (5) "Fund", the Biodiesel Fuel Revolving Fund;**
- (6) "Incremental cost", the difference in cost between biodiesel fuel and conventional petroleum-based diesel fuel at the time the biodiesel fuel is purchased.**

2. The department, in cooperation with the department of agriculture, shall establish and administer an EPAAct credit banking and selling program to allow state agencies to use moneys generated by the sale of EPAAct credits to purchase biodiesel fuel for use in state vehicles. Each state agency shall provide the department with all vehicle fleet information necessary to determine the number of EPAAct credits generated by the agency. The department may sell credits in any manner pursuant to the provisions of EPAAct.

3. There is hereby created in the state treasury the "Biodiesel Fuel Revolving Fund", into which shall be deposited moneys received from the sale of EPAAct credits banked by state agencies on the effective date of this section and in future reporting years, any moneys appropriated to the fund by the General Assembly, and any other moneys obtained or accepted by the department for deposit into the fund. The fund shall be managed to maximize benefits to the state in the purchase of biodiesel fuel and, when possible, to accrue those benefits to state agencies in proportion to the number of EPAAct credits generated by each respective agency.

4. Moneys deposited into the fund shall be used to pay for the incremental cost of biodiesel fuel with a minimum biodiesel concentration of B-20 for use in state vehicles and for administration of the fund. Not later than January thirty-first of each year, the department shall submit an annual report to the General Assembly on the expenditures from the fund during the preceding fiscal year.

5. Notwithstanding the provisions of section 33.0080, RSMo, no portion of the fund shall be transferred to the general revenue fund, and any appropriation made to the fund shall not lapse. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Interest and moneys earned on such investments shall be credited to the fund.

6. The department shall promulgate such rules as are necessary to implement this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

7. The department shall conduct a study of the use of alternative fuels in motor vehicles in the state and shall report its findings and recommendations to the General Assembly no later than January 1, 2002. Such study shall include:

- (1) An analysis of the current use of alternative fuels in public and private vehicle fleets in the state;
- (2) An assessment of methods that the state may use to increase use of alternative fuels in vehicle fleets, including the sale of credits generated pursuant to the federal Energy Policy Act, 42 U.S.C. 13201, et seq., to pay for the difference in cost between alternative fuels and conventional fuels;
- (3) An assessment of the benefits or harm that increased use of alternative fuels may make to the state's economy and environment;
- (4) Any other information that the department deems relevant."; and

Further amend said bill in the title and enacting clause accordingly.

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 244, Page 1, Section A, Line 3, by inserting the following:

"226.133. 1. The general assembly may authorize the highways and transportation commission to issue bonds or other evidence of indebtedness in an amount not to exceed two billion dollars from fiscal year 2001 to fiscal year 2006; except that, the highways and transportation commission may immediately authorize issue of bonds up to two hundred fifty million dollars for the purpose of providing funds for use in highway construction and repairs scheduled in the five-year plan. The principal amount of such bonds shall not exceed five hundred million dollars in any one fiscal year. **The sale of such bonds shall be negotiated, after a competitive selection process, with an underwriting group managed by firms headquartered within the State of Missouri, as long as such firms are not deemed to be unqualified or price uncompetitive. The underwriting group so managed shall have as its first priority the sale of the bonds to Missouri individual investors as long as such sale is not inconsistent with deriving the lowest possible financing costs.** Proceeds from the issuance of the bonds shall be provided to the department of transportation to pay for the cost of construction engineering and construction. The proceeds from the bonds shall not be used to pay for administrative expenses, including but not limited to planning and design expenses. Contracted final design shall not be considered an administrative expense, but shall not exceed seven percent of any project.

2. To obtain authorization for the issuance of bonds, the highways and transportation commission shall annually present to the general assembly, by the tenth legislative day, a proposed plan and an analysis demonstrating the feasibility and appropriateness thereof. The plan to issue bonds shall become effective no later than forty-five calendar days after the plan proposed by the highways and transportation commission is submitted to a regular session of the general assembly, unless it is disapproved within forty-five calendar days of its submission to a regular session by a

concurrent resolution introduced within fourteen calendar days of the submission of the plan to a regular session of the general assembly and adopted by a majority vote of the elected members of each house. If no concurrent resolution disapproving of the highway plan is introduced within fourteen calendar days of the submission of the plan to the legislature, then the plan shall become effective immediately. The presiding officer of each house in which a concurrent resolution disapproving of a plan to issue bonds has been introduced, unless the resolution has been previously accepted or rejected by that house, shall submit it to a vote of the membership not sooner than seven calendar days or later than fourteen calendar days after introduction of the concurrent resolution pertaining to the department of transportation plan. The presiding officer of the house passing a concurrent resolution disapproving of a plan to issue bonds shall immediately forward the bill to the other house and the presiding officer of that house shall submit it to a vote of the membership not sooner than seven calendar days or later than fourteen calendar days of its receipt from the other legislative body. The plan submitted by the highways and transportation commission shall not be subject to amendment by either chamber and may only be rejected in its entirety.

3. The highways and transportation commission shall offer such bonds at public sale or negotiated sale. The bonds shall be for a period of not less than ten years and not more than twenty years from their date of issue and shall bear interest at a rate or rates not exceeding the rate permitted by law.
4. The proceeds of the sale or sales of any bonds issued pursuant to this section shall be paid into the state road fund to be expended for the purpose specified pursuant to the provisions of section 226.220.
5. Bonds issued pursuant to this section shall be state road bonds as such term is used in section 30(b) of article IV of the state constitution, and as such, principal and interest payments on such bonds shall be made from the state road fund as provided in section 30(b) of article IV of the state constitution. Bonds issued pursuant to this section shall not be deemed to constitute a debt or liability of the state or a pledge of the full faith and credit of the state, and the principal and interest on such bonds shall be payable solely from the state road fund. Bonds issued pursuant to this section, the interest thereon, or any proceeds from such bonds, shall be exempt from taxation in the state of Missouri for all purposes except for the state estate tax.
6. Bonds may be issued for the purpose of refunding either at maturity or in advance of maturity, any bonds issued [under] **pursuant** to this section. The proceeds of such refunding bonds may either be applied to the payment of the bonds being refunded or deposited in trust and maintained in cash or investments for the retirement of the bonds being refunded, as shall be specified by the highways and transportation commission and the authorizing resolution or trust indenture securing such refunding bonds. The authorizing resolution or trust indenture securing the refunding bonds shall specify the amount and other terms of the refunding bonds and may provide that the refunding bonds shall have the same security for their payment as provided for the bonds being refunded. The refunding bonds shall be for a period of not less than ten years and not more than twenty years from their date of issue and shall bear interest at a rate or rates not exceeding the rate permitted by law. The principal amount of refunding bonds issued pursuant to this section shall not be counted toward the limit on the principal amount of bonds permitted [under] **pursuant** to this section."; and

Further amend said title, enacting clause and intersectional reference accordingly.

"94.577. 1. The governing body of any municipality except those located in whole or in part within any first class county having a charter form of government and not containing any part of a city with a population of four hundred thousand or more and adjacent to a city not within a county for that part of the municipality located within such first class county is hereby authorized to impose, by ordinance or order, a one-eighth, one-fourth, three-eighths, or one-half

of one percent sales tax on all retail sales made in such municipality which are subject to taxation under the provisions of sections 144.010 to 144.525, RSMo, for the purpose of funding capital improvements, including the operation and maintenance of capital improvements, which may be funded by issuing bonds which will be retired by the revenues received from the sales tax authorized by this section or the retirement of debt under previously authorized bonded indebtedness. A municipality located in a charter county may impose a sales tax on all retail sales for capital improvements as provided in section 94.890. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law; but no ordinance imposing a sales tax under the provisions of this section shall be effective unless the governing body of the municipality submits to the voters of the municipality, at a municipal or state general, primary or special election, a proposal to authorize the governing body of the municipality to impose such tax and, if such tax is to be used to retire bonds authorized under this section, to authorize such bonds and their retirement by such tax, or to authorize the retirement of debt under previously authorized bonded indebtedness.

2. The ballot of submission shall contain, but need not be limited to:

(1) If the proposal submitted involves only authorization to impose the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) impose a sales tax of (insert amount) for the purpose of funding capital improvements which may include the retirement of debt under previously authorized bonded indebtedness?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No"; or

(2) If the proposal submitted involves authorization to issue bonds and repay such bonds with revenues from the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) issue bonds in the amount of (insert amount) to fund capital improvements and impose a sales tax of (insert amount) to repay bonds?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, including when the proposal authorizes the reduction of debt under previously authorized bonded indebtedness under subdivision (1) of this subsection, then the ordinance or order and any amendments thereto shall be in effect, except that any proposal submitted under subdivision (2) of this subsection to issue bonds and impose a sales tax to retire such bonds must be approved by the constitutionally required percentage of the voters voting thereon to become effective. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the municipality shall have no power to issue any bonds or impose the sales tax authorized in this section unless and until the governing body of the municipality shall again have submitted another proposal to authorize the governing body of the municipality to issue any bonds or impose the sales tax authorized by this section, and such proposal is approved by the requisite majority of the qualified voters voting thereon; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section, **except that any municipality with a population of greater than four hundred thousand and located within more than one county may submit a proposal pursuant to this section to the voters sooner than twelve months from the date of the last proposal submitted pursuant to this section if submitted to the voters on or before November 6, 2001.**

3. All revenue received by a municipality from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely for capital improvements, including the operation and

maintenance of capital improvements, for so long as the tax shall remain in effect. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the special trust fund required by this subsection shall be used solely for the maintenance of the capital improvements made with revenues raised by the tax authorized by this section. Any funds in the special trust fund required by this subsection which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other municipal funds. The provisions of this subsection shall apply only to taxes authorized by this section which have not been imposed to retire bonds issued pursuant to this section.

4. All revenue received by a municipality which issues bonds under this section and imposes the tax authorized by this section to retire such bonds shall be deposited in a special trust fund and shall be used solely to retire such bonds, except to the extent that such funds are required for the operation and maintenance of capital improvements. Once all of such bonds have been retired, all funds remaining in the special trust fund required by this subsection shall be used solely for the maintenance of the capital improvements made with the revenue received as a result of the issuance of such bonds. Any funds in the special trust fund required by this subsection which are not needed to meet current obligations under the bonds issued under this section may be invested by the governing body in accordance with applicable laws relating to the investment of other municipal funds. The provisions of this subsection shall apply only to taxes authorized by this section which have been imposed to retire bonds issued under this section.

5. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax in the same manner as provided in sections 94.500 to 94.570, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional tax authorized under the authority of this section. The tax imposed pursuant to this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

6. No tax imposed pursuant to this section for the purpose of retiring bonds issued under this section may be terminated until all of such bonds have been retired.

7. In any city not within a county, no tax shall be imposed pursuant to this section for the purpose of funding in whole or in part the construction, operation or maintenance of a sports stadium, field house, indoor or outdoor recreational facility, center, playing field, parking facility or anything incidental or necessary to a complex suitable for any type of professional sport or recreation, either upon, above or below the ground.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such municipalities. If any municipality abolishes the tax, the municipality shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such municipality, the director of revenue shall remit the balance in the account to the municipality and close the account of that municipality. The director of revenue shall notify each municipality of each instance of any amount refunded or any check redeemed from receipts due the municipality."; and

Further amend said bill, Page 15, Section B, Line 11, by inserting after all of said line the following:

"Section C. Because immediate action is necessary to protect municipalities, the enactment of section 94.577 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 94.577 of this act shall be in full force and effect upon its passage and approval."; and

For violations of the general criminal laws of the state or county ordinances, no such surcharge shall be collected unless it is authorized by the county government where the violation occurred. For violations of municipal ordinances, no such surcharge shall be collected unless it is authorized by the municipal government where the violation occurred. Any such surcharge shall be authorized by the county or municipality and written notice given to the supreme court of such authorization prior to December first of the year preceding the state fiscal year during which such surcharge is to be collected and disbursed in the manner provided by sections 488.010 to 488.020. If imposed by a municipality, such surcharges shall be collected by the clerk of the municipal court responsible for collecting court costs and fines and shall be transmitted monthly to the treasurer of the municipality where the violation occurred in cases of violations of municipal ordinances. If imposed by a county, such surcharges shall be collected and disbursed as provided in sections 488.010 to 488.020. Such surcharges shall be payable to the treasurer of the county where the violation occurred in the case of violations of the general criminal laws of the state or county ordinances. [An additional] **Without regard to whether the aforementioned surcharge is assessed, a** surcharge in the amount of one dollar shall be assessed as provided in this section, and shall be collected and disbursed as provided in sections 488.010 to 488.020 and payable to the state treasury to the credit of the peace officer standards and training commission fund created in section 590.178, RSMo. Such surcharges shall be in addition to the court costs and fees and limits on such court costs and fees established by section 66.110, RSMo, and section 479.260, RSMo.

2. Each county and municipality shall use all funds received under this section only to pay for the training required as provided in sections 590.100 to 590.180, RSMo, or for the training of county coroners and their deputies **provided that any excess funds not allocated to pay for such training may be used to pay for additional training of peace officers or for training of other law enforcement personnel employed or appointed by the county or municipality.** No county or municipality shall retain more than one thousand five hundred dollars of such funds for each certified law enforcement officer, candidate for certification employed by that agency or a coroner and the coroner's deputies. Any excess funds shall be transmitted quarterly to the general revenue fund of the county or municipality treasury which assessed the costs.

590.010. As used in this chapter, the following terms mean:

590.020. 1. No person shall hold a commission as a peace officer without a valid peace officer license.

2. The director shall establish various classes of peace officer license and may provide that certain classes are not valid for commission within counties of certain classifications, by certain state agencies, or for commission as other than a reserve peace officer with police powers restricted to the commissioning political subdivision.

3. Notwithstanding any other provision of this chapter, no license shall be required:

- (1) Of any person who has no power of arrest;**
- (2) To seek or hold an elected county office, subject to such requirements as chapter 57, RSMo, may impose;**
- (3) To be commissioned pursuant to section 64.335, RSMo, as a park ranger not carrying a firearm;**
- (4) To be commissioned as a peace officer by a political subdivision having less than four full-time paid peace officers or a population less than two thousand, provided that such commission was in effect on the effective date of this section and continually since that date, and provided that this exception shall not apply to any commission within a county of the first class having a charter form of government;**
- (5) Of any reserve officer continually holding the same commission since August 15, 1988; or**
- (6) For any person continually holding any commission as a full-time peace officer since December 31, 1978.**

4. Any political subdivision or law enforcement agency may require its peace officers to meet standards more stringent than those required for licensure pursuant to this chapter.

590.030. 1. The POST commission shall establish minimum standards for the basic training of peace officers. Such standards may vary for each class of license established pursuant to subsection 2 of section 590.020.

2. The director shall establish minimum age, citizenship, and general education requirements and may require a qualifying score on a certification examination as conditions of eligibility for a peace officer license.

3. The director shall provide for the licensure, with or without additional basic training, of peace officers possessing credentials by other states or jurisdictions, including federal and military law enforcement officers.

4. The director shall establish a procedure for obtaining a peace officer license and shall issue the proper license when the requirements of this chapter have been met.

5. As conditions of licensure, all licensed peace officers shall:

- (1) Obtain continuing law enforcement education pursuant to rules to be promulgated by the POST commission; and**
- (2) Maintain a current address of record on file with the director.**

6. A peace officer license shall automatically expire if the licensee fails to hold a commission as a peace officer for a period of five consecutive years, provided that the POST commission shall provide for the relicensure of such persons and may require retraining as a condition of eligibility for relicensure, and provided that the director may provide for the continuing licensure, subject to restrictions, of persons who hold and exercise a law enforcement commission requiring a peace officer license but not meeting the definition of a peace officer pursuant to this chapter.

590.040. 1. The POST commission shall set the minimum number of hours of basic training for licensure as a peace officer no lower than four hundred seventy and no higher than six hundred, with the following exceptions:

- (1) Up to one thousand hours may be mandated for any class of license required for commission by a state law enforcement agency;**
- (2) As few as one hundred twenty hours may be mandated for any class of license restricted to commission as a reserve peace officer with police powers limited to the commissioning political subdivision;**

- (4) Persons licensed and commissioned within a county of the third classification before July 1, 2002, may retain licensure with one hundred twenty hours of basic training if the commissioning political subdivision has adopted an order or ordinance to that effect; and**
- (5) The POST commission shall provide for the recognition of basic training received at law enforcement training centers of other states, the military, the federal government and territories of the United States regardless of the number of hours included in such training and shall have authority to require supplemental training as a condition of eligibility for licensure.**

2. The director shall have the authority to limit any exception provided in subsection 1 of this section to persons remaining in the same commission or transferring to a commission in a similar jurisdiction.

3. The basic training of every peace officer, except agents of the conservation commission, shall include at least thirty hours of training in the investigation and management of cases involving domestic and family violence. Such training shall include instruction, specific to domestic and family violence cases, regarding: report writing; physical abuse, sexual abuse, child fatalities and child neglect; interviewing children and alleged perpetrators; the nature, extent and causes of domestic and family violence; the safety of victims, other family and household members and investigating officers; legal rights and remedies available to victims, including rights to compensation and the enforcement of civil and criminal remedies; services available to victims and their children; the effects of cultural, racial and gender bias in law enforcement; and state statutes. Said curriculum shall be developed and presented in consultation with the department of health, the division of family services, public and private providers of programs for victims of domestic and family violence, persons who have demonstrated expertise in training and education concerning domestic and family violence, and the Missouri coalition against domestic violence.

590.050. 1. The POST commission shall establish requirements for the continuing education of all peace officers. Peace officers who make traffic stops shall be required to receive annual training concerning the prohibition against racial profiling and such training shall promote understanding and respect for racial and cultural differences and the use of effective, non-combative methods for carrying out law enforcement duties in a racially and culturally diverse environment.

2. The director shall license continuing education providers and may probate, suspend and revoke such licenses upon written notice stating the reasons for such action. Any person aggrieved by a decision of the director pursuant to this subsection may appeal as provided in chapter 536, RSMo.

3. The costs of continuing law enforcement education shall be reimbursed in part by moneys from the peace officer standards and training commission fund created in section 590.178, subject to availability of funds, except that no such funds shall be used for the training of any person not actively commissioned or employed by a county or municipal law enforcement agency.

4. The director may engage in any activity intended to further the professionalism of peace officers through training and education, including the provision of specialized training through the department of public safety.

590.060. 1. The POST commission shall establish minimum standards for training instructors and training centers, and the director shall establish minimum qualifications for admittance into a basic training course.

2. The director shall license training instructors, centers, and curricula, and may probate, suspend and revoke such licenses upon written notice stating the reasons for such action. Any person aggrieved by a decision pursuant to this subsection may appeal as provided in chapter 536, RSMo.

3. Each person seeking entrance into a basic training program shall submit a fingerprint card and authorization for a criminal history background check to include the records of the Federal Bureau of Investigation to the training center where such person is seeking entrance. The training center shall cause a criminal history

background check to be made and shall cause the resulting report to be forwarded to the director. The person seeking entrance may be charged a fee for the cost of this procedure.

590.070. 1. The chief executive officer of each law enforcement agency shall, within thirty days after commissioning any peace officer, notify the director on a form to be adopted by the director. The director may require the chief executive officer to conduct a current criminal history background check and to forward the resulting report to the director.

2. The chief executive officer of each law enforcement agency shall, within thirty days after any licensed peace officer departs from employment or otherwise ceases to be commissioned, notify the director on a form to be adopted by the director. Such notice shall state the circumstances surrounding the departure from employment or loss of commission and shall specify any of the following that apply:

- (1)** The officer failed to meet the minimum qualifications for commission as a peace officer;
- (2)** The officer violated municipal, state or federal law;
- (3)** The officer violated the regulations of the law enforcement agency; or
- (4)** The officer was under investigation for violating municipal, state or federal law, or for gross violations of the law enforcement agency regulations.

3. Whenever the chief executive officer of a law enforcement agency has reasonable grounds to believe that any peace officer commissioned by the agency is subject to discipline pursuant to section 590.080, the chief executive officer shall report such knowledge to the director.

590.080. 1. The director shall have cause to discipline any peace officer licensee who:

- (1)** Is unable to perform the functions of a peace officer with reasonable competency or reasonable safety as a result of a mental condition, including alcohol or substance abuse;
- (2)** Has committed any criminal offense, whether or not a criminal charge has been filed;
- (3)** Has committed any act while on active duty or under color of law that involves moral turpitude or a reckless disregard for the safety of the public or any person;
- (4)** Has caused a material fact to be misrepresented for the purpose of obtaining or retaining a peace officer commission or any license issued pursuant to this chapter;
- (5)** Has violated a condition of any order of probation lawfully issued by the director; or
- (6)** Has violated a provision of this chapter or a rule promulgated pursuant to this chapter.

2. When the director has knowledge of cause to discipline a peace officer license pursuant to this section, the director may cause a complaint to be filed with the administrative hearing commission, which shall conduct a hearing to determine whether the director has cause for discipline, and which shall issue findings of fact and conclusions of law on the matter. The administrative hearing commission shall not consider the relative severity of the cause for discipline or any rehabilitation of the licensee or otherwise impinge upon the discretion of the director to determine appropriate discipline when cause exists pursuant to this section.

3. Upon a finding by the administrative hearing commission that cause to discipline exists, the director shall, within thirty days, hold a hearing to determine the form of discipline to be imposed and thereafter shall probate, suspend, or permanently revoke the license at issue. If the licensee fails to appear at the director's hearing, this shall constitute a waiver of the right to such hearing.

4. Notice of any hearing pursuant to this chapter or section may be made by certified mail to the licensee's

address of record pursuant to subdivision (2) of subsection 3 of section 590.130. Proof of refusal of the licensee to accept delivery or the inability of postal authorities to deliver such certified mail shall be evidence that required notice has been given. Notice may be given by publication.

5. Nothing contained in this section shall prevent a licensee from informally disposing of a cause for discipline with the consent of the director by voluntarily surrendering a license or by voluntarily submitting to discipline.

6. The provisions of chapter 621, RSMo, and any amendments thereto, except those provisions or amendments that are in conflict with this chapter, shall apply to and govern the proceedings of the administrative hearing commission and pursuant to this section the rights and duties of the parties involved.

590.090. 1. The director shall have cause to suspend immediately the peace officer license of any licensee who:

(1) Is under indictment for, is charged with, or has been convicted of the commission of any felony;

(2) Is subject to an order of another state, territory, the federal government, or any peace officer licensing authority suspending or revoking a peace officer license or certification; or

(3) Presents a clear and present danger to the public health or safety if commissioned as a peace officer.

2. At any time after the filing of a disciplinary complaint pursuant to section 590.080, if the director determines that probable cause exists to suspend immediately the peace officer license of the subject of the complaint, the director may, without notice or hearing, issue an emergency order suspending such license until final determination of the disciplinary complaint. Such order shall state the probable cause for the suspension and shall be served upon the licensee by certified mail at the licensee's address of record pursuant to subdivision (2) of subsection 3 of section 590.130. Proof of refusal of the licensee to accept delivery or the inability of postal authorities to deliver such certified mail shall be evidence that required notice has been given. The director shall also notify the chief executive officer of any law enforcement agency currently commissioning the officer. The director shall have authority to dissolve an emergency order of suspension at any time for any reason.

3. A licensee subject to an emergency order of suspension may petition the administrative hearing commission for review of the director's determination of probable cause, in which case the administrative hearing commission shall within five business days conduct an emergency hearing, render its decision, and issue findings of fact and conclusions of law. Sworn affidavits or depositions shall be admissible on the issue of probable cause and may be held sufficient to establish probable cause. The administrative hearing commission shall have no authority to stay or terminate an emergency order of suspension without a hearing pursuant to this subsection. Findings and conclusions made in determining probable cause for an emergency suspension shall not be binding on any party in any proceeding pursuant to section 590.080.

4. Any party aggrieved by a decision of the administrative hearing commission pursuant to this section may appeal to the circuit court of Cole County as provided in section 536.100, RSMo.

590.100. 1. The director shall have cause to deny any application for a peace officer license or entrance into a basic training course when the director has knowledge that would constitute cause to discipline the applicant if the applicant were licensed.

2. When the director has knowledge of cause to deny an application pursuant to this section, the director may grant the application subject to probation or may deny the application. The director shall notify the applicant in writing of the reasons for such action and of the right to appeal pursuant to this section.

3. Any applicant aggrieved by a decision of the director pursuant to this section may appeal within thirty days to the administrative hearing commission, which shall conduct a hearing to determine whether the director has cause for denial, and which shall issue findings of fact and conclusions of law on the matter. The administrative hearing commission shall not consider the relative severity of the cause for denial or any rehabilitation of the applicant or otherwise impinge upon the discretion of the director to determine whether to grant the

application subject to probation or deny the application when cause exists pursuant to this section. Failure to submit a written request for a hearing to the administrative hearing commission within thirty days after a decision of the director pursuant to this section shall constitute a waiver of the right to appeal such decision.

4. Upon a finding by the administrative hearing commission that cause for denial exists, the director shall not be bound by any prior action on the matter and shall, within thirty days, hold a hearing to determine whether to grant the application subject to probation or deny the application. If the licensee fails to appear at the director's hearing, this shall constitute a waiver of the right to such hearing.

5. The provisions of chapter 621, RSMo, and any amendments thereto, except those provisions or amendments that are in conflict with this chapter, shall apply to and govern the proceedings of the administrative hearing commission pursuant to this section and the rights and duties of the parties involved.

[590.100. As used in sections 590.100 to 590.180, the following terms mean:

(2) "Chief executive officer", the chief of police, director of public safety, sheriff, department head or chief administrator of any law enforcement or public safety agency of the state or any political subdivision thereof who is responsible for the prevention and detection of crime and the enforcement of the general criminal laws of the state or for violation of ordinances of a county or municipality;

(3) "Director", the director of the Missouri department of public safety;

(4) "Peace officer", members of the state highway patrol, all state, county, and municipal law enforcement officers possessing the duty and power of arrest for violation of any criminal laws of the state or for violation of ordinances of counties or municipalities of the state who serve full time, with pay;

(5) "Reserve officer", any person who serves in a less than full-time law enforcement capacity, with or without pay, and who, without certification, has no power of arrest and who, without certification, must be under the direct and immediate accompaniment of a certified peace officer of the same agency at all times while on duty. In a county of the first class adjoining a city not within a county, reserve peace officers may engage in all nonprimary enforcement activities without being under direct or immediate accompaniment of a certified peace officer.]

[590.101. In any county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, the definitions contained in section 590.100 shall apply, except that as used in sections 590.100 to 590.180, the following terms shall mean:

[590.105. 1. A program of mandatory standards for the basic training and certification of peace officers and a program of optional standards for the basic training and certification of reserve officers in this state is hereby established. The peace officer standards and training commission shall establish the minimum number of hours of training and core curriculum. In no event, however, shall the commission require more than one thousand hours of such training for either peace or reserve officers employed by any state law enforcement agency, or more than six hundred hours of such training for other peace or reserve officers; provided, however, that the minimum hours of training shall be no lower than the following:

- (1) One hundred twenty hours as of August 28, 1993;
- (2) Three hundred hours as of August 28, 1994; and
- (3) Four hundred seventy hours as of August 28, 1996.

The higher standards provided in this section for certification after August 28, 1993, shall not apply to any peace or reserve officer certified prior to August 28, 1993, or to deputies of any sheriff's department in any city not within a county requiring no more or less than one hundred twenty hours of training. Certified peace and reserve officers between January 1, 1992, and August 28, 1995, shall only meet the hours of training applicable to the year in which the officer was employed or appointed.

2. Beginning on August 28, 1996, peace officers shall be required to complete the four hundred fifty hours of training as peace officers and be certified to be eligible for employment. Park rangers appointed pursuant to section 64.335, RSMo, who do not carry firearms shall be exempt from the training requirements of this section.

3. Bailiffs who are not certified peace officers shall be required to complete a minimum of sixty hours of mandated training, except that any person who has served as a bailiff prior to January 1, 1995, shall not be required to complete the training requirements mandated by this subsection, provided such person's training or experience is deemed adequate by the peace officer standards and training commission in accordance with current standards.

4. All political subdivisions within this state may adopt standards which are higher than the minimum standards implemented pursuant to sections 590.100 to 590.180, and such minimum standards shall in no way be deemed adequate in those cases in which higher standards have been adopted.

5. Any federal officer who has the duty and power of arrest on any federal military installation in this state may, at the option of the federal military installation in which the officer is employed, participate in the training program required under the provisions of sections 590.100 to 590.180 and, upon satisfactory completion of such training program, shall be certified by the director in the same manner provided for peace officers, as defined in section 590.100, except that the duty and power of arrest of military officers for violation of the general criminal laws of the state or for violation of ordinances of counties or municipalities of the state shall extend only to the geographical boundaries within which the federal military installation is located. Any costs involved in the training of a federal officer shall be borne by the participating federal military installation.

6. Notwithstanding any provision of this chapter to the contrary, any peace officer who is employed by a law enforcement agency located within a county of the third classification shall be required to have no more or less than one hundred twenty hours of training for certification if the respective city or county adopts an order or ordinance to that effect.

7. The peace officers standards and training commission with input from the department of health and the division of family services shall provide a minimum of thirty hours of initial education to all prospective law enforcement officers, except for agents of the conservation commission, concerning domestic and family violence.

8. The course of instruction and the objectives in learning and performance for the education of law enforcement officers required pursuant to subsection 6 of this section shall be developed and presented in consultation with public and private providers of programs for victims of domestic and family violence, persons who have demonstrated

expertise in training and education concerning domestic and family violence, and the Missouri coalition against domestic violence. The peace officers standards and training commission shall consider the expertise and grant money of the national council of juvenile and family court judges, with their domestic and family violence project, as well as other federal funds and grant moneys available for training.

9. The course of instruction shall include, but is not limited to:

(1) The investigation and management of cases involving domestic and family violence and writing of reports in such cases, including:

(a) Physical abuse;

(b) Sexual abuse;

(c) Child fatalities;

(d) Child neglect;

(e) Interviewing children and alleged perpetrators;

(2) The nature, extent and causes of domestic and family violence;

(3) The safety of officers investigating incidents of domestic and family violence;

(4) The safety of the victims of domestic and family violence and other family and household members;

(6) The services available to victims of domestic and family violence and their children;

(7) Sensitivity to cultural, racial and sexual issues and the effect of cultural, racial, and gender bias on the response of law enforcement officers and the enforcement of laws relating to domestic and family violence; and

(8) The provisions of applicable state statutes concerning domestic and family violence.]

590.110. 1. The director may investigate any cause for the discipline of any license or denial of any application pursuant to this chapter. During the course of such investigation, the director shall have the power to inspect any training center, require by subpoena the attendance and sworn deposition of any witness and the production of any documents, records, or evidence that the director deems relevant. Subpoenas shall be served by a person authorized to serve subpoenas of courts of record. In lieu of the production of any document or record, the director may require that a sworn copy of such document or record be delivered to the director.

2. The director may apply to the circuit court of Cole County or of any county where the person resides or may be found for an order upon any person who shall fail to obey a subpoena to show cause why such subpoena should not be enforced. A show cause order and a copy of the application shall be served upon the person in the same manner as a summons in a civil action. If, after a hearing, the circuit court determines that the subpoena should be enforced, the court shall proceed to enforce the subpoena in the same manner as in a civil case.

[590.110. 1. No person shall be appointed as a peace officer by any public law enforcement agency, which is possessed of the duty and power to enforce the general criminal laws of the state or the ordinances of any political subdivision of this state, unless he has been certified by the director as provided in sections 590.100 to 590.180, unless he is appointed on a probationary basis, and the hiring agency, within one year after his initial appointment, takes all necessary steps to qualify him for certification by the director. Unless a peace officer is certified within the one-year period after appointment, his appointment shall be terminated and he shall not be eligible for appointment by any other law enforcement agency as a peace officer. Beginning on August 28, 1995, peace officers shall be required to complete

the four hundred fifty hours of training as peace officers and be certified to be eligible for employment.

2. The chief executive officer of each law enforcement agency shall notify the director of the appointment of any peace or reserve officer not later than thirty days after the date of the appointment and include with such notification a copy of a fingerprint card verified by the Missouri state highway patrol pertaining to the results of a criminal background check of the officer appointed and evidence of the completion of the standards necessary for employment as provided in sections 590.100 to 590.180.

3. Training and certification requirements specified in sections 590.100 to 590.180 are recommended but not required of a reserve officer; however, any person who serves as a reserve officer in any public law enforcement agency which is possessed of the duty and power to enforce the general criminal laws of this state or the ordinances of any political subdivision of this state may, at the option of the political subdivision in which the reserve officer is appointed, participate in the basic training program required under the provisions of sections 590.100 to 590.180, and, upon completion of such training program, shall be certified by the director in the same manner as provided for peace officers.]

[590.112. 1. This section applies to any employees of the sheriff's department of any county of the first classification with a population of two hundred thousand or more inhabitants, who have been certified in a program of training, including but not limited to a training and certification program established pursuant to this chapter.

2. If any person subject to subsection 1 of this section is transferred to a department of public safety or similar agency as a result of the passage of a charter form of government in the county, then notwithstanding the provisions of this chapter, or any local ordinance or order to the contrary, such person's training certification shall remain in effect and shall not lapse, and the training and certification required for the person to be employed by the sheriff's department shall be deemed adequate to be appointed to the department of public safety or similar agency. If such person is thereafter reassigned to the sheriff's department, such person shall be deemed certified for appointment to such position, notwithstanding the provisions of section 590.110, to the contrary; and the chief executive officer as defined in section 590.100, shall not be required to furnish to the director of the department of public safety evidence that such person has satisfactorily completed instruction in a course of training for peace officers.]

[590.115. 1. Training and certification requirements specified in sections 590.100 to 590.180 are recommended but not required of a peace officer who has been consistently employed as a full-time peace officer and was appointed before December 31, 1978, whether or not such officer changes his place of employment.

2. Training and certification requirements specified in sections 590.100 to 590.180 are recommended but not required of a reserve officer who was appointed as a reserve officer prior to August 15, 1988. Requirements for certification of such reserve officers may be determined by the commission. A certified reserve officer may transfer from one similar jurisdiction to another as a certified reserve officer without any additional training requirements unless or until the certified reserve officer becomes or attempts to become a full-time peace officer, at which time the individual must satisfy the requirements of this chapter to become a certified full-time police officer, or unless or until the certified reserve officer attempts to become a certified reserve officer in a jurisdiction wherein the basic training requirement is higher than the previous jurisdiction's basic training requirement, at which time the individual must satisfy the higher basic training requirements of the new jurisdiction to become a certified reserve officer.

3. Except as provided in subsections 1, 2 and 4 of this section, in the event that a peace officer claims to have had prior basic training, the chief executive officer shall furnish to the director evidence that the noncertified officer has satisfactorily completed instruction in a course of basic training for peace officers conducted by a law enforcement training academy or institute which is approved by the director as providing basic training equivalent to standards set for jurisdictions within this state. The basic training course satisfactorily completed by the noncertified officer shall meet the minimum basic training requirements of the jurisdiction in which he is appointed or is to be appointed as required under the provisions of sections 590.100 to 590.180.

4. The director may certify a chief executive officer as qualified under sections 590.100 to 590.180, if the person's employer furnishes the director with evidence that the chief executive officer has training or experience equivalent to

the standards set forth in subsection 1, 2, or 3 of this section or is a graduate of the FBI National Academy or its equivalent as determined by the director, or holds a bachelor of science degree in criminal justice or a related field received from an accredited college or university or a doctor of jurisprudence degree received from a college or university approved by the American Bar Association.

5. Peace officers and reserve officers meeting the basic training requirements under sections 590.100 to 590.180 shall be eligible to be certified by the director.

6. Beginning August 28, 1996, the peace officer standards and training commission shall establish a program of continuing law enforcement education and training. Each peace officer or reserve officer subject to the training provisions of sections 590.100 to 590.180 shall participate in continuing law enforcement education to maintain certification. The providers of continuing law enforcement education and training, as well as the contents and subject matter thereof, shall be subject to the approval of the peace officer standards and training commission. The costs of the continuing law enforcement education and training offered by certified providers to persons entitled to receive such education and training shall be reimbursed by moneys from the peace officer standards and training commission fund created in section 590.178. The peace officer standards and training commission shall require by rule that all peace officers or reserve officers, subject to the training provisions herein, contribute, based on standards set by the commission, to the cost of said training.

7. The peace officer standards and training commission may provide by rule for the reciprocal recognition of equivalent entry level core basic training at a training center by law enforcement officers of the federal government or other states or territories of the United States, and may require such additional training prior to certification as the commission deems necessary.]

[590.117. The department shall provide by administrative rule for the requirements for continuing certification of an inactive or unemployed peace officer during the term of such inactivity or unemployment, provided that the certification of such peace officers shall expire after five consecutive years of such inactivity or unemployment. The cost of any continuing law enforcement education and training required to maintain such certification shall be paid by the inactive or unemployed peace officer.]

No member of the **POST** commission serving a full term of three years may be reappointed to the **POST** commission until at least one year after the expiration of his most recent term.

2. Three of the original members of the **POST** commission shall be appointed for terms of one year, three of the original members shall be appointed for terms of two years, and three of the original members shall be appointed for terms of three years. [590.123. 1. The peace officer standards and training commission may promulgate rules and regulations to effectuate the purposes of this chapter. No rule or portion of a rule promulgated under the authority of this section shall become effective until it has been approved by the joint committee on administrative rules in accordance with the procedures provided in this section, and the delegation of the legislative authority to enact law by the adoption of such rules is dependent upon the power of the joint committee on administrative rules to review and suspend rules pending ratification by the senate and the house of representatives as provided in this section.

2. Upon filing any proposed rule with the secretary of state, the commission shall concurrently submit such proposed rule to the committee which may hold hearings upon any proposed rule or portion thereof at any time.

- (4) A substantial change in circumstance since enactment of the law upon which the proposed rule is based;
- (5) That the rule is arbitrary and capricious.

5. If the committee disapproves any rule or portion thereof, the commission shall not file such disapproved portion of any rule with the secretary of state and the secretary of state shall not publish in the Missouri Register any final order of rulemaking containing the disapproved portion.

6. If the committee disapproves any rule or portion thereof, the committee shall report its findings to the senate and the house of representatives. No rule or portion thereof disapproved by the committee shall take effect so long as the senate and the house of representatives ratify the act of the joint committee by resolution adopted in each house within thirty legislative days after such rule or portion thereof has been disapproved by the joint committee.

7. Upon adoption of a rule as provided in this section, any such rule or portion thereof may be suspended or revoked by the general assembly either by bill or, pursuant to section 8, article IV of the Constitution of Missouri, by concurrent resolution upon recommendation of the joint committee on administrative rules. The committee shall be authorized to hold hearings and make recommendations pursuant to the provisions of section 536.037, RSMo. No arrest shall be deemed unlawful in any criminal or civil proceeding solely because the peace officer is not certified under the terms of sections 590.100 to 590.180. Evidence on the question cannot be received in any civil or criminal case.]

[590.131. The chief executive officer of each law enforcement agency shall notify the director of a peace officer's separation from the agency, whether voluntary or involuntary, and shall set forth in detail the facts and reasons for the separation on a form to be provided by the director.]

[590.135. 1. The director or any of his designated representatives may:

The provisions of sections 590.100 to 590.180 shall not apply to a political subdivision having a population of less than two thousand persons or which does not have at least four full-time paid peace officers unless such political subdivision is located in a county of the first class having a charter form of government; provided, however, the governing body of the political subdivision may by order or ordinance elect to come under the provisions of sections 590.100 to 590.180 or such election may be later rescinded and, provided further, that upon election to come under the provisions of sections 590.100 to 590.180 the political subdivision shall be entitled to authorize the fees allowed by section 590.140, otherwise, such fees shall not be collected.]

[590.170. 1. 2. The name, licensure status, and commissioning or employing law enforcement agency, if any, of applicants and licensees pursuant to this chapter shall be an open record. All other records retained by the director pertaining to any applicant or licensee shall be confidential and shall not be disclosed to the public or any member of the public, except with written consent of the person or entity whose records are involved, provided, however, that the director may disclose such information in the course of voluntary interstate exchange of information, during the course of litigation involving the director, to other state agencies, or, upon a final determination of cause to discipline, to law enforcement agencies. No closed record conveyed to the director pursuant to this chapter shall lose its status as a closed record solely because it is retained by the director. Nothing in this section shall be used to compel the director to disclose any record subject to attorney-client privilege or work-product privilege.

3. In any investigation, hearing, or other proceeding pursuant to this chapter, any record relating to any applicant or licensee shall be discoverable by the director and shall be admissible into evidence, regardless of any statutory or common law privilege or the status of any record as open or closed, including records in criminal cases whether or not a sentence has been imposed. 2. Any law enforcement agency which employs a peace officer who is not certified as required by sections 590.100 to 590.180 or who is otherwise in violation of any provision of sections 590.100 to 590.180 shall not be eligible to receive state or federal funds which would otherwise be paid to it for purposes of training and certifying peace officers or for other law enforcement, safety or criminal justice purposes.]

590.190. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

- (d) A compilation of the information reported by law enforcement agencies pursuant to subsection 2 of this section.

5. Each law enforcement agency shall adopt a policy on race-based traffic stops that:

(1) Prohibits the practice of routinely stopping members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law;

(2) Provides for periodic reviews by the law enforcement agency of the annual report of the attorney general required by subsection 4 of this section that:

(a) Determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency; and

(b) If the review reveals a pattern, require an investigation to determine whether any peace officers of the law enforcement agency routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law; **and**

(3) Provides for appropriate counseling and training of any peace officer found to have engaged in race-based traffic stops within ninety days of the review[; and

(4) Provides for annual sensitivity training for any employees who may conduct stops of motor vehicles regarding the prohibition against racial profiling].

The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

3. The director shall have discretion to disqualify any proposer, which in the director's opinion lacks the minimal qualifications required to perform the work.

4. Once a sufficient number of qualified proposers have been selected, the proposers shall have a specified amount of time with which to assemble phase II and phase III proposals.

8.1018. Phase II of the process shall be conducted as follows:

- (1) The director shall invite the top five qualified proposers to participate in phase II of the process. If there are not five qualified proposers, then all qualified proposers will be invited to submit phase II. If three qualified proposers cannot be identified, the contracting process will cease;**
- (2) Proposers must submit their design for the project, to the level of detail required in the request for proposal. The design proposal should demonstrate compliance with the requirements set out in the request for proposal;**
- (3) The schedule for completing a project as designed by a proposer may be considered as an element of evaluation in phase II;**

in the request for proposal.

8.1021. Phase III shall be conducted as follows:

- (1) The phase III proposal must provide a firm, fixed cost of construction. The proposal must be accompanied by bid security and any other required submittals, such as statements of minority participation as required by the request for proposal;**
- (2) Cost proposals must be submitted in accordance with the instructions of the request for proposal. Failure to submit a cost proposal on time shall be cause to reject the proposal. Phase III shall account for not less than fifty percent of the total point score as specified in the request for proposal;**
- (3) Proposals for phase II and phase III shall be submitted concurrently at the time and place specified in the request for proposal. The phase III cost proposals shall be opened only after the phase II design proposals have been evaluated and assigned points;**
- (4) Cost proposals will be opened and read aloud at the time and place specified in the request for proposal. At the same time and place, the evaluation team will make public its scoring of phase II. Cost proposals will be evaluated in accordance with the requirements of the request for proposal. In evaluating the cost proposals, the low bidder shall be awarded the total number of points assigned to be awarded in phase III. For all other bidders, cost points will be calculated by reducing the maximum points available in phase III by two percent or more for each percentage point of the low bid by which the bidder exceeds the low bid and the points assigned will be added to the points assigned for phase II for each proposer;**
- (5) The responsive proposer with the highest total number of points will be awarded the contract. If the director determines, however, that it is not in the best interest of the state to proceed with the project pursuant to the proposal offered by the proposer with the highest total number of points, the director shall reject all proposals. In such event, all qualified proposers with lower point totals shall receive a stipend pursuant to section 8.1024 and the proposer with the highest total number of points shall receive an amount equal to two times such stipend;**
- (6) If all proposals are rejected, the director may solicit new proposals using different design criteria, budget constraints or qualifications.**

8.1024. As an inducement to qualified proposers, the division shall pay a reasonable stipend, the amount of which shall be established in the request for proposal, to each prequalified design-builder whose proposal is responsive but not accepted. Upon payment of the stipend to any unsuccessful design-build proposer, the state shall acquire a nonexclusive right to use the design submitted by the proposer, and the proposer shall have no further liability for its use by the state in any manner. If the design-build proposer desires to retain all rights and interest in the design proposed, the proposer shall forfeit the stipend.

8.1027. Any person or corporation that enters into a design-build contract with the division of design and construction does not violate the requirements of chapter 327, RSMo, so long as the architectural, engineering or land surveying services to be performed under the contract are performed by:

- (1) Persons who are duly licensed in this state and who are employees of the design-build contractor which holds a certificate of authority from the board of registration; or**
- (2) Persons who are duly licensed in this state and who are under contract to the design-build contractor; or**
- (3) Corporations that hold current certificates of authority from the board for the appropriate profession which are under contract to the design-build contractor.**

For the purpose of this section, "highway project" is defined as the design, construction, reconstruction or improvement of highways or bridges under contract with the state highways and transportation commission, which is funded by state, federal or local funds or any combination of such funds.

5. In using a design-build highway project contract, the commission shall establish a written procedure by rule for prequalifying design-builders before such design-builders will be allowed to make a proposal on the project.

6. In any design-build highway project contract, whether involving state or federal funds, the commission shall require that each person submitting a request for qualifications provide a detailed disadvantaged business enterprise participation plan. The plan shall provide information describing the experience of the person in meeting disadvantaged business enterprise participation goals, how the person will meet the department of transportation's disadvantaged business enterprise participation goal and such other qualifications that the commission considers to be in the best interest of the state.

7. The commission is authorized to issue a request for proposals to a maximum of five design-builders prequalified in accordance with subsection 5 of this section.

8. The commission may require approval of any person performing subcontract work on the design-build highway project.

A Missouri certified capital company may not make an investment in an affiliate of the certified capital company. (4) A certified capital company, at least fifteen working days prior to making what it determines to be an initial qualified investment in a specific qualified Missouri business, shall certify to the department that the company in which it proposes to invest meets the definition of a qualified Missouri business pursuant to subdivision (14) of subsection 2 of section 135.500. (5) All certified capital which is not required to be placed in qualified investments or which has been placed in qualified investments and can be received by the company[, may be held or invested in such manner as the Missouri certified capital company, in its discretion, deems appropriate]:

The audit shall determine whether aggregate cumulative distributions to all investors and equity holders, other than qualified distributions, when combined with all tax credits utilized by investors pursuant to sections 135.500 to 135.529, have resulted in an annual internal rate of return of fifteen percent computed on the sum of total original certified capital of the certified capital company and any additional capital contributions to the certified capital company. Twenty-five percent of distributions made, other than qualified distributions, in excess of the amount required to produce a fifteen percent annual internal rate of return, as determined by the audit, shall be payable by the certified capital company to

The director may require a facility seeking to be classified as an unplanned pregnancy resource center to submit any information which is reasonably necessary to make such a determination. The director shall classify a facility as an unplanned pregnancy resource center if such facility meets the definition set forth in subsection 1 of this section.

6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as an unplanned pregnancy resource center, and by which such taxpayer can then contribute to such centers and claim a tax credit. Unplanned pregnancy resource centers shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to unplanned pregnancy resource centers in any one fiscal year shall not exceed two million dollars. Tax credits shall be issued based on the order in which accepted contributions are received.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as unplanned pregnancy resource centers. If an unplanned pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those unplanned pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. Each unplanned pregnancy resource center shall provide information to the director concerning the identity of each taxpayer making a contribution to the unplanned pregnancy resource center who is claiming a tax credit pursuant to this section and the amount of the contribution. The director shall provide the information to the director of revenue. The director shall be subject to the confidentiality and penalty provisions of section 32.057, RSMo, relating to the disclosure of tax information.

9. This section shall become effective January 1, 2002, and shall apply to tax years after December 31, 2001.

135.631. The tax credits available pursuant to sections 135.552 and 135.630 shall not be available in any tax year beginning after December 31, 2006, but any tax credit claimed pursuant to section 135.552 or 135.630 prior to that date may be carried forward as otherwise provided by those sections."; and

Further amend said bill, page 157, Section 348.302, Line 17 of said page, by inserting after all of said line the following:

"620.1039. 1. As used in this section, the term "taxpayer" means an individual, a partnership, or a corporation as described in section 143.441 or 143.471, RSMo, or section 148.370, RSMo, and the term "qualified research expenses" has the same meaning as prescribed in 26 U.S.C. 41.

2. For tax years beginning on or after January 1, 2001, the director of the department of economic development may authorize a taxpayer to receive a tax credit against the tax otherwise due pursuant to chapter 143, RSMo, or chapter 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo, in an amount up to six and one-half percent of the excess of the taxpayer's qualified research expenses, as certified by the director of the department of economic development, within this state during the taxable year over the average of the taxpayer's qualified research expenses within this state over the immediately preceding three taxable years; except that, no tax credit shall be allowed on that portion of the taxpayer's qualified research expenses incurred within this state during the

taxable year in which the credit is being claimed, to the extent such expenses exceed two hundred percent of the taxpayer's average qualified research expenses incurred during the immediately preceding three taxable years.

3. The director of economic development shall prescribe the manner in which the tax credit may be applied for. The tax credit authorized by this section may be claimed by the taxpayer to offset the tax liability imposed by chapter 143, RSMo, or chapter 148, RSMo, that becomes due in the tax year during which such qualified research expenses were incurred. Where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next five succeeding taxable years or until the full credit has been claimed, whichever first occurs. The application for tax credits authorized by the director pursuant to subsection 2 of this section shall be made no later than the end of the taxpayer's tax period immediately following the tax period for which the credits are being claimed.

4. Certificates of tax credit issued pursuant to this section may be transferred, sold or assigned by filing a notarized endorsement thereof with the department which names the transferee and the amount of tax credit transferred. The director of economic development may allow a taxpayer to transfer, sell or assign up to forty percent of the amount of the certificates of tax credit issued to and not claimed by such taxpayer pursuant to this section during any tax year commencing on or after January 1, 1996, and ending not later than December 31, 1999. Such taxpayer shall file, by December 31, 2001, an application with the department which names the transferee, the amount of tax credit desired to be transferred, and a certification that the funds received by the applicant as a result of the transfer, sale or assignment of the tax credit shall be expended within three years at the state university for the sole purpose of conducting research activities agreed upon by the department, the taxpayer and the state university. Failure to expend such funds in the manner prescribed pursuant to this section shall cause the applicant to be subject to the provisions of section 620.017.

5. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536, RSMo. The provisions of this section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The aggregate of all tax credits authorized pursuant to this section shall not exceed [nine] **five** million seven hundred thousand dollars in any year."; and

Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing

The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. (2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor.

All clerical and other staff services relating to the issuance and renewal of licenses of the individual boards and commissions are abolished. All clerical and other staff services pertaining to collecting and accounting for moneys and to financial management relative to the issuance and renewal of licenses of the individual boards and commissions are abolished. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of economic development. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

The trip permit is valid for use by any owner or operator who uses the vehicle during the seventy-two hour period. The fee for such trip permit shall be [ten] **fourteen dollars and fifty cents** and shall be collected by the department of revenue and deposited with the state treasurer to the credit of the state [highway] **highways and transportation** department fund except when an agreement has been negotiated with another jurisdiction whereby prepayment is not required. In such cases, the terms of the agreement shall prevail. When such trip permit fee has been paid on a motor vehicle, no registration or fee shall be required for a trailer or semitrailer duly and legally registered in any jurisdiction and propelled by such motor vehicle. The director of revenue shall prescribe rules and regulations to effectuate the purpose of this section. Application for such trip permits shall be made on a form prescribed by and shall contain such information as may be required by the director of revenue.

2. The requirements of Missouri law as to title of motor vehicles shall not be applicable to vehicles operated under such trip permits.
3. Any owner or operator who desires to use a trip permit for the operation of his vehicle shall secure such permit and the same must be in full force and effect before the vehicle enters or commences its trip in the state of Missouri.
4. Operators who fail to obtain such permit before the vehicle enters or commences its trip in this state are subject to arrest and must obtain such permit before proceeding. The permits shall be made available at official highway weight stations.
5. The purchase of a [ten] **fourteen dollar and fifty cents** trip permit shall allow such operator to haul the maximum weight allowed by statute.
6. Such permits may be sold in advance of the date of their use in such quantities as the director of revenue shall determine.

302.735. 1. The application for a commercial driver's license shall include, but not be limited to, the legal name, mailing and residence address, if different, a physical description of the person, including sex, height, weight and eye color, the person's Social Security number, date of birth and any other information deemed appropriate by the director.

2. The application for a commercial driver's license or renewal shall be accompanied by the payment of a fee of [forty] **sixty** dollars. The fee for a duplicate commercial driver's license shall be [twenty] **thirty** dollars. A commercial

driver's license shall expire on the applicant's birthday in the sixth year after issuance and must be renewed on or before the date of expiration. The director shall have the authority to stagger the issuance or renewal of commercial driver's license applicants over a six-year period. When a person changes such person's name, mailing or residence address, such person shall notify the director. To all applicants for a commercial license or renewal who are between eighteen and twenty-one years of age, the application shall be accompanied by a fee of twenty dollars. A commercial license issued pursuant to an applicant less than twenty-one years of age shall expire on the applicant's birthday the third year after issuance.

3. Within thirty days after moving to this state, the holder of a commercial driver's license shall apply for a commercial driver's license in this state. The applicant shall meet all other requirements of sections 302.700 to 302.780, except that the director may waive the driving test for a commercial driver's license as required in section 302.720 if the applicant for a commercial driver's license has a valid commercial driver's license from a state which has requirements for issuance of such license comparable to those in this state.

4. Any person who falsifies any information in an application or test for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be canceled, for a period of one year after the director discovers such falsification.

304.010. 1. As used in this section, the following terms mean:

(1) "Expressway", a divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which has crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway;

(2) "Freeway", a limited access divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which does not have any crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway within such ten miles of divided highway;

(3) "Rural interstate", that part of the federal interstate highway system that is not located in an urban area;

(4) "Urbanized area", an area of fifty thousand population at a density at or greater than one thousand persons per square mile.

2. Except as otherwise provided in this section, the uniform maximum speed limits are and no vehicle shall be operated in excess of the speed limits established pursuant to this section:

(1) Upon the rural interstates and freeways of this state, seventy miles per hour, **except that no truck registered for a gross weight of more than twenty-four thousand pounds shall be operated in excess of sixty-five miles per hour upon the rural interstates and freeways of this state;**

(2) Upon the rural expressways of this state, sixty-five miles per hour;

(3) Upon the interstate highways, freeways or expressways within the urbanized areas of this state, sixty miles per hour;

(4) All other roads and highways in this state not located in an urbanized area and not provided [by] **for** in subdivisions (1) to (3) of this subsection, sixty miles per hour;

(5) All other roads provided for in subdivision (4) of this subsection shall not include any state two-lane road which is identified by letter. Such lettered roads shall not exceed fifty-five miles per hour unless set at a higher speed as established by the department of transportation, except that no speed limit shall be set higher than sixty miles per hour;

(6) For the purposes of enforcing the speed limit laws of this state, it is a rebuttable presumption that the posted speed limit is the legal speed limit.

3. On any state road or highway where the speed limit is not set pursuant to a local ordinance, the highways and transportation commission may set a speed limit higher or lower than the uniform maximum speed limit provided in subsection 2 of this section, if a higher or lower speed limit is recommended by the department of transportation. The department of public safety, where it believes for safety reasons, or to expedite the flow of traffic a higher or lower speed limit is warranted, may request the department of transportation to raise or lower such speed limit, except that no speed limit shall be set higher than seventy miles per hour.

4. Notwithstanding the provisions of section 304.120 or any other provision of law to the contrary, cities, towns and villages may regulate the speed of vehicles on state roads and highways within such cities', towns' or villages' corporate limits by ordinance with the approval of the state highways and transportation commission. Any reduction of speed in cities, towns or villages shall be designed to expedite the flow of traffic on such state roads and highways to the extent consistent with public safety. The commission may declare any ordinance void if it finds that such ordinance is:

(1) Not primarily designed to expedite traffic flow; and

(2) Primarily designed to produce revenue for the city, town or village which enacted such ordinance. If an ordinance is declared void, the city, town or village shall have any future proposed ordinance approved by the highways and transportation commission before such ordinance may take effect.

5. The county commission of any county of the second, third or fourth classification may set the speed limit or the weight limit or both the speed limit and the weight limit on roads or bridges on any county, township or road district road in the county and, with the approval of the state highways and transportation commission, on any state road or highway not within the limits of any incorporated city, town or village, lower than the uniform maximum speed limit as provided in subsection 2 of this section where the condition of the road or the nature of the area requires a lower speed. The commission shall send copies of any order establishing a speed limit or weight limit on roads and bridges on a county, township or road district road in the county to the chief engineer of the state department of transportation, the superintendent of the state highway patrol and to any township or road district maintaining roads in the county. After the roads have been properly marked by signs indicating the speed limits and weight limits set by the county commission, the speed limits and weight limits shall be of the same effect as the speed limits provided for in subsection [1] 2 of this section and shall be enforced by the state highway patrol and the county sheriff as if such speed limits and weight limits were established by state law.

6. All road signs indicating speed limits or weight limits shall be uniform in size, shape, lettering and coloring and shall conform to standards established by the department of transportation.

7. The provisions of this section shall not be construed to alter any speed limit set below fifty-five miles per hour by any ordinance of any county, city, town or village of the state adopted before March 13, 1996.

8. The speed limits established pursuant to this section shall not apply to the operation of any emergency vehicle as defined in section 304.022.

9. A violation of the provisions of this section shall not be construed to relieve the parties in any civil action on any claim or counterclaim from the burden of proving negligence or contributory negligence as the proximate cause of any accident or as the defense to a negligence action.

10. Any person violating the provisions of this section is guilty of a class C misdemeanor, unless such person was exceeding the posted speed limit by twenty miles per hour or more then it is a class B misdemeanor.

11. As used in this section, the word "truck" means any vehicle, machine, tractor, trailer or semitrailer, or any combination thereof, propelled or drawn by mechanical power and designed for or used in the transportation of property upon the highways. The term "truck" also includes a commercial motor vehicle as defined in section 301.010, RSMo.

12. (1) The operator of any truck registered for a gross weight of more than twenty-four thousand pounds

operating such vehicle at a speed in excess of seventy miles per hour shall be fined one thousand dollars.

(2) The fine provided for in this subsection is in addition to all other fines and court costs imposed for the speeding violation.

622.030. 1. The administrative law judges shall assume all the duties concerning transportation activities heretofore imposed upon the commissioners of the public service commission in their quasi-judicial capacity and function. All ministerial duties shall be performed by the division, and the administrative law judges shall not be responsible for those activities. The administrative law judges shall hear and decide all matters concerning transportation activities which the public service commission or public service commissioners would have been required to hear and decide in a quasi-judicial capacity.

2. Each administrative law judge may exercise all powers granted to the division without the concurrence of any other administrative law judge, except with respect to the rulemaking powers, in which all administrative law judges must concur. The method of assignment of petitions, appeals or other cases may be determined by rule or other agreement between the administrative law judges. Except as provided in section 622.035, all hearings before the administrative law judges shall be governed by rules adopted by them. In all investigations, inquiries or hearings before the division or the administrative law judges, neither the administrative law judges nor the division shall be bound by technical rules of evidence. No formality in any proceeding nor in the manner of taking testimony before the division or an administrative law judge shall invalidate any order, decision, rule or regulation made, approved or confirmed by the division or administrative law judge.

3. The division [may] **shall** charge a [reasonable] docket fee [as may be set by rule] **of two hundred dollars** to be paid upon the filing of any petition, application, complaint, or other request for relief or authority by any party other than the division staff. All such docket fees shall be paid to the state director of revenue at the time of the filing of any such petition, application, complaint or other request for relief or authority, and the same shall be deposited by the state director of revenue in the [highway] **state highways and transportation department** fund of the state of Missouri."; and

SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Nos. 924, 714, 685, 756, 734 and 518, Page 31, Section 1, Line 4 of said page, by inserting after all of said line the following:

"Section 2. Moneys in excess of thirty million dollars, including any interest thereon, received by any attorneys who have acted on behalf of the state relating to the case of State of Missouri ex rel. Nixon v. The American Tobacco Co., et al, shall be paid to the state road fund and, upon appropriation, be used for the construction and rehabilitation of state highways."; and

Further amend the title and enacting clause accordingly.

Senator Kinder moved that the above amendment be adopted.

Senator Mathewson raised the following point of order:

Mr. President: I wish to raise a point of order concerning the amendment for SS for SCS for HS for HCS for HBs 924 et al. Per Missouri Senate Rule 96, which states that in situations where there is no Missouri Senate Rule, the rules of the United States Senate apply, I cite the following U.S. Senate rules:

- 1) Rule XVI (page 192) - The funding for a portion of this bill is based on a contingency, unreceived deductions from attorneys' fees. Amendments dependent upon the happening of a contingency - in this case, the reduction and reallocation of lawyers' fees for transportation funding - is a contravention of paragraph 4 of Rule XVI and not in order.
- 2) Rule XVI, paragraphs 4 and 6, (page 151) - The funding in this SCS attempts to appropriate through regular legislation, which is in contravention of paragraphs 4 and 6 of Rule XVI.

Finally, under U.S. Senate Rule XIV, the funding amendment violates various constitutional provisions. It impairs the obligation of contracts (2 contracts at issue): a.) A contract between the State and Tom Strong, which the Missouri Supreme Court has already ruled is valid and binding; and b.) A contract between two private parties. The amendment

is also a taking of private property for public use without just compensation by taking money for use by the State which, by contract, is payable to the attorneys. Lastly, the amendment is an unconstitutional "bill of attainder" in that it would operate retroactively to disturb validly vested rights.

If this amendment remains in the bill and is later held to be invalid or unconstitutional by a court, because the funding provisions are fundamental to the statutory plan, its validity is fatal to the entire legislation. Therefore, the senator from Cape Girardeau's amendment could be nonseverable following enactment.

It must be noted that when a point of order is made against an amendment on the grounds that it violates the Constitution, U.S. Senate Rule XIV stipulates that point of order must be submitted by the Chair to the Senate for a vote and when so submitted is subject to a motion to table, but if the Senate is operating under cloture the point of order is not debatable.

The point of order was referred to the President Pro Tem.

Senator Jacob submitted the following relative to the pending point of order:

MEMORANDUM

TO: Senator Kinder

FROM: Jeff Davis

DATE: April 11, 2001

RE: Jacobs-SB 402 Amendment

Jacobs has an amendment that would add SB 402 (removing gaming loss limits to fund educational scholarships) to the charter school bill or another educational bill. Similar to our attempt to amend tobacco attorney fees on SB 454, he uses casino revenues as a funding mechanism for education. He also strips out the loss limits, etc. Dr. Valentine opines that the portion stripping out the loss limits violates Article III, Section 23 of the Missouri Constitution which states that a bill can have no more than one subject. Since the subject of this provision is removing the casino loss limits and the subject of the bill is funding educational scholarships, a point of order should be well taken.

This is a setup-If you do this, then you would have to rule consistently on your amendments pending to SB 438 as well.

I do not necessarily think this is a bad thing. If we establish rigid rules for germaneness, it will be much more difficult to amend anything onto a bill that we don't want amended on there. We probably need to think about this a little more before you make a decision.

Senator Jacob raised a further point of order that **SA 3** is out of order in that it is not germane and goes beyond the scope and purpose of the bill.

The point of order was referred to the President Pro Tem.

President Pro Tem Kinder ruled the point of order raised by Senator Jacob not well taken.

At the request of Senator Kinder, **SA 3** was withdrawn, rendering the point of order raised by Senator Mathewson moot.

Senator Westfall offered **SA 4**:

SENATE AMENDMENT NO. 4

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for

House Bills Nos. 924, 714, 685, 756, 734 and 518, Page 14, Section 226.030, Line 27 of said page, by inserting after all of said line the following:

"226.033. 1. A commission member, during his or her tenure, shall not:

- (1) Personally solicit political contributions in a speech given at a fundraiser;**
- (2) Allow his or her official title to be used in connection with fundraising activities;**
- (3) Solicit, accept or receive political contributions;**
- (4) Organize, sell tickets to, promote or actively participate in a fundraising activity of a candidate for partisan political office or of a political party or partisan political group;**

- (6) Endorse or oppose a candidate for partisan political office or a candidate for political party office in a political advertisement, broadcast, campaign literature or similar material.**

2. If a commission member engages in any of the activities set forth in subsection one of this section, such activity shall be considered misconduct pursuant to section 226.030. If the governor finds that the commissioner's involvement in such activities affects the commissioner's ability to carry out his or her official duties in a nonpartisan manner, the governor may remove the offending commissioner from the commission.";
and

Further amend the title and enacting clause accordingly.

Senator Westfall moved that the above amendment be adopted and requested a roll call vote be taken. He was joined in his request by Senators Cauthorn, Klindt, Mathewson and Russell.

For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (9) of section 135.100, RSMo;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If

the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100, RSMo, which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section, shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition [and], asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575, RSMo.

(2) The director of the department of economic development, with the approval of the director of the department of natural resources, shall, in addition to the tax credits otherwise allowed in this section, grant a demolition tax credit to the applicant for up to one hundred percent of the costs of demolition that are not part of the voluntary remediation activities, provided that the demolition is either on the property where the voluntary remediation activities are occurring or on any adjacent property, and that the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development.

(3) The amount of remediation **and demolition** tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(4) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. The remediation **and demolition** tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(5) The project facility [is] **shall be** projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, **to be eligible for tax credits pursuant to this section.**

(6) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a "Letter of Completion" letter or covenant not to sue following completion of the voluntary remediation activities. It shall not

include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to 6 of section 135.250, RSMo. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, RSMo, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, RSMo, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225, RSMo, and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100, RSMo. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100, RSMo.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section, to any other person, for

the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471, RSMo, or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471, RSMo;

(2) The partners of the partnership.

The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period."; and

4. No sponsor shall receive from an applicant for a charter school any fee of any type for the consideration of a charter, nor may a sponsor condition its consideration of a charter on the promise of future payment of any kind.

Any available funding in excess of the total of eligible, fundable grant applications shall be retained in the fund the following year and counted as current year transferred funds for the purpose of reducing the amount of the transfer authorized pursuant to this subsection.

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. **The proposed charter shall specify a proposed starting date which shall be no earlier than eleven months following the date the proposed charter is submitted.** If the sponsor is not a school board, the applicant shall give a copy of its application to the school board of the district in which the charter school is to be located **and the state board of education, [when] within five business days of the date** the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. The charter shall include a mission statement for the charter school, a description of the charter school's organizational structure and bylaws of the governing body, which will be responsible for the policy and operational decisions of the charter school, a financial plan for the first three years of operation of the charter school including provisions for annual audits, a description of the charter school's policy for securing personnel services, its personnel policies, personnel qualifications, and professional development plan, a description of the grades or ages of students being served, the school's calendar of operation, which shall include at least the equivalent of a full school term as defined in section 160.011, and an outline of criteria specified in this section designed to measure the effectiveness of the school. The charter shall also state:

(1) The educational goals and objectives to be achieved by the charter school;

(2) A description of the charter school's educational program and curriculum;

- (3) The term of the charter, which shall be not less than five years, nor greater than ten years and shall be renewable;
- (4) A description of the charter school's pupil performance standards, which must meet the requirements of subdivision (6) of subsection 5 of this section. The charter school program must be designed to enable each pupil to achieve such standards; and
- (5) A description of the governance and operation of the charter school, including the nature and extent of parental, professional educator, and community involvement in the governance and operation of the charter school.

2. Proposed charters shall be subject to the following requirements:

(1) A charter application shall be provided to a proposed sponsor no later than eleven months prior to the proposed starting date for the charter school to begin operation. Within five business days of receipt of the application, the proposed sponsor shall forward a copy of the charter application to the state board of education and to the school board of the district if the proposed sponsor is not a school board;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met and determines that the applicant is sufficiently qualified to operate a charter school. The sponsor's decision of approval or denial shall be made within [sixty] ninety days of the filing of the proposed charter;

[(2)] (3) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

[(3)] (4) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter and shall notify the applicant in writing as to the reasons for its denial, if applicable; [and]

[(4)] (5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining credits for graduation, pregnant or a parent, homeless or has been homeless sometime within the preceding six months, has limited English proficiency, has been suspended from school three or more times, is eligible for free or reduced price school lunch, or has been referred by the school district for enrollment in an alternative program. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, it shall be submitted to the state board of education which may, within [forty-five] sixty days, disapprove the granting of the charter. The state board of education may disapprove a charter only on grounds that the application fails to meet the requirements of sections 160.400 to 160.420.

4. Any disapproval of a charter pursuant to subsection 3 of this section shall be subject to judicial review pursuant to chapter 536, RSMo.

5. A charter school shall, as provided in its charter:

- (1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;
- (2) Comply with laws and regulations of the state relating to health, safety, and minimum educational standards;

(3) Except as provided in sections 160.400 to 160.420, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, **publish audit reports and annual financial reports as provided pursuant to chapter 165, RSMo, provided that the annual financial report may be published via the Internet on the secretary of state's website in lieu of other publishing requirements**, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700, RSMo. A charter school that incurs debt must include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

(6) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, collect baseline data during at least the first three years for determining how the charter school is performing and to the extent applicable, [participate in] **employ** the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, **which shall also include a statement that background checks have been completed on the charter school's board members**, report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof, and provide data required for the study of charter schools pursuant to subsection 3 of section 160.410. No charter school will be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program. Nothing in this paragraph shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter;

(7) Assure that the needs of special education children are met in compliance with all applicable federal and state laws and regulations;

(8) Provide, in a timely fashion, all information necessary to confirm on-going compliance with all provisions of the charter and sections 160.400 to 160.420.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations at least once every two years.

7. (1) A sponsor may revoke a charter at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet academic performance standards as set forth in its charter, failure to meet generally accepted standards of fiscal management, **failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.420 within forty-five days following receipt of written notice requesting such information** or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, after which, if such plan is unsuccessful, the charter may be revoked. **The sponsor may require the remedial plan to provide for a change in methodology or leadership, or both.**

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's board of directors may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by

the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to judicial review pursuant to chapter 536, RSMo.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

8. A sponsor shall take all reasonable steps necessary to confirm each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.420.

9. A school district may enter into a lease with a charter school for physical facilities. [A charter school may not be located on the property of a school district unless the district governing board agrees.]

[9.] **10.** A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

11. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The board of directors of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided pursuant to sections 537.700 to 537.755, RSMo.

160.410. 1. A charter school shall enroll all pupils resident in the district in which it operates or eligible to attend a district's school under an urban voluntary transfer program who submit a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education; and

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school.

2. A charter school shall not limit admission based on race, ethnicity, national origin, disability, gender, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level.

3. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with a comparable group and a study of the impact of charter schools upon the districts in which they are located, to be conducted by a contractor selected through a request for proposal. The department of elementary and secondary education shall reimburse the contractor from funds appropriated by the general assembly for the purpose. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and a group of students comparable to the students enrolled in the charter school. The impact study shall be undertaken every two years to determine the effect of charter schools on education stakeholders in the districts where charter schools are operated. The impact study may include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter

school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.

4. A charter school shall make available for public inspection, free of charge, and provide upon request, to the parent, guardian or other custodian of any school-age pupil resident in the district in which the school is located, the following information:

(1) The school's charter; and

(2) The school's most recent annual report card published pursuant to section 160.522; and

(3) The results of background checks on the charter school's board members.

The charter school may charge reasonable fees for furnishing copies of documents pursuant to this subsection.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, RSMo, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free or reduced-price lunch or other categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside and to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. (1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the equalized, adjusted operating levy for school purposes for the pupils' district of residence for the current year times the guaranteed tax base per eligible pupil, as defined in section 163.011, RSMo, times the number of the district's resident pupils attending the charter school plus all other state aid attributable to such pupils, including summer school, if applicable, and all aid provided pursuant to section 163.031, RSMo.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(4) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following receipt of any such funds.

[(5) The per-pupil amount paid by a school district to a charter school shall be reduced by the amount per pupil determined by the state board of education to be needed by the district in the current year for repayment of leasehold revenue bonds obligated pursuant to a federal court desegregation action.]

3. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to subsection 2 of this section, the amount of overpayment or underpayment shall be adjusted in its next payment by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536, RSMo.

4. The charter school and a local school board may agree by contract for services to be provided by the school district

to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

5. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

6. A charter school shall be eligible for transportation state aid pursuant to section 163.161, RSMo, and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

7. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school district shall provide the special services provided pursuant to section 162.705, RSMo, and may provide the special services pursuant to a contract with a school district or any provider of such services.

8. A charter school may not charge tuition, nor may it impose fees that a school district is prohibited from imposing.

9. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. Upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355, RSMo.

10. Charter schools shall not have the power to acquire property by eminent domain.

11. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

160.420. 1. Any school district in which charter schools may be established pursuant to sections 160.400 to 160.420 shall establish a uniform policy which provides that if a charter school offers to retain the services of an employee of a school district, and the employee accepts a position at the charter school, [the contract between the charter school and the school district may provide that] an employee at the employee's option may remain an employee of the district and the charter school shall pay to the district the district's full costs of salary and benefits provided to the employee. [A] **The district's policy shall provide that any** teacher who accepts a position at a charter school and opts to remain an employee of the district retains such teacher's permanent teacher status and **retains such teacher's** seniority rights in the district **for three years**. The school district shall not be liable for any such employee's acts while an employee of the charter school.

2. A charter school may employ noncertificated instructional personnel; provided that no more than twenty percent of the full-time equivalent instructional staff positions at the school are filled by noncertificated personnel. All noncertified instructional personnel shall be supervised by certified instructional personnel. **A charter school may employ noncertificated administrative personnel and noncertificated principals and assistant principals.** The charter school shall ensure that all instructional employees of the charter school have experience, training and skills appropriate to the instructional duties of the employee, and the charter school shall ensure that a criminal background check and child abuse registry check are conducted for each employee of the charter school prior to the hiring of the employee. Appropriate experience, training and skills of noncertificated instructional personnel shall be determined considering:

- (1) Teaching certificates issued by another state or states;
- (2) Certification by the National Standards Board;
- (3) College degrees in the appropriate field;
- (4) Evidence of technical training and competence when such is appropriate; and
- (5) Level of supervision and coordination with certificated instructional staff.

3. Personnel employed by the charter school shall participate in the retirement system of the school district in which the charter school is located, subject to the same terms, conditions, requirements and other provisions applicable to personnel employed by the school district. **For purposes of participating in the retirement system, the charter school shall be considered to be a public school within the school district and personnel employed by the charter school shall be public school employees. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, personnel employed by the charter school shall continue to participate in the retirement system and shall do so on the same terms, conditions, requirements and other provisions as they participated prior to the lapse.**

160.534. [For fiscal year 1996 and each subsequent fiscal year,] **1. Except as otherwise provided in subsection 2 of this section,** any amount of the excursion gambling boat proceeds deposited in the gaming proceeds for education fund in excess of the amount transferred to the school district bond fund as provided in section 164.303, RSMo, shall be transferred to the state school moneys fund. Such moneys shall be transferred on a monthly basis and shall be distributed in the manner provided in section 163.031, RSMo.

2. Notwithstanding the provisions of section 313.321, RSMo, to the contrary, all revenue received by the Missouri lottery commission from the sale of Missouri lottery tickets and from all other sources, in excess of the total amount received in fiscal year 2001, and all excursion gaming boat proceeds received by the gaming commission in excess of the total amount received in fiscal year 2001, shall be transferred on a monthly basis as follows:

- (1) For fiscal year 2003, twenty percent to the school building property tax relief fund established pursuant to section 166.300, RSMo, and eighty percent to the state school moneys fund;**
- (2) For fiscal year 2004, forty percent to the school building property tax relief fund and sixty percent to the state school moneys fund;**
- (3) For fiscal year 2005, sixty percent to the school building property tax relief fund and forty percent to the state school moneys fund;**
- (4) For fiscal year 2006, eighty percent to the school building property tax relief fund and twenty percent to the state school moneys fund; and**
- (5) For fiscal year 2007, one hundred percent to the school building property tax relief fund.**

162.481. 1. Except as otherwise provided in this section, all elections of school directors in urban districts shall be held biennially at the same times and places as municipal elections.

2. In any urban district which includes all or the major part of a city which first obtained a population of more than seventy-five thousand inhabitants by reason of the 1960 federal decennial census, elections of directors shall be held on municipal election days of even-numbered years. The directors of the prior district shall continue as directors of the urban district until their successors are elected as herein provided. On the first Tuesday in April, 1964, four directors shall be elected, two for terms of two years to succeed the two directors of the prior district who were elected in 1960 and two for terms of six years to succeed the two directors of the prior district who were elected in 1961. The successors of these directors shall be elected for terms of six years. On the first Tuesday in April, 1968, two directors

shall be elected for terms to commence on November 5, 1968, and to terminate on the first Tuesday in April, 1974, when their successors shall be elected for terms of six years. No director shall serve more than two consecutive six-year terms after October 13, 1963.

3. **Except as otherwise provided in subsection 4 of this section**, hereafter when a seven-director district becomes an urban district, the directors of the prior seven-director district shall continue as directors of the urban district until the expiration of the terms for which they were elected and until their successors are elected as provided in this subsection. The first biennial school election for directors shall be held in the urban district at the time provided in subsection 1 which is on the date of or subsequent to the expiration of the terms of the directors of the prior district which are first to expire, and directors shall be elected to succeed the directors of the prior district whose terms have expired. If the terms of two directors only have expired, the directors elected at the first biennial school election in the urban district shall be elected for terms of six years. If the terms of four directors have expired, two directors shall be elected for terms of six years and two shall be elected for terms of four years. At the next succeeding biennial election held in the urban district, successors for the remaining directors of the prior seven-director district shall be elected. If only two directors are to be elected they shall be elected for terms of six years each. 4. In any school district in any city with a population of one hundred thousand or more inhabitants which is located within a county of the first classification that adjoins no other county of the first classification, **or any school district which becomes an urban school district by reason of the 2000 federal decennial census**, elections shall be held annually at the same times and places as general municipal elections for all years where one or more terms expire, and the terms shall be for three years and until their successors are duly elected and qualified for all directors elected on and after August 28, 1998.

164.303. There is hereby established in the state treasury the "School District Bond Fund". Such amounts as may be necessary to fund the annual requests submitted by the health and educational facilities authority to fund the payment of costs and grants as provided in subsection 7 of section 360.106 and sections 360.111 to 360.118, RSMo, and necessary costs for administration of those provisions, but not to exceed seven million dollars per year, shall be transferred by appropriation to the fund from the gaming proceeds for education fund before any amounts in the gaming proceeds for education fund are transferred [to the state school moneys fund,] as provided in section 160.534, RSMo. Moneys deposited in the school district bond fund shall be used by the health and educational facilities authority, subject to appropriation, to fund the payment of costs and grants as provided in subsection 7 of section 360.106 and sections 360.111 to 360.118, RSMo, and necessary costs for administration of those provisions. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund shall not be transferred to the credit of the general revenue fund at the end of each biennium.

166.300. 1. As used in this section, the following [words and phrases] **terms** shall mean:

- (1) ["Capital improvement projects", expenditures for lands or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings and initial equipment purchases;
- (2)] **"New construction", either the construction of a new building or the addition of a newly constructed area to an existing building, including expenditures for lands or existing buildings, architectural and engineering services, tests and inspections of lands or buildings, construction of buildings, additions to buildings and technology connectivity;**
- (2) **"Renovation", the modernization or modification of any existing building that will enhance the ability of such building to serve its educational purposes, excluding routine maintenance and repair, and including renovation expenditures for health and safety reasons, educational purposes, architectural and engineering services, tests and inspections of lands or buildings, renovations of existing buildings and technology connectivity;**
- (3) **"School [facility] building"**, a structure dedicated primarily to housing teachers and students in the instructional process, but shall not include [buildings] **facilities** dedicated primarily to administrative and support functions within

the school **or the school district.**

2. There is hereby created a [revolving] fund to be known as the "School Building [Revolving] **Property Tax Relief Fund**". All forfeitures of assets transferred pursuant to section 166.131, all gifts and bequests to such fund, **all moneys transferred to such fund pursuant to section 160.534, RSMo**, and such moneys as may be appropriated to the fund shall be deposited into the school building [revolving] **property tax relief fund**]; except that no more than four hundred forty million dollars, in the aggregate, shall be transferred to the fund]. **The fund shall be administered by the department of elementary and secondary education in the manner described in, and for the purposes described in, sections 166.300 to 166.324.**

3. After a fund balance has been established by prior years' deposits and interest, school districts may submit applications for [lease purchases] **matching grants** from the [revolving] fund for [specific] **allowed capital improvement** projects consistent with rules and regulations of the state board of education and [subsection 3 of] this section[, except that]. **The department shall divide its annual disbursements of matching grant moneys from the fund in equal, fifty percent portions to new construction projects and to renovation projects, and shall approve and prioritize applications accordingly, pursuant to this section. School districts may apply for both new construction and renovation grants in the same application, provided that new construction costs and renovation costs are separately itemized on such district's application, so that each may be separately approved or denied by the department. If, at the conclusion of the matching grant application period, there are funds available for either new construction or renovation that will not be used, and if there is a greater need for funds for the other category, then the department may transfer funds to the category with greater need at that time.**

4. No school district may be permitted to [enter into a lease purchase] **receive matching funds** from the school building [revolving] **property tax relief** fund without first submitting a long-range capital improvements plan. **Such plan shall include a detailed proposal of the specific allowed capital improvement projects to which grant moneys will be put, and shall include the specific manner in which the school district will provide for its matching portion, as such matching portion is calculated pursuant to section 166.305. Such plan shall also calculate the estimated amount of the state's portion of the matching funds, provided that the department shall not provide a match of funds for any costs of a project in excess of the maximum per-pupil amount described in section 166.308. Anticipated district expenditures on projects may exceed the maximum per-pupil amount, but in such case the state portion of matching funds shall be calculated solely on the maximum per-pupil amount stated in section 166.308. The department shall review and approve such plan prior to issuing matching grants.**

[3.] **5. To be eligible for [a lease purchase authorized by this section] matching funds pursuant to sections 166.300 to 166.324:**

(1) A school district shall meet the minimum criteria for state aid and for increases in state aid established pursuant to section 163.021, RSMo;

(2) A school district shall provide a program which is accredited by the state board of education for grades kindergarten through twelve or for grades kindergarten through eight; and

(3) A school district shall [have an equalized, assessed valuation per eligible pupil for the preceding year which is less than the statewide average equalized, assessed valuation per eligible pupil for the preceding year; and

(4) A school district shall have a bonded indebtedness which is no less than ninety percent of the constitutional limitation on indebtedness pursuant to section 26(b) of article VI of the Constitution of Missouri.

4. Lease purchase] **not be experiencing financial stress as defined in section 161.520, RSMo.**

6. The department of elementary and secondary education shall develop minimum state school building standards that may be used as criteria to determine if the district qualifies for a new construction project. The minimum state school building standards shall be met by any new construction project in order to qualify for matching grant approval by the department.

7. Matching grant applications for new construction shall be funded, as funds allow, first for all applications pursuant to subdivision (1) of this subsection [and], then for applications pursuant to subdivision (2) of this subsection and then for applications pursuant to **each successive** subdivision [(3)] of this subsection **thereafter**, and for funding of applications pursuant to a particular subdivision, applications shall be funded in the order that the applications are received by the department. If two or more applications are received on the same day, the district with the lowest [appraised] **assessed** valuation per pupil shall be given priority. Ranking of the applications for offering of [lease purchases] **matching grants for new construction** shall be done in the following order:

(1) Districts with [capital replacement] **new construction** costs in excess of insurance proceeds due to [facility] **school building** destruction caused by [fire or] natural **or man-made** disaster [shall be ranked on the basis of percentage of bonding capacity];

(2) Districts with a cumulative percentage growth in fall membership for the [third through the fifth] **three** preceding years in excess of twelve percent [and which have a bonded indebtedness which is no less than ninety percent of the constitutional limitation on indebtedness pursuant to section 26(b) of article VI of the Constitution of Missouri; and];

(3) [Districts with an equalized assessed valuation per pupil which is less than the statewide average equalized assessed valuation per pupil and which have a bonded indebtedness which is no less than ninety percent of the constitutional limitation on indebtedness pursuant to section 26(b) of article VI of the Constitution of Missouri.] **Districts with a cumulative percentage growth in fall membership for the three preceding years in excess of nine percent;**

(4) **Districts with a cumulative percentage growth in fall membership for the three preceding years in excess of six percent;**

(5) **Districts that are experiencing overcrowding but do not have the percentages of required new growth described in subdivisions (1) to (4) of this subsection shall qualify pursuant to subdivisions (1) to (4) of this subsection based on the same percentage of need as do districts with new growth based on the method of calculation developed by the department to determine this percentage of need for districts with overcrowding; and**

(6) **Districts for which new school buildings, or additions to existing school buildings, are needed in order to provide for:**

(a) **All-day kindergarten;**

(b) **Educational technology;**

(c) **Inter-district reorganization;**

(d) **Intra-district reorganization; or**

(e) **Increased student safety or student health.**

8. The department shall develop minimum state school building standards that may be used as criteria to determine if a district qualifies for a renovation project. The minimum state school building standards shall be met by any renovation project in order to qualify for matching grant approval by the department.

9. Matching grant applications for renovation shall be funded, as funds allow, for all applications pursuant to subdivision (1) of subsection 10 of this section, then, with the remaining renovation funds, eighty percent of the funds shall be used on applications pursuant to subdivision (2) of subsection 10 of this section and twenty percent of the funds shall be used on applications pursuant to subdivision (3) of subsection 10 of this section. If, at the conclusion of the application period, there are funds available from either the allocation to subdivision (2) or to subdivision (3) of subsection 10 of this section, and if there is a greater need that can be met by transferring the remainder of the unused allocation to the allocation of the other subdivision, then the

department may transfer funds to the allocation of the subdivision with the greater need.

10. For purposes of this subsection, the age of the original building for which the renovation grant is being sought shall be considered the age of the entire school building in question, regardless of subsequent renovations prior to the grant application. Ranking of the applications for offering of matching grants for renovation shall be done in the following order:

(1) Districts with renovation costs in excess of insurance proceeds due to school building destruction caused by natural or man-made disaster. Applications in this subdivision shall be funded in the order that the applications are received by the department. If two or more applications are received on the same day, the district with the lowest assessed valuation per pupil shall be given priority;

(2) School facilities that are thirty-five years old or older, ranked from oldest to newest. If a renovation project is for a school building that is on the National Register of Historic Places, or a similar historic buildings criteria which the state board of education may promulgate by rule, then the project will be ranked ahead of renovation projects for school buildings not so designated. If two or more buildings are the same age, the applications shall be funded in the order that the applications are received by the department. If two or more applications are received on the same day, the district with the lowest assessed valuation per pupil shall be given priority; and

(3) Buildings that are less than thirty-five years of age shall be ranked according to need, with the criteria for need developed by the department.

If a school district can demonstrate that a building that is fifty years old or older should be replaced instead of renovated, the replacement may be approved by the department with funding from renovation projects for buildings thirty-five years of age or older pursuant to subdivision (2) of this subsection. In order to approve a building replacement in lieu of renovation, the department may consider health and safety issues, a comparison of replacement or renovation costs, future energy savings or other criteria developed by the department. It shall be the school district's responsibility to present information to the department, on department developed forms or format, to demonstrate the need for the building replacement.

11. Each district that:

(1) Receives approval of its grant application pursuant to subsections 3 and 4 of this section;

(2) Is eligible pursuant to subsection 5 of this section; and

(3) Qualifies, pursuant to the funding priorities and availabilities of subsections 6 to 10 of this section, for funding; shall receive notification from the department within thirty days of its approval, and the district shall obtain its portion of the matching funds mandated by section 166.305 within one year of the date of its receipt of the notification. Upon obtaining the required matching funds, the district shall submit notification to the department, for approval by the department on forms created by the department. Such notification shall be given within thirty days of obtaining the funds, or as soon as possible prior to the end of the one-year period, whichever occurs first. In the event that the district fails to obtain all of its portion of the matching funds within the one-year period, the district shall forfeit its right to any state matching funds for the school year immediately following such failure, but the district shall not be prohibited from resubmitting its application for the school year next following such occurrence. Any district receiving a renovation matching grant shall not be eligible for another matching grant in any year unless all applications qualifying pursuant to this section for that year from districts which have not yet received a grant pursuant to this section are funded.

[5.] 12. When school building replacement or renovation is caused by [fire or] natural or man-made disaster, the requirement for a school district to have a long-range capital improvements plan, as required by subsection 4 of this section, may be waived by the [state board of education] department of elementary and secondary education.

[6. Each school district participating in a lease purchase from the school building revolving fund shall repay such lease purchase in no more than ten annual payments made on or before June thirtieth of each year. The first such payment

shall be due and payable on June thirtieth of the first full fiscal year following receipt of lease purchase proceeds. Lease purchase repayments shall be immediately deposited to the school building revolving fund by the department. Interest charged to the school district shall not exceed three percent.

7. HOUSE AMENDMENT NO. 22

Amend House Substitute for House Committee Substitute for Senate Bill No. 125, Page 3, Section A, Line 1 of said page, by inserting after all of said line the following:

"32.375. 1. Notwithstanding any provision of law to the contrary, in any dispute regarding the potential liability of a taxpayer for collection and remittance or payment of sales or use tax or related interest, additions to tax or penalties, the director of revenue may, at the request of the taxpayer, consider the reasons for the taxpayer's failure to pay the amounts in dispute.

2. The director may abate all or any portion of any amount assessed or decide to not assess any such amount pursuant to this section if the director determines:

(1) The taxpayer took reasonable steps to determine whether the amounts were owed;

(2) Based on information reasonably available to the taxpayer, the taxpayer reasonably believed that the transactions at issue were not subject to tax and that the amounts in dispute were not owed;

(3) At the time of the transactions at issue, the department of revenue had not issued either:

(a) A regulation that indicated that the transactions at issue were subject to tax; or

(b) Any other written or oral communication that the taxpayer knew of or should have known of stating that the transactions at issue were subject to tax; and

(4) In the discretion of the director, such abatement is in the best interest of the state and will not undermine compliance by taxpayers with the tax laws of this state.

3. If the director determines that any amounts may be abated pursuant to this section, as consideration for the abatement, the taxpayer shall agree that:

(1) The taxpayer shall bear his or her own costs, including any attorney fees;

(2) During the three year period beginning with the date of the agreement, the taxpayer shall comply with all sales and use tax obligations arising from the type of transactions that were the basis of the amounts that are the subject of the agreement and the taxpayer shall not challenge or protest any such sales or use tax obligations arising during the three year period; except that any final decision of a court of competent jurisdiction finding such transactions to be nontaxable and any statutory changes that become effective during the three year period shall apply to the taxpayer notwithstanding any provision of the agreement; and

(3) The taxpayer shall not contest in court or otherwise any amount of the liability sought to be abated.

4. If due to a disagreement concerning the amount to be abated the taxpayer does not agree to the terms provided by subsection 3 of this section or if the director determines the amounts in dispute should not be abated, the director shall issue a final decision setting forth the director's determination. Within sixty days after the date on which the director's decision is delivered in person or is mailed to the taxpayer, whichever is earlier, the taxpayer may file a petition for review of the final decision with the administrative hearing commission.

5. On petition for review before the administrative hearing commission, the commission shall consider whether the director's determination was reasonable based on the factors set forth in subsection 2 of this section. The commission may:

(1) Issue an order to the director stating an amount to be abated by the director, if the commission finds the director's decision unreasonable; or

(2) Issue an order denying the relief sought by the taxpayer, if the commission finds the director's determination reasonable.

6. The provisions of subsection 3 of this section shall apply to any abatement ordered by the commission.

7. A decision of the administrative hearing commission pursuant to this section shall not be subject to appeal or petition for review by the taxpayer or the director.

32.378. 1. In addition to the authority granted to the director of revenue and the administrative hearing commission pursuant to section 32.375, the director of revenue may agree to compromise any tax, interest, penalties or additions to tax assessed or collected by the director of revenue on any of the following grounds:

(1) Doubt as to liability, which exists in any case where there is a genuine dispute as to the existence or amount of the correct tax liability under the law;

(2) Doubt as to collectibility, which exists in any case where the amount assessed including interest, additions to tax and penalties exceeds the taxpayer's ability to pay as defined by regulations promulgated by the director of revenue; or

(3) To promote effective tax administration which means that compromise of the liability will not undermine compliance by taxpayers with the tax laws and that:

(a) Collection of the full liability will result in severe economic hardship to the taxpayer; or

(b) Regardless of the taxpayer's financial circumstances, exceptional circumstances exist such that collection of

the full liability will be detrimental to voluntary compliance by taxpayers. Such exceptional circumstances include, but are not limited to, instances where the taxpayer's failure to pay the taxes assessed is the result of circumstances beyond the reasonable control of the taxpayer and is not the result of negligence on the part of the taxpayer, or instances where a reasonable person would not have expected the assessment based on previous policy of the department of revenue or information provided to the taxpayer by the department of revenue.

2. As part of the consideration for any compromise of taxes that is based on subdivisions (2) or (3) of subsection 1 of this section, the taxpayer shall agree:

(1) That the state of Missouri shall keep all payments and other credits applied to the tax, interest, penalties or additions to tax for the periods covered by the offer;

(2) That the state of Missouri shall keep any and all amounts otherwise due the taxpayer as a result of overpayments of any tax or other liability, including interest, additions to tax and penalties, for periods ending before or as of the end of the calendar year in which the offer is accepted; except that the state shall not keep any amounts that, together with amounts already paid on the compromise exceed the liability compromised;

(3) That the taxpayer shall have no right to contest in court or otherwise the amount of the liability compromised;

(4) That the taxpayer shall bear his or her own costs, including any attorney fees;

(5) That during the three year period beginning with the date of the compromise, the taxpayer shall comply with all tax obligations arising from issues or transactions related to the issues or transactions that were the basis of the tax that is the subject of the compromise and that the taxpayer shall not challenge or protest any such tax obligations arising during the three year period; however, any statutory changes that become effective during the three year period shall apply to the taxpayer notwithstanding this provision of the compromise;

(6) That if there is a default in payment of any principal or interest due under terms of the agreement of compromise, or if the taxpayer fails to comply with the provisions of the agreement set forth in subdivision (5) of this subsection, the director of revenue may:

(a) Proceed immediately by suit to collect the entire unpaid balance of the amount agreed upon; or

(b) Proceed immediately by suit to collect as liquidated damages an amount equal to the liability compromised, minus any payments already received under the terms of the agreement, with interest on the unpaid balance from the date of default; or

(c) Disregard the amount of the compromise and apply all amounts previously paid under the agreement against the amount of the liability compromised and assess and collect by levy or suit the balance of the liability. If the director chooses this option, the taxpayer shall have the right to contest in court or otherwise the amount of the liability compromised.

3. The director's remedies under this section are cumulative and the director may pursue any combination of such remedies together or consecutively until the entire liability is paid. No action or inaction by the director shall constitute a waiver or election not to pursue any remedy granted by this section.

4. The taxpayer requesting to compromise payment of taxes, interest, additions to tax, or penalties shall provide any information reasonably requested by the director in order that the director may determine that the offer is made in good faith.

5. If compromise of taxes is agreed upon, any statute of limitations applicable to the assessment and collection of the liability compromised shall be tolled during the period beginning on the date of the compromise and ending one year after the last payment is due pursuant to the agreement.

6. The director's decision to reject or accept an offer of compromise under this section shall be based on consideration of all the facts and circumstances, including the taxpayer's record of overall compliance with the tax laws. Notwithstanding any provision of law to the contrary, the director's decision shall not be subject to review by the administrative hearing commission or any court.

7. The provisions of this section shall not apply to the resolution of any dispute of tax liability in accordance with section 32.375.

Section 1. In the event the department of revenue enters into an agreement with a taxpayer and said agreement exceeds the department's statutory authority and the taxpayer has relied to his detriment, the department shall be permitted to honor said contract. This section shall only apply to cases where the department has collected sales tax that was not owed by the taxpayer."; and

For purposes of any requirement regarding the schedule of qualified investments for certified capital for which earned and vested credits against state premium tax liability are allowed pursuant to this subsection only, the definition of a "qualified Missouri business" as set forth in subdivision [(13)] **(15)** of subsection 2 of section 135.500 means:

During any calendar year in which the limitation described in this subsection limits the amount of additional certified capital for which earned and vested credits against state premium tax liability are allowed, additional certified capital for which credits are allowed shall be allocated in order of priority based upon the date of filing of information described in subdivision (1) of subsection 5 of section 135.516 with respect to such additional certified capital. The department shall make separate allocations of certified capital for which credits are allowed under the limitations described in this subsection and under the limitations described in subsection 4 of this section. No limitation applicable to any certified capital company with respect to certified capital for which credits are allowed pursuant to subsection 4 of this section shall limit the amount of certified capital for which credits are allowed pursuant to this subsection. No limitation applicable to any certified capital company with respect to certified capital for which credits are allowed pursuant to this subsection shall limit the amount of certified capital for which credits are allowed pursuant to subsection 4 of this section.

6. 7. In no event shall the cumulative amount of tax credits authorized by this section exceed one hundred eighty million dollars.

135.508. **1.** The department may certify profit or not-for-profit entities which submit an application to be designated as a Missouri certified capital company. The department shall review the organizational documents for each applicant for certification and the business history of the applicant, determine that the Missouri certified capital company's cash, marketable securities and other liquid assets are at least five hundred thousand dollars, determine that the liquid asset base for certified companies is at least five hundred thousand dollars at all times during the company's participation in the program authorized by sections 135.500 to 135.529, and determine that the officers and the board of directors, partners, trustees or managers are thoroughly acquainted with the requirements of sections 135.500 to 135.529.

2. At least one full-time manager or principal of the certified capital company who has such experience must be primarily located in an office of the certified capital company which is based in this state.

3. To be certified, there must be no evidence that the applicant has:

(2) Made a material misrepresentation or false statement or concealed any essential or material fact from any person during the application process or with respect to information and reports required of certified capital companies pursuant to this law;

(3) Been convicted of, or entered a plea of guilty or nolo contendere to, a crime against the laws of this state or any other state or of the United States or any other country or government, including a fraudulent act in connection with the operation of a certified capital company, or in connection with the performance of fiduciary duties in another capacity;

(4) Been adjudicated liable in a civil action on grounds of fraud, embezzlement, misrepresentation or deceit; or

(5) Been the subject of any decision, finding, injunction, suspension, prohibition, revocation, denial, judgment or administrative order by any court of competent jurisdiction, administrative law judge, or any state or federal agency, national securities, commodities, or option exchange, or national securities, commodities or option association, involving a material violation of any federal or state securities or commodities law or any rule or regulation adopted pursuant to such law, or any rule or regulation of any national securities, commodities or options exchange, or national securities, commodities or options association; or

(6) Been the subject of any injunction or adverse administrative order by a state or federal agency regulating banking, insurance, finance or small loan companies, real estate, mortgage brokers or other related or similar industries.

4. No insurance company which receives tax credits permitted under sections 135.500 to 135.529 for an investment in a Missouri certified capital company shall, individually or with or through one or more affiliates, be a managing general partner of or control the direction of investments of that Missouri certified capital company. Within seventy-five days of application, the department shall either issue the certification and notify the department of revenue and the director of the department of insurance of such certification or shall refuse the certification and communicate in detail to the applicant the grounds for the refusal, including the suggestions for the removal of those grounds.

5. The department shall be responsible for the administration of the tax credits authorized by sections 135.500 to 135.529. No rule or portion of a rule promulgated under the authority of sections 135.500 to 135.529 shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536, RSMo. The provisions of this section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

135.516. 1. To continue to be certified, a Missouri certified capital company shall make qualified investments according to the following schedule:

(1) Within two years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least twenty-five percent of its certified capital shall be, or have been, placed in qualified investments;

A Missouri certified capital company may not make an investment in an affiliate of the certified capital company. For the purposes of this subsection, if a legal entity is not an affiliate before a certified capital company initially invests in the entity, it will not be an affiliate if a certified capital company provides additional investment in such entity subsequent to its initial investment;

(4) A certified capital company, at least fifteen working days prior to making what it determines to be an initial qualified investment in a specific qualified Missouri business, shall certify to the department that the company in which it proposes to invest meets the definition of a qualified Missouri business pursuant to subdivision (14) of subsection 2 of section 135.500. The certified capital company shall state the amount of capital it intends to invest and the name of the business in which it intends to invest. The certified capital company shall also provide to the department an explanation of its determination that the business meets the definition of a qualified Missouri business. If the department determines that the business does not meet the definition of a qualified Missouri business, it shall, within the fifteen-working-day period prior to the making of the proposed investment, notify the certified capital

company of its determination and an explanation thereof. If the department fails to notify the certified capital company with respect to the proposed investment within the fifteen- working-day period prior to the making of the proposed investment, the company in which the certified capital company proposes to invest shall be deemed to be a qualified Missouri business. If a certified capital company fails to notify the department prior to making an initial investment in a business, the department may subsequently determine that the business in which the certified capital company invested was not a qualified Missouri business even though the business, at the time of the investment, met the requirements of subdivision (14) of subsection 2 of section 135.500;

(5) All certified capital which is not required to be placed in qualified investments or which has been placed in qualified investments and can be received by the company[, may be held or invested in such manner as the Missouri certified capital company, in its discretion, deems appropriate]:

2. The proceeds of all certified capital which is received by a certified capital company after it was originally placed in qualified investments may be placed again in qualified investments and shall count toward any requirement in sections 135.500 to 135.529 with respect to placing certified capital in qualified investments.

[2.] **3.** A certified capital company may make qualified distributions at any time. In order to make distributions, other than qualified distributions, a certified capital company must have placed an amount cumulatively equal to one hundred percent of its certified capital in qualified investments, **and, with respect to qualified investments made with certified capital raised after August 28, 2001, twenty-five percent of such qualified investment must be in qualified Missouri agricultural businesses.** Cumulative distributions to equity holders, other than qualified distributions, in excess of the certified capital company's original certified capital and any additional capital contributions to the certified capital company shall be subject to audit by a nationally recognized certified public accounting firm acceptable to the department, at the expense of the certified capital company. The audit shall determine whether aggregate cumulative distributions to all investors and equity holders, other than qualified distributions, when combined with all tax credits utilized by investors pursuant to sections 135.500 to 135.529, have resulted in an annual internal rate of return of fifteen percent computed on the sum of total original certified capital of

the certified capital company and any additional capital contributions to the certified capital company. Twenty-five percent of distributions made, other than qualified distributions, in excess of the amount required to produce a fifteen percent annual internal rate of return, as determined by the audit, shall be payable by the certified capital company to the Missouri development finance board. Distributions or payments to debt holders of a certified capital company, however, may be made without restriction with respect to debt owed to them by a certified capital company. A debt holder that is also an investor or equity holder of a certified capital company may receive distributions or payments with respect to such debt without restriction.

4. In the event that a business in which a qualified investment is made fails to comply with its agreement to retain its headquarters and principal business operations in the state, or in a distressed community, if the investment is to be credited to a distressed community allocation, for three years following any qualified investment, by relocating its headquarters or principal business operations of such business within the state to another state, the cumulative amount of qualified investment shall be reduced for purposes of this subsection only by the amount of such qualified investment, unless:

(1) The certified capital company invests an amount of at least equal to the investment of certified capital in the relocated business in a qualified business located in the state or in a distressed community, if the investment is to be credited to a distressed community allocation, within six months of the relocation; or

(2) The business demonstrates that it has returned its principal business operations to Missouri or a distressed community, if the investment is to be credited to a distressed community allocation, within three months of such relocation.

[4.] **6.** Documents and other materials submitted by Missouri certified capital companies or by businesses for purposes of the continuance of certification may be deemed "closed records" pursuant to the provisions of section 620.014, RSMo.

[5.] **7.** Each Missouri certified capital company shall report the following to the department:

(3) Each Missouri certified capital company shall provide annual audited financial statements to the department which include an opinion of an independent certified public accountant to the department within ninety days of the close of the fiscal year. The audit shall address the methods of operation and conduct of the business of the Missouri certified capital company to determine if the Missouri certified capital company is complying with the statutes and program rules and that the funds received by the Missouri certified capital company have been invested as required within the time limits provided by sections 135.500 to 135.529.

135.527. 1. On an annual basis, on or before January thirty-first, each certified capital company shall file with the department, on forms or in a manner prescribed by the department, a report for the period ending December thirty-first of the immediately preceding calendar year:

2. The report shall be verified by one or more principals of the certified capital company submitting the form.

3. The department may audit and examine the accounts, books or records of certified capital companies, certified investors and qualified Missouri businesses that received qualified investments for the purpose of ascertaining the correctness of any report filed, and to ascertain a certified capital company's compliance with the provisions of sections 135.500 to 135.529.

4. Beginning on March 31, 2002, and on March thirty-first of each even-numbered year thereafter, the department shall report on a biennial basis to the governor, the speaker of the house of representatives, and the president pro tempore of the senate on or before April first:

Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. If the assessor increases the assessed valuation of any parcel of subclass (1) real property by more than seventeen percent since the last assessment, excluding increases due to new construction or improvements, then the assessor shall

conduct a physical inspection of such property.

8.1003. 1. Notwithstanding any other provision of the law, the division of design and construction is hereby authorized to institute a pilot program whereby the design-build procurement process may be utilized on a limited number of public projects as set out below for the purpose of demonstrating the benefits of the design-build process in the public sector. This authorization for design-build procurement shall be for the sole and exclusive use of the division of design and construction.

2. The maximum number of projects to be procured on a design-build basis during the course of this pilot program shall be no more than four projects each with an estimated cost of five million dollars or less and no more than four projects each with an estimated cost of more than five million dollars.

3. The director of design and construction shall select those projects for which the use of the design-build procurement process is appropriate. In making that determination, the director shall consider:

- (1) The likelihood that the design-build method of procurement will serve the public interest by providing substantial savings of time or money over the traditional design-bid-build delivery process;**
- (2) The time available to complete the project and meet the needs of the end user and any need to expedite the delivery process;**
- (3) The type of project and its suitability to the design-build process;**

In addition, the director shall present a final detailed report of all completed design-build projects to the general assembly completed each year during the pilot program. Such final reports shall contain an assessment of the advantages and disadvantages of the design-build process relative to the traditional design-bid-build procurement process on such completed projects.

8.1006. The division may adopt regulations pursuant to chapter 536, RSMo, for the conduct of the design-build process.

8.1009. 1. The director shall determine the scope and level of detail required to permit qualified persons to submit proposals in accordance with the request for proposals given the nature of the project.

2. A design criteria consultant may be employed or retained by the division to assist in preparation of the request for proposal, perform periodic site visits, prepare progress reports, review and approve progress and final pay applications of the design-builder, review shop drawings and submittals, decide disputes, interpret the construction documents, perform inspections upon substantial and final completion, assist in warranty inspections and to provide any other professional service where the director deems it to be in the public interest to have an independent design professional assisting with the project administration. The consultant shall be selected and its contract negotiated in compliance with sections 8.285 to 8.291.

8.1012. 1. Notice of requests for proposals shall be advertised in accordance with section 8.250. The division shall publish a notice of a request for proposal with a description of the project, the rationale for the decision to use the design-build method of procurement, the procedures for submittal and the selection criteria to be used.

2. The director shall establish in the request for proposal a time, place and other specific instructions for the receipt of proposals. Proposals not submitted in strict accordance with those instructions shall be subject to rejection.

3. A request for proposals shall be prepared for each design-build contract containing at minimum the following elements:

- (2) The proposed terms and conditions for the design-build contract;**
- (3) The design criteria package;**
- (4) A description of the drawings, specifications or other information to be submitted with the proposal, with guidance as to the form and level of completeness of the drawings, specifications or other information that will be acceptable;**

- (6) Budget limits for the design-build contract, if any;**
- (7) Affirmative action and minority or women business enterprise requirements for the design-build contract, if**

any;

(8) Requirements including any available ratings for performance bonds, payment bonds and insurance;

(9) Any other information that the division in its discretion chooses to supply, including without limitation, surveys, soil reports, drawings of existing structures, environmental studies, photographs or references to public records; and

(10) No request for proposal for a design build project issued by the division of design and construction shall include a project labor agreement, collective bargaining agreement, pre-hire agreement or any other agreement with employees, their representatives or any labor organization as a condition of bidding, negotiating, being awarded or performing work on a design build project. Any bidder, offeror, contractor, subcontractor or taxpayer shall have standing to challenge any bid specification, project agreement, grant or cooperative agreement which contains a project labor agreement, collective bargaining agreement, pre-hire agreement or similar agreement as being in violation of this section.

4. The director shall solicit proposals in a three-stage process. Phase I shall be the solicitation of qualifications of the design-build team. Phase II shall be the solicitation of a technical proposal including conceptual design for the project, and phase III shall be the proposal of the construction cost.

5. The evaluation team shall review the submittals of the proposers and assign points to each proposal in accordance with sections 8.1000 to 8.1027 and section 327.395, RSMo, and as set out in the instructions of the request for proposal.

8.1015. 1. Phase I shall require all proposers to submit a statement of qualifications which shall include, but not be limited to:

(1) Demonstrated ability to perform projects comparable in design, scope and complexity;

(2) References of owners for whom design-build projects have been performed;

(3) Qualifications of personnel who will manage the design and construction aspects of the project;

(4) The names and qualifications of the primary design consultants and contractors with whom the design-builder proposes to subcontract. The design-builder may not replace an identified subcontractor or subconsultant without the written approval of the director.

2. The evaluation team shall evaluate the qualifications of all proposers in accordance with the instructions of the request for proposal. Designers on the project shall be evaluated in accordance with the requirements of section 8.285 to 8.291. Qualified proposers selected by the evaluation team may proceed to phase II of the selection process. Proposers lacking the necessary qualifications to perform the work shall be disqualified and shall not proceed to phase II of the process. Under no circumstances shall price or fee be a part of the prequalification criteria. Points assigned in the phase I evaluation process shall not carry forward to phase II of the process. All qualified proposers shall be ranked on points given in phases II and III only.

3. The director shall have discretion to disqualify any proposer, which in the director's opinion lacks the minimal qualifications required to perform the work.

4. Once a sufficient number of qualified proposers have been selected, the proposers shall have a specified amount of time with which to assemble phase II and phase III proposals.

8.1018. Phase II of the process shall be conducted as follows:

(1) The director shall invite the top five qualified proposers to participate in phase II of the process. If there are not five qualified proposers, then all qualified proposers will be invited to submit phase II. If three

qualified proposers cannot be identified, the contracting process will cease;

(2) Proposers must submit their design for the project, to the level of detail required in the request for proposal. The design proposal should demonstrate compliance with the requirements set out in the request for proposal;

(3) The schedule for completing a project as designed by a proposer may be considered as an element of evaluation in phase II;

(4) Up to twenty percent of the points awarded to each proposer in phase II may be based on each proposers' qualifications and ability to design, construct and deliver the project on time and within budget;

(5) Under no circumstances should the design proposal contain any reference to the cost of the proposal;

(6) The design submittals will be evaluated and assigned points in accordance with the requirements of the request for proposal. Phase II shall account for no more than fifty percent of the total point score as specified in the request for proposal.

8.1021. Phase III shall be conducted as follows:

(1) The phase III proposal must provide a firm, fixed cost of construction. The proposal must be accompanied by bid security and any other required submittals, such as statements of minority participation as required by the request for proposal;

(2) Cost proposals must be submitted in accordance with the instructions of the request for proposal. Failure to submit a cost proposal on time shall be cause to reject the proposal. Phase III shall account for not less than fifty percent of the total point score as specified in the request for proposal;

(3) Proposals for phase II and phase III shall be submitted concurrently at the time and place specified in the request for proposal. The phase III cost proposals shall be opened only after the phase II design proposals have been evaluated and assigned points;

(4) Cost proposals will be opened and read aloud at the time and place specified in the request for proposal. At the same time and place, the evaluation team will make public its scoring of phase II. Cost proposals will be evaluated in accordance with the requirements of the request for proposal. In evaluating the cost proposals, the low bidder shall be awarded the total number of points assigned to be awarded in phase III. For all other bidders, cost points will be calculated by reducing the maximum points available in phase III by two percent or more for each percentage point of the low bid by which the bidder exceeds the low bid and the points assigned will be added to the points assigned for phase II for each proposer;

(5) The responsive proposer with the highest total number of points will be awarded the contract. If the director determines, however, that it is not in the best interest of the state to proceed with the project pursuant to the proposal offered by the proposer with the highest total number of points, the director shall reject all proposals. In such event, all qualified proposers with lower point totals shall receive a stipend pursuant to section 8.1024 and the proposer with the highest total number of points shall receive an amount equal to two times such stipend;

(6) If all proposals are rejected, the director may solicit new proposals using different design criteria, budget constraints or qualifications.

8.1024. As an inducement to qualified proposers, the division shall pay a reasonable stipend, the amount of which shall be established in the request for proposal, to each prequalified design-builder whose proposal is responsive but not accepted. Upon payment of the stipend to any unsuccessful design-build proposer, the state shall acquire a nonexclusive right to use the design submitted by the proposer, and the proposer shall have no further liability for its use by the state in any manner. If the design-build proposer desires to retain all rights

and interest in the design proposed, the proposer shall forfeit the stipend.

8.1027. Any person or corporation that enters into a design-build contract with the division of design and construction does not violate the requirements of chapter 327, RSMo, so long as the architectural, engineering or land surveying services to be performed under the contract are performed by:

- (1) Persons who are duly licensed in this state and who are employees of the design-build contractor which holds a certificate of authority from the board of registration; or**
- (2) Persons who are duly licensed in this state and who are under contract to the design-build contractor; or**
- (3) Corporations that hold current certificates of authority from the board for the appropriate profession which are under contract to the design-build contractor."; and**

18. The commission shall publish its cost estimates of the design-build highway project award and the project completion date along with its public notice of a request for qualifications of the design-build project.

19. If the commission fails to receive at least two responsive submissions from design-builders considered qualified, submissions shall not be opened and it shall readvertise the project.

20. The provisions of this section shall be applicable to one interstate pilot highway project which shall be selected by the commission and shall have a total maximum annual expenditure of one hundred twenty-five million dollars for the life of the design-build project.";and

2. This section shall only apply to actions against any person whose sole connection with the improvement is performing or furnishing, in whole or in part, the design, planning or construction, including architectural, engineering or construction services, of the improvement.

If any action is commenced against any person specified by subsection 2[, any] **of this section**, such person may, within one year of the date of the filing of such [an] action, notwithstanding the provisions of subsection 1 **of this section**, commence an action or a third party action for contribution or indemnity for damages sustained or claimed in any action because of **economic loss**, personal injury, property damage or wrongful death arising out of a defective or unsafe condition of any improvement to real property.

4. This section shall not apply [if]:

(1) **If** an action is barred by another provision of law;

Certificate of substantial completion issued by a design professional or a temporary certificate of occupancy by a public official shall be evidence of substantial completion.

537.800. 1. In any action against a licensed professional for damages or injuries due to the rendering of or failure to render professional services, the plaintiff or plaintiff's attorney shall file an affidavit with the court stating that the plaintiff or plaintiff's attorney has obtained the written opinion of a legally qualified like licensed professional which states that the defendant licensed professional failed to use such care as a reasonably prudent and careful licensed professional would have under similar circumstances and that such failure to use such reasonable care directly caused or directly contributed to cause the damages claimed in the petition.

2. The affidavit shall state the qualifications of the like licensed professional to offer such opinion.

3. A separate affidavit shall be filed for each defendant named in the petition.

4. The affidavit shall be filed no later than ninety-five days after the filing of the petition unless the court, for good cause shown, orders that such time be extended.

5. If the plaintiff or his attorney fails to file the affidavit, the court may, upon motion of any party, dismiss the action against such moving party without prejudice.

6. Amend House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 186, Pages 8-9, Section 148.400, by deleting said section from the bill; and

Further amend the title, enacting clause and intersectional references accordingly.

HOUSE AMENDMENT NO. 4

Amend House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 186, Page 74, Section 367.532, Line 2 of said page, by inserting after all of said line the following:

"379.316. 1. Section 379.017 and sections 379.316 to 379.361 apply to insurance companies incorporated pursuant to sections 379.035 to 379.355, section 379.080, sections 379.060 to 379.075, sections 379.085 to 379.095, sections

379.205 to 379.310, and to insurance companies of a similar type incorporated pursuant to the laws of any other state of the United States, and alien insurers licensed to do business in this state, which transact fire and allied lines, marine and inland marine insurance, to any and all combinations of the foregoing or parts thereof, and to the combination of fire insurance with other types of insurance within one policy form at a single premium, on risks or operations in this state, except:

- (1) Reinsurance, other than joint reinsurance to the extent stated in section 379.331;
- (2) Insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured pursuant to marine, as distinguished from inland marine, insurance policies;
- (3) Insurance against loss or damage to aircraft;
- (4) All forms of motor vehicle insurance; and
- (5) All forms of life, accident and health, and workers' compensation insurance.

2. Inland marine insurance shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted, by ruling of the director, or as established by general custom of the business, as inland marine insurance.

3. Commercial property and commercial casualty insurance policies [which meet the exemption requirements of section 379.362 shall be exempt from those insurance laws of this state which concern the regulation by the director of the department of insurance of the policy language, policy provisions or the format of such policies, or the regulation of the rates used to calculate the amount of premium charged] **are subject to rate and form filing requirements as provided in section 379.321.**

379.321. 1. Every insurer shall file with the director, except as to commercial property or commercial casualty insurance as provided in subsection 6 of this section [and as to inland marine risks which by regulation or general custom of the business are not written according to manual rates or rating plans], every manual of classifications, rules, underwriting rules and rates, every rating plan and every modification of the foregoing which it uses and the policies and forms to which such rates are applied. Any insurer may satisfy its obligation to make any such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings and by authorizing the director to accept such filings on its behalf, provided that nothing contained in section 379.017 and sections 379.316 to 379.361 shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization or as requiring any member or subscriber to authorize the director to accept such filings on its behalf. Filing with the director by such insurer or licensed rating organization within ten days after such manuals, rating plans or modifications thereof or policies or forms are effective shall be sufficient compliance with this section.

2. Except as to commercial property or commercial casualty insurance as provided in subsection 6 of this section and [as to contracts or policies for] inland marine risks [as to which filings are not required] **as provided in subsection 1 of this section**, no insurer shall make or issue a policy or contract except pursuant to filings which are in effect for that insurer or pursuant to section 379.017 and sections 379.316 to 379.361. Any rates, rating plans, rules, classifications or systems, in effect on August 13, 1972, shall be continued in effect until withdrawn by the insurer or rating organization which filed them.

3. Upon the written application of the insured, stating his or her reasons therefor, filed with the insurer, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

4. Every insurer which is a member of or a subscriber to a rating organization shall be deemed to have authorized the director to accept on its behalf all filings made by the rating organization which are within the scope of its membership or subscribership, provided:

- (1) That any subscriber may withdraw or terminate such authorization, either generally or for individual filings, by written notice to the director and to the rating organization and may then make its own independent filings for any

kinds of insurance, or subdivisions, or classes of risks, or parts or combinations of any of the foregoing, with respect to which it has withdrawn or terminated such authorization, or may request the rating organization, within its discretion, to make any such filing on an agency basis solely on behalf of the requesting subscriber; and

(2) That any member may proceed in the same manner as a subscriber unless the rating organization shall have adopted a rule, with the approval of the director:

(a) Requiring a member, before making an independent filing, first to request the rating organization to make such filing on its behalf and requiring the rating organization, within thirty days after receipt of such request, either:

a. To make such filing as a rating organization filing;

b. To make such filing on an agency basis solely on behalf of the requesting member; or

c. To decline the request of such member; and

(b) Excluding from membership any insurer which elects to make any filing wholly independently of the rating organization.

5. Any change in a filing made pursuant to this section during the first six months of the date such filing becomes effective shall be approved or disapproved by the director within ten days following the director's receipt of notice of such proposed change.

6. [Commercial property and commercial casualty insurance policies which meet the exemption requirements of section 379.362 shall adhere to the filing requirements of this section, provided however, that the filings for such policies shall be for informational purposes only. Therefore, all manuals of classifications, rules, underwriting rules, rates, rate plans and modifications, policy forms and other forms to which such rates are applied, shall be filed with the director for policies which meet the exemption requirements of section 379.362. Such filings shall be made with the director within thirty days after such materials are used by the insurer, but such policies and rates need not be reviewed or approved by the department of insurance as a condition of their use. Nothing in this subsection shall require the filing of individual policies or the rates related thereto where the original policy forms, manuals, rates and rules for the insurance plan or program to which such individual policies conform have already been filed with the director.] **Commercial property and commercial casualty requirements differ as follows:**

(1) All commercial property and commercial casualty insurance rates, rate plans, modifications, and manuals of classifications, where appropriate, shall be filed with the director for informational purposes only. Such rates are not to be reviewed or approved by the department of insurance as a condition of their use. Nothing in this subsection shall require the filing of individual rates where the original manuals, rates and rules for the insurance plan or program to which such individual policies conform have already been filed with the director;

(2) If an insurer will only renew a commercial casualty or commercial property insurance policy with an increase in premium of twenty-five percent or more, a "premium alteration requiring notification" notice must be mailed or delivered by the insurer at least sixty days prior to the expiration date of the policy, except in the case of an umbrella or excess policy the coverage of which is contingent on the coverage of an underlying policy of commercial property or casualty insurance, in which case notice of an increase in premium of twenty-five percent or more shall be mailed or delivered at least thirty days prior to the expiration date of the policy. Such notice shall be mailed or delivered to the agent of record and to the named insured at the address shown in the policy. If the insurer fails to meet this notice requirement, the insured shall have the option of continuing the policy for the remainder of the notice period plus an additional thirty days at the premium rate of the existing policy or contract. This provision does not apply if the insurer has offered to renew a policy without such an increase in premium or if the insured fails to pay a premium due or any advance premium required by the insurer for renewal. For purposes of this section, "premium alteration requiring notification" means an annual increase in premium of twenty-five percent or more, exclusive of premium increases due to a change in the operations of the insured which increases either the hazard insured against or the individual loss characteristics, or due to a change in the magnitude of the exposure basis, including, without limitation, increases in payroll or

sales. For commercial multiperil policies, no "premium alteration requiring notification" shall be required unless the increase in premium for all of a policyholder's policies taken together amounts to a twenty-five percent or more annual increase in premium;

(3) Commercial property and commercial casualty policy forms shall be filed with the director as provided pursuant to subsection 1 of this section. However, if after review, it is determined that corrective action must be taken to modify the filed forms, the director shall impose such corrective action on a prospective basis for new policies. All policies previously issued which are of a type that is subject to such corrective action shall be deemed to have been modified to conform to such corrective action retroactive to their inception date;

(4) For purposes of this section, "commercial casualty" means "commercial casualty insurance" as defined in section 379.882. For purposes of this section, "commercial property" means property insurance, which is for business and professional interests, whether for profit, nonprofit or public in nature which is not for personal, family or household purposes, but does not include title insurance;

(5) Nothing in this subsection shall limit the director's authority over excessive, inadequate or unfairly discriminatory rates.

379.356. 1. No insurer, broker or agent shall knowingly charge, demand or receive a premium for any policy of insurance except in accordance with the provisions of section 379.017 and sections 379.316 to 379.361. No insurer or employee thereof, and no broker or agent shall pay, allow, or give, directly or indirectly, as an inducement to insurance, or after insurance has been effected, any rebate, discount, abatement, credit or reduction of the premium named in a policy of insurance, or any special favor or advantage in the dividends or other benefits to accrue thereon, or any valuable consideration or inducement whatever, not specified in the policy of insurance, except to the extent provided for in applicable filings. No insured named in any policy of insurance shall knowingly receive or accept, directly or indirectly, any such rebate, discount, abatement, credit or reduction of premium, or any such special favor or advantage or valuable consideration or inducement. Nothing in this section shall be construed as prohibiting the payment of, nor permitting the regulation of the payment of, commissions or other compensation to duly licensed agents and brokers; nor as prohibiting, or permitting the regulation of, any insurer from allowing or returning to its participating policyholders or members, dividends or savings.

2. An insurer or insurance producer, agent or broker may charge additional incidental fees for premium installments, late payments, policy reinstatements, or other similar services specifically provided for by law or regulation. Such fees shall be disclosed to the applicant or insured in writing.

379.425. 1. Sections 379.420 to 379.510 apply to casualty insurance, including fidelity, surety and guaranty bonds, and to all forms of motor vehicle insurance, on risks or operations in this state, except:

(1) Reinsurance, other than joint reinsurance to the extent stated in section 379.460 and subsection 2 of section 379.430;

(2) Insurance against workers' compensation liability;

(3) Accident and health insurance;

(4) Insurance against loss of or damage to aircraft, or against liability, other than employers' liability, arising out of the ownership, maintenance or use of aircraft.

2. Commercial casualty insurance policies [which meet the exemption requirements of section 379.362] shall be exempt from [those insurance laws of this state which concern the regulation by the director of insurance of the policy language, policy provisions or the format of such policies, or regulation of the rates used to calculate the amount of premium charged] **the provisions of sections 379.420 to 379.510 to the extent permitted pursuant to subsection 6 of section 379.321.**

379.888. 1. As used in sections 379.888 to 379.893, the following terms mean:

- (1) "'A' rated risk", any insurance coverage for which rates are individually determined based upon judgment because neither a rate service organization nor the insurer has yet established a manual rate based upon experience, except that if a rate service organization or the insurer acquires sufficient experience to establish, or if the insurer itself has, a manual rate for such coverage, then such coverage shall no longer be considered an "A" rated risk for each insurer;
- (2) "Base rate", the rate designed to reflect the average aggregate experience of a particular market, prior to adjustment for individual risk characteristics resulting from application of any rating plan;
- (3) "Classification", a grouping of insurance risks according to a classification system used by an insurer;
- (4) "Classification system", a schedule of classifications and a rule or set of rules used by an insurer for determining the classification applicable to an insured;
- (5) "Commercial casualty insurance", casualty insurance for business or nonprofit interests which is not for personal, family, or household purposes;
- (6) "Director", the director of the department of insurance;
- (7) "Rate", a monetary amount applied to the units of exposure basis assigned to a classification and used by an insurer to determine the premium for an insured;
- (8) "Rating plan", a rule or set of rules used by an insurer to calculate premium for an insured, and the parameter values used in such calculation, after application of classification premium rates to units of exposure; and
- (9) "Rating system", a collection of rating plans to be used by an insurer, rules for determining which rating plans are applicable to an insured, a classification system, and other rules used by an insurer for determining contractual consideration for insured.

2. [Every filing of commercial casualty insurance premium rates, rating plans or rating systems by an insurer or rating organization shall be submitted to the director for review prior to becoming effective if it produces an increase or decrease exceeding twenty-five percent annually from changes in any:

- (1) Base rates;
- (2) Rating basis;
- (3) Rating plans;
- (4) Manual rules;
- (5) Territorial definitions; or
- (6) Combination of such rating system components of subdivisions (1) to (5) of this subsection.

3.] Nothing in this section applies to premium increases or decreases from:

- (1) Change in hazard of the insured's operation;
- (2) Change in magnitude of the exposure basis for the insured, including, without limitation, changes in payroll or sales;
- (3) "A" rated risks[; or
- (4) Commercial casualty insurance that is exempt pursuant to section 379.362].

[4.] **3.** Any renewal notice of a commercial casualty insurance policy as defined in section 379.882 for any Missouri risk or portion thereof which would have the effect of increasing the premium charged to the insured due to a change in any scheduled rating factor applied to the policy during the previous policy period shall contain or be accompanied by a notice to the insured informing the insured that any inquiry by the insured concerning the change may be directed to the agent of record or directly to the insurer. When any insured makes a request for information pursuant to this subsection, the insurer, directly or through the insurer's agent, shall inform the insured in writing in terms sufficiently clear and specific of the basis for any reduction in a scheduled rating credit or increase in a scheduled rating debit which is applied to the policy. Evidence supporting the basis for any scheduled rating credit or debit shall be retained by the insurer for the policy term plus two calendar years pursuant to section 374.205, RSMo. The department of insurance shall notify commercial casualty insurers of the requirements of this section by bulletin.

4. Any renewal involving a "premium alteration requiring notification" as defined in subsection 6 of section 379.321, shall be handled pursuant to the requirements of that subsection."; and

Further amend said bill, Page 92, Section 513.430, Line 14 of said page, by inserting after all of said line the following:

"Section 1. No insurer or its agent or representative shall require any applicant or policyholder to divulge if any insurer has denied any claim of that applicant or policyholder."; and

Further amend said title, enacting clause and intersectional references accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-SIXTH DAY--FRIDAY, MAY 18, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"(I am the Lord:) I will grant peace in the land, and you shall lie down, and no one shall make you afraid." (Leviticus 26:6)

Merciful Father, the hours are numbered until the tension and anxiety of this session and this day are ended and we shall have rest. So we pray that You walk these hours with us so we may know Your love and mercy and we may come to that place of wholeness of body, mind, spirit and community. There we shall receive Your peace and know we have fought the good fight and completed the race. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

2. The director shall establish minimum age, citizenship, and general education requirements and may require a qualifying score on a certification examination as conditions of eligibility for a peace officer license.

3. The director shall provide for the licensure, with or without additional basic training, of peace officers

4. The director shall establish a procedure for obtaining a peace officer license and shall issue the proper license when the requirements of this chapter have been met.

(5) The POST commission shall provide for the recognition of basic training received at law enforcement training centers of other states, the military, the federal government and territories of the United States regardless of the number of hours included in such training and shall have authority to require supplemental training as a condition of eligibility for licensure.

2. The director shall have the authority to limit any exception provided in subsection 1 of this section to persons remaining in the same commission or transferring to a commission in a similar jurisdiction.

3. The basic training of every peace officer, except agents of the conservation commission, shall include at least thirty hours of training in the investigation and management of cases involving domestic and family violence. Such training shall include instruction, specific to domestic and family violence cases, regarding: report writing; physical abuse, sexual abuse, child fatalities and child neglect; interviewing children and alleged perpetrators; the nature, extent and causes of domestic and family violence; the safety of victims, other family and household members and investigating officers; legal rights and remedies available to victims, including rights to compensation and the enforcement of civil and criminal remedies; services available to victims and their children; the effects of cultural, racial and gender bias in law enforcement; and state statutes. Peace officers who make traffic stops shall be required to receive annual training concerning the prohibition against racial profiling and such training shall promote understanding and respect for racial and cultural differences and the use of effective, non-combative methods for carrying out law enforcement duties in a racially and culturally diverse environment.

2. The director shall license continuing education providers and may probate, suspend and revoke such licenses upon written notice stating the reasons for such action. Any person aggrieved by a decision of the director pursuant to this subsection may appeal as provided in chapter 536, RSMo.

3. The costs of continuing law enforcement education shall be reimbursed in part by moneys from the peace officer standards and training commission fund created in section 590.178, subject to availability of funds, except that no such funds shall be used for the training of any person not actively commissioned or employed by a county or municipal law enforcement agency.

4. The director may engage in any activity intended to further the professionalism of peace officers through training and education, including the provision of specialized training through the department of public safety.

590.060. 1. The POST commission shall establish minimum standards for training instructors and training centers, and the director shall establish minimum qualifications for admittance into a basic training course.

2. The director shall license training instructors, centers, and curricula, and may probate, suspend and revoke such licenses upon written notice stating the reasons for such action. Any person aggrieved by a decision pursuant to this subsection may appeal as provided in chapter 536, RSMo.

3. Each person seeking entrance into a basic training program shall submit a fingerprint card and authorization for a criminal history background check to include the records of the Federal Bureau of Investigation to the training center where such person is seeking entrance. The training center shall cause a criminal history background check to be made and shall cause the resulting report to be forwarded to the director. The person seeking entrance may be charged a fee for the cost of this procedure.

590.070. 1. The chief executive officer of each law enforcement agency shall, within thirty days after commissioning any peace officer, notify the director on a form to be adopted by the director. The director may require the chief executive officer to conduct a current criminal history background check and to forward the resulting report to the director.

2. The chief executive officer of each law enforcement agency shall, within thirty days after any licensed peace officer departs from employment or otherwise ceases to be commissioned, notify the director on a form to be adopted by the director. Such notice shall state the circumstances surrounding the departure from employment or loss of commission and shall specify any of the following that apply:

- (1) The officer failed to meet the minimum qualifications for commission as a peace officer;**
- (2) The officer violated municipal, state or federal law;**
- (3) The officer violated the regulations of the law enforcement agency; or**
- (4) The officer was under investigation for violating municipal, state or federal law, or for gross violations of the law enforcement agency regulations.**

3. Whenever the chief executive officer of a law enforcement agency has reasonable grounds to believe that any peace officer commissioned by the agency is subject to discipline pursuant to section 590.080, the chief executive officer shall report such knowledge to the director.

590.080. 1. The director shall have cause to discipline any peace officer licensee who:

- (1) Is unable to perform the functions of a peace officer with reasonable competency or reasonable safety as a result of a mental condition, including alcohol or substance abuse;**

- (5) Has violated a condition of any order of probation lawfully issued by the director; or**
- (6) Has violated a provision of this chapter or a rule promulgated pursuant to this chapter.**

2. When the director has knowledge of cause to discipline a peace officer licensed pursuant to this section, the director may cause a complaint to be filed with the administrative hearing commission, which shall conduct a hearing to determine whether the director has cause for discipline, and which shall issue findings of fact and conclusions of law on the matter. The administrative hearing commission shall not consider the relative severity of the cause for discipline or any rehabilitation of the licensee or otherwise impinge upon the discretion of the director to determine appropriate discipline when cause exists pursuant to this section.

3. Upon a finding by the administrative hearing commission that cause to discipline exists, the director shall, within thirty days, hold a hearing to determine the form of discipline to be imposed and thereafter shall probate, suspend, or permanently revoke the license at issue. If the licensee fails to appear at the director's hearing, this shall constitute a waiver of the right to such hearing.

4. Notice of any hearing pursuant to this chapter or section may be made by certified mail to the licensee's address of record. Proof of refusal of the licensee to accept delivery or the inability of postal authorities to deliver such certified mail shall be evidence that required notice has been given. Notice may be given by publication.

5. Nothing contained in this section shall prevent a licensee from informally disposing of a cause for discipline with the consent of the director by voluntarily surrendering a license or by voluntarily submitting to discipline.

6. The provisions of chapter 621, RSMo, and any amendments thereto, except those provisions or amendments that are in conflict with this chapter, shall apply to and govern the proceedings of the administrative hearing commission and pursuant to this section the rights and duties of the parties involved.

590.090. 1. The director shall have cause to suspend immediately the peace officer license of any licensee who:

- (1) Is under indictment for, is charged with, or has been convicted of the commission of any felony;**
- (2) Is subject to an order of another state, territory, the federal government, or any peace officer licensing authority suspending or revoking a peace officer license or certification; or**
- (3) Presents a clear and present danger to the public health or safety if commissioned as a peace officer.**

2. At any time after the filing of a disciplinary complaint pursuant to section 590.080, if the director determines that probable cause exists to suspend immediately the peace officer license of the subject of the complaint, the director may, without notice or hearing, issue an emergency order suspending such license until final determination of the disciplinary complaint. Such order shall state the probable cause for the suspension and shall be served upon the licensee by certified mail at the licensee's address of record. Proof of refusal of the licensee to accept delivery or the inability of postal authorities to deliver such certified mail shall be evidence that required notice has been given. The director shall also notify the chief executive officer of any law

enforcement agency currently commissioning the officer. The director shall have authority to dissolve an emergency order of suspension at any time for any reason.

3. A licensee subject to an emergency order of suspension may petition the administrative hearing commission for review of the director's determination of probable cause, in which case the administrative hearing commission shall within five business days conduct an emergency hearing, render its decision, and issue findings of fact and conclusions of law. Sworn affidavits or depositions shall be admissible on the issue of probable cause and may be held sufficient to establish probable cause. The administrative hearing commission shall have no authority to stay or terminate an emergency order of suspension without a hearing pursuant to this subsection. Findings and conclusions made in determining probable cause for an emergency suspension shall not be binding on any party in any proceeding pursuant to section 590.080.

4. Any party aggrieved by a decision of the administrative hearing commission pursuant to this section may appeal to the circuit court of Cole County as provided in section 536.100, RSMo.

590.100. 1. The director shall have cause to deny any application for a peace officer license or entrance into a basic training course when the director has knowledge that would constitute cause to discipline the applicant if the applicant were licensed.

2. When the director has knowledge of cause to deny an application pursuant to this section, the director may grant the application subject to probation or may deny the application. The director shall notify the applicant in writing of the reasons for such action and of the right to appeal pursuant to this section.

3. Any applicant aggrieved by a decision of the director pursuant to this section may appeal within thirty days to the administrative hearing commission, which shall conduct a hearing to determine whether the director has cause for denial, and which shall issue findings of fact and conclusions of law on the matter. The administrative hearing commission shall not consider the relative severity of the cause for denial or any rehabilitation of the applicant or otherwise impinge upon the discretion of the director to determine whether to grant the application subject to probation or deny the application when cause exists pursuant to this section. Failure to submit a written request for a hearing to the administrative hearing commission within thirty days after a decision of the director pursuant to this section shall constitute a waiver of the right to appeal such decision.

4. Upon a finding by the administrative hearing commission that cause for denial exists, the director shall not be bound by any prior action on the matter and shall, within thirty days, hold a hearing to determine whether to grant the application subject to probation or deny the application. If the licensee fails to appear at the director's hearing, this shall constitute a waiver of the right to such hearing.

5. The provisions of chapter 621, RSMo, and any amendments thereto, except those provisions or amendments that are in conflict with this chapter, shall apply to and govern the proceedings of the administrative hearing commission pursuant to this section and the rights and duties of the parties involved.

[590.105. 1. A program of mandatory standards for the basic training and certification of peace officers and a program of optional standards for the basic training and certification of reserve officers in this state is hereby established. The peace officer standards and training commission shall establish the minimum number of hours of training and core curriculum. In no event, however, shall the commission require more than one thousand hours of such training for either peace or reserve officers employed by any state law enforcement agency, or more than six hundred hours of such training for other peace or reserve officers; provided, however, that the minimum hours of training shall be no lower than the following:

3. Bailiffs who are not certified peace officers shall be required to complete a minimum of sixty hours of mandated training, except that any person who has served as a bailiff prior to January 1, 1995, shall not be required to complete

the training requirements mandated by this subsection, provided such person's training or experience is deemed adequate by the peace officer standards and training commission in accordance with current standards.

4. All political subdivisions within this state may adopt standards which are higher than the minimum standards implemented pursuant to sections 590.100 to 590.180, and such minimum standards shall in no way be deemed adequate in those cases in which higher standards have been adopted.

5. Any federal officer who has the duty and power of arrest on any federal military installation in this state may, at the option of the federal military installation in which the officer is employed, participate in the training program required under the provisions of sections 590.100 to 590.180 and, upon satisfactory completion of such training program, shall be certified by the director in the same manner provided for peace officers, as defined in section 590.100, except that the duty and power of arrest of military officers for violation of the general criminal laws of the state or for violation of ordinances of counties or municipalities of the state shall extend only to the geographical boundaries within which the federal military installation is located. Any costs involved in the training of a federal officer shall be borne by the participating federal military installation.

6. Notwithstanding any provision of this chapter to the contrary, any peace officer who is employed by a law enforcement agency located within a county of the third classification shall be required to have no more or less than one hundred twenty hours of training for certification if the respective city or county adopts an order or ordinance to that effect.

7. The peace officers standards and training commission with input from the department of health and the division of family services shall provide a minimum of thirty hours of initial education to all prospective law enforcement officers, except for agents of the conservation commission, concerning domestic and family violence.

8. The course of instruction and the objectives in learning and performance for the education of law enforcement officers required pursuant to subsection 6 of this section shall be developed and presented in consultation with public and private providers of programs for victims of domestic and family violence, persons who have demonstrated expertise in training and education concerning domestic and family violence, and the Missouri coalition against domestic violence. 590.110. 1. The director may investigate any cause for the discipline of any license or denial of any application pursuant to this chapter. During the course of such investigation, the director shall have the power to inspect any training center, require by subpoena the attendance and sworn deposition of any witness and the production of any documents, records, or evidence that the director deems relevant. Subpoenas shall be served by a person authorized to serve subpoenas of courts of record. In lieu of the production of any document or record, the director may require that a sworn copy of such document or record be delivered to the director.

2. The director may apply to the circuit court of Cole County or of any county where the person resides or may be found for an order upon any person who shall fail to obey a subpoena to show cause why such subpoena should not be enforced. A show cause order and a copy of the application shall be served upon the person in the same manner as a summons in a civil action. If, after a hearing, the circuit court determines that the subpoena should be enforced, the court shall proceed to enforce the subpoena in the same manner as in a civil case.

[590.110. 1. No person shall be appointed as a peace officer by any public law enforcement agency, which is possessed of the duty and power to enforce the general criminal laws of the state or the ordinances of any political subdivision of this state, unless he has been certified by the director as provided in sections 590.100 to 590.180, unless he is appointed on a probationary basis, and the hiring agency, within one year after his initial appointment, takes all necessary steps to qualify him for certification by the director. Unless a peace officer is certified within the one-year period after appointment, his appointment shall be terminated and he shall not be eligible for appointment by any other law enforcement agency as a peace officer. Beginning on August 28, 1995, peace officers shall be required to complete the four hundred fifty hours of training as peace officers and be certified to be eligible for employment.

2. The chief executive officer of each law enforcement agency shall notify the director of the appointment of any peace or reserve officer not later than thirty days after the date of the appointment and include with such notification a copy of a fingerprint card verified by the Missouri state highway patrol pertaining to the results of a criminal background check of the officer appointed and evidence of the completion of the standards necessary for employment as provided in sections 590.100 to 590.180.

3. Training and certification requirements specified in sections 590.100 to 590.180 are recommended but not required of a reserve officer; however, any person who serves as a reserve officer in any public law enforcement agency which is possessed of the duty and power to enforce the general criminal laws of this state or the ordinances of any political subdivision of this state may, at the option of the political subdivision in which the reserve officer is appointed, participate in the basic training program required under the provisions of sections 590.100 to 590.180, and, upon completion of such training program, shall be certified by the director in the same manner as provided for peace officers.]

[590.112. 1. This section applies to any employees of the sheriff's department of any county of the first classification with a population of two hundred thousand or more inhabitants, who have been certified in a program of training, including but not limited to a training and certification program established pursuant to this chapter.

2. If any person subject to subsection 1 of this section is transferred to a department of public safety or similar agency as a result of the passage of a charter form of government in the county, then notwithstanding the provisions of this chapter, or any local ordinance or order to the contrary, such person's training certification shall remain in effect and shall not lapse, and the training and certification required for the person to be employed by the sheriff's department shall be deemed adequate to be appointed to the department of public safety or similar agency. If such person is thereafter reassigned to the sheriff's department, such person shall be deemed certified for appointment to such

position, notwithstanding the provisions of section 590.110, to the contrary; and the chief executive officer as defined in section 590.100, shall not be required to furnish to the director of the department of public safety evidence that such person has satisfactorily completed instruction in a course of training for peace officers.]

[590.115. 1. Training and certification requirements specified in sections 590.100 to 590.180 are recommended but not required of a peace officer who has been consistently employed as a full-time peace officer and was appointed before December 31, 1978, whether or not such officer changes his place of employment.

2. Training and certification requirements specified in sections 590.100 to 590.180 are recommended but not required of a reserve officer who was appointed as a reserve officer prior to August 15, 1988. Requirements for certification of such reserve officers may be determined by the commission. A certified reserve officer may transfer from one similar jurisdiction to another as a certified reserve officer without any additional training requirements unless or until the certified reserve officer becomes or attempts to become a full-time peace officer, at which time the individual must satisfy the requirements of this chapter to become a certified full-time police officer, or unless or until the certified reserve officer attempts to become a certified reserve officer in a jurisdiction wherein the basic training requirement is higher than the previous jurisdiction's basic training requirement, at which time the individual must satisfy the higher basic training requirements of the new jurisdiction to become a certified reserve officer.

3. Except as provided in subsections 1, 2 and 4 of this section, in the event that a peace officer claims to have had prior basic training, the chief executive officer shall furnish to the director evidence that the noncertified officer has satisfactorily completed instruction in a course of basic training for peace officers conducted by a law enforcement training academy or institute which is approved by the director as providing basic training equivalent to standards set for jurisdictions within this state. The basic training course satisfactorily completed by the noncertified officer shall meet the minimum basic training requirements of the jurisdiction in which he is appointed or is to be appointed as required under the provisions of sections 590.100 to 590.180.

4. The director may certify a chief executive officer as qualified under sections 590.100 to 590.180, if the person's employer furnishes the director with evidence that the chief executive officer has training or experience equivalent to the standards set forth in subsection 1, 2, or 3 of this section or is a graduate of the FBI National Academy or its equivalent as determined by the director, or holds a bachelor of science degree in criminal justice or a related field received from an accredited college or university or a doctor of jurisprudence degree received from a college or university approved by the American Bar Association.

5. Peace officers and reserve officers meeting the basic training requirements under sections 590.100 to 590.180 shall be eligible to be certified by the director.

6. Beginning August 28, 1996, the peace officer standards and training commission shall establish a program of continuing law enforcement education and training. Each peace officer or reserve officer subject to the training provisions of sections 590.100 to 590.180 shall participate in continuing law enforcement education to maintain certification. The providers of continuing law enforcement education and training, as well as the contents and subject matter thereof, shall be subject to the approval of the peace officer standards and training commission. The costs of the continuing law enforcement education and training offered by certified providers to persons entitled to receive such education and training shall be reimbursed by moneys from the peace officer standards and training commission fund created in section 590.178. The peace officer standards and training commission shall require by rule that all peace officers or reserve officers, subject to the training provisions herein, contribute, based on standards set by the commission, to the cost of said training.

7. The peace officer standards and training commission may provide by rule for the reciprocal recognition of equivalent entry level core basic training at a training center by law enforcement officers of the federal government or other states or territories of the United States, and may require such additional training prior to certification as the commission deems necessary.]

[590.117. The department shall provide by administrative rule for the requirements for continuing certification of an inactive or unemployed peace officer during the term of such inactivity or unemployment, provided that the certification of such peace officers shall expire after five consecutive years of such inactivity or unemployment. The

cost of any continuing law enforcement education and training required to maintain such certification shall be paid by the inactive or unemployed peace officer.]

590.118. 1. All law enforcement agency personnel records of a peace officer may be made available to any hiring law enforcement agency. The availability of any records shall be subsequent to and conditioned upon a hearing on the issues as defined in sections 590.080, 590.090 and 590.100.

2. Following a decision recommending punitive action from a hearing on the issues as defined in section 590.080, 590.090 and 590.100, the law enforcement agency shall provide such information to the peace officer standards and training commission.

590.120. 1. There is hereby established within the department of public safety a "Peace Officer Standards and Training Commission" which shall be composed of nine members, including a voting public member, appointed by the governor, by and with the advice and consent of the senate, from a list of qualified candidates submitted to the governor by the director of the department of public safety. No member of the **POST** commission shall reside in the same congressional district as any other at the time of their appointments but this provision shall not apply to the public member. Three members of the **POST** commission shall be police chiefs, three members [of the commission] shall be sheriffs, one member [of the commission] shall represent a state law enforcement agency covered by the provisions of [sections 590.100 to 590.180] **this chapter**, and one member shall be a chief executive officer of a certified training academy. Each member of the **POST** Commission shall have been at the time of his appointment a citizen of the United States and a resident of this state for a period of at least one year, and members who are peace officers shall be qualified as established by [sections 590.100 to 590.180] **this chapter**. No member of the **POST** commission serving a full term of three years may be reappointed to the **POST** commission until at least one year after the expiration of his most recent term.

2. Three of the original members of the **POST** commission shall be appointed for terms of one year, three of the original members shall be appointed for terms of two years, and three of the original members shall be appointed for terms of three years. Thereafter the terms of the members of the **POST** commission shall be for three years or until their successors are appointed. The director may remove any member of the **POST** commission for misconduct or neglect of office. Any member of the **POST** commission may be removed for cause by the director but such member shall first be presented with a written statement of the reasons thereof, and shall have a hearing before the **POST** commission if the member so requests. Any vacancy in the membership of the commission shall be filled by appointment for the unexpired term.

3. Annually the director shall appoint one of the members as chairperson. The **POST** commission shall meet at least twice each year as determined by the director or a majority of the members to perform its duties. A majority of the members of the **POST** commission shall constitute a quorum.

4. No member of the **POST** commission shall receive any compensation for the performance of his official duties.

5. The **POST** commission shall [establish the core curriculum and shall also formulate definitions, rules and regulations for the administration of peace officer standards and training and] guide and advise the director concerning duties [as outlined by sections 590.100 to 590.180. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo] **pursuant to this chapter**.

[590.121. The director shall certify such academies, core curriculum and instruction as necessary to fulfill the purposes of sections 590.100 to 590.180. The certification shall be made by the director on the basis of the experience and educational background of the instructors, the quality and aptness of curriculum, the educational equipment and materials used in the training and the methods and measurements used in such training. The director shall adopt and

publish rules pertaining to the establishment of minimum standards for certification pursuant to sections 590.100 to 590.180.]

[590.123. 1. The peace officer standards and training commission may promulgate rules and regulations to effectuate the purposes of this chapter. No rule or portion of a rule promulgated under the authority of this section shall become effective until it has been approved by the joint committee on administrative rules in accordance with the procedures provided in this section, and the delegation of the legislative authority to enact law by the adoption of such rules is dependent upon the power of the joint committee on administrative rules to review and suspend rules pending ratification by the senate and the house of representatives as provided in this section.

2. Upon filing any proposed rule with the secretary of state, the commission shall concurrently submit such proposed rule to the committee which may hold hearings upon any proposed rule or portion thereof at any time.

3. A final order of rulemaking shall not be filed with the secretary of state until thirty days after such final order of rulemaking has been received by the committee. The committee may hold one or more hearings upon such final order of rulemaking during the thirty-day period. If the committee does not disapprove such order of rulemaking within the thirty-day period, the commission may file such order of rulemaking with the secretary of state and the order of rulemaking shall be deemed approved.

4. The committee may, by majority vote of the members, suspend the order of rulemaking or portion thereof by action taken prior to the filing of the final order of rulemaking only for one or more of the following grounds:

- (1) An absence of statutory authority for the proposed rule;

- (3) The proposed rule is in conflict with state law;
- (4) A substantial change in circumstance since enactment of the law upon which the proposed rule is based;
- (5) That the rule is arbitrary and capricious.

5. If the committee disapproves any rule or portion thereof, the commission shall not file such disapproved portion of any rule with the secretary of state and the secretary of state shall not publish in the Missouri Register any final order of rulemaking containing the disapproved portion.

6. If the committee disapproves any rule or portion thereof, the committee shall report its findings to the senate and the house of representatives. No rule or portion thereof disapproved by the committee shall take effect so long as the senate and the house of representatives ratify the act of the joint committee by resolution adopted in each house within thirty legislative days after such rule or portion thereof has been disapproved by the joint committee.

7. Upon adoption of a rule as provided in this section, any such rule or portion thereof may be suspended or revoked by the general assembly either by bill or, pursuant to section 8, article IV of the Constitution of Missouri, by concurrent resolution upon recommendation of the joint committee on administrative rules. The committee shall be authorized to hold hearings and make recommendations pursuant to the provisions of section 536.037, RSMo. [590.130. No elected county peace officer or official shall be required to be certified under sections 590.100 to 590.180 to seek or hold such office, but all appointive deputies or assistants of such officer or official who are employed as peace officers, provided that such county has five or more full-time peace officers, shall be certified as a condition of appointment in the same manner as other peace officers are required to be certified. No arrest shall be deemed unlawful in any criminal or civil proceeding solely because the peace officer is not certified under the terms of sections 590.100 to 590.180. Evidence on the question cannot be received in any civil or criminal case.]

[590.131. The chief executive officer of each law enforcement agency shall notify the director of a peace officer's separation from the agency, whether voluntary or involuntary, and shall set forth in detail the facts and reasons for the separation on a form to be provided by the director.]

[590.135. 1. The director or any of his designated representatives may:

3. Any person aggrieved by a decision of the director under this section may appeal as provided in chapter 536, RSMo.

4. Any person or agency authorized to submit information pursuant to this section to the director shall be immune from liability arising from the submission of the information so long as the information was submitted in good faith

and without malice.

5. The director may refuse to certify any law enforcement school, academy, or training program, any law enforcement instructor or any peace officer not meeting the requirements for certification under the provisions of sections 590.100 to 590.180. The director shall notify the applicant in writing of the reasons for the refusal. The applicant shall have the right to appeal the refusal by filing a complaint with the administrative hearing commission as provided by chapter 621, RSMo, and the director shall advise the applicant of this right of appeal.

6. [590.150. The provisions of sections 590.100 to 590.180 shall not apply to a political subdivision having a population of less than two thousand persons or which does not have at least four full-time paid peace officers unless such political subdivision is located in a county of the first class having a charter form of government; provided, however, the governing body of the political subdivision may by order or ordinance elect to come under the provisions of sections 590.100 to 590.180 or such election may be later rescinded and, provided further, that upon election to come under the provisions of sections 590.100 to 590.180 the political subdivision shall be entitled to authorize the fees allowed by section 590.140, otherwise, such fees shall not be collected.]

[590.170. 1. Tuition and room and board for newly elected sheriffs and sheriffs-elect enrolled in such a training program shall be paid by the state.]

590.180. 1. No arrest shall be deemed unlawful solely because of the licensure status of a peace officer, and evidence on the question cannot be received in any civil or criminal case.

2. The name, licensure status, and commissioning or employing law enforcement agency, if any, of applicants and licensees pursuant to this chapter shall be an open record. All other records retained by the director pertaining to any applicant or licensee shall be confidential and shall not be disclosed to the public or any member of the public, except with written consent of the person or entity whose records are involved, provided, however, that the director may disclose such information in the course of voluntary interstate exchange of information, during the course of litigation involving the director, to other state agencies, or, upon a final determination of cause to discipline, to law enforcement agencies. No closed record conveyed to the director

pursuant to this chapter shall lose its status as a closed record solely because it is retained by the director. Nothing in this section shall be used to compel the director to disclose any record subject to attorney-client privilege or work-product privilege.

3. In any investigation, hearing, or other proceeding pursuant to this chapter, any record relating to any applicant or licensee shall be discoverable by the director and shall be admissible into evidence, regardless of any statutory or common law privilege or the status of any record as open or closed, including records in criminal cases whether or not a sentence has been imposed. OBJECTIONS

Senator Loudon offered the following constitutional objection:

Constitutional Objection

I rise to invoke Senate Rule 67 on the bill before us:

Conference Committee Substitute for

House Substitute for

House Committee Substitute for

Senate Committee Substitute for

Senate Bill No. 266

I move that the same is in violation of Senate Rules 54 and 57 and as such, should not be signed by the presiding officer of the Senate.

This bill violates Rule 54 as it pertains to the constitutional prohibition against any bill being "so amended in its passage through the senate as to change its original purpose. (Constitution, Art. III, Sec. 21.) The original bill which the title described as "relating to a state systematic lupus erythematosus program in the department of health" left the senate in substantially the same form. It left the House committee with the title changed to "four new sections relating to the department of health." the HS title references "eight new sections relating to the department of health". The CCR title references "twenty-two new sections relating to the department of health" and includes adoption awareness laws, newborn screening language, blood born pathogen standards, health carrier information and laws, lead poisoning, as well as several other unrelated subjects that do not fall under the scope of the original bill.

This bill violates Rule 57 in that it contains more than one subject in violation of the constitution. (Constitution, Art. III, Sec. 23) The various titles attributed to this bill during the process bear witness to this fact. Additionally, the words in the title "relating to the department of health" are overly broad. Despite this, those topics nevertheless fail to encompass the state systematic lupus erythematosus program, in addition to the state arthritis program.

OBJECTIONS

Senator DePasco offered the following constitutional objection:

May 17, 2001

The Honorable Peter Kinder

Senate President Pro Tem

State Capitol, Room 326

Jefferson City, MO 65101

RE: Constitutional Objection to Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381

Dear Senator Kinder:

I hereby raise a formal constitutional objection pursuant to Article III, Section 30 of the Missouri Constitution to the signing of Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381 based on the following:

1) Article III, Section 21 of the Missouri Constitution establishes a limitation on amendments: "no bill shall be so amended in its passage through either house as to change its original purpose". Missouri Senate Rule No. 54 reiterates this provision.

Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381 violates Article III, Section 21 of the Missouri Constitution in that HB 381, as originally introduced, only addressed specific changes in Missouri law relating to the packaging and sale of imported cigarettes. The House Substitute, an amendment for the original bill, and the Truly Agreed To and Finally Passed Senate Substitute changed the original purpose of the bill by adding sections relating to cigarette sales tax refunds, retail restrictions on sales to persons under eighteen years of age and penalties for persons under eighteen years of age who attempt to purchase or possess cigarettes. See *Stroh Brewing Co. v. State*, 954, S.W.2d 323 (Mo. banc 1997)

2) Article III, Section 23 of the Missouri Constitution defines the limitation of the scope of bills: "No bill shall contain more than one subject which shall be clearly expressed in its title". Missouri Senate Rule No. 57 reiterates this provision.

Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381 violates Article III, Section 23 of the Missouri Constitution in that the subject matter addressed in HB 381, as originally introduced, only relates to Chapter 149 of the Missouri Revised Statutes addressing cigarette tax. The House Substitute and the Truly Agreed To and Finally Passed Senate Substitute added two separate and distinct subjects dealing with Chapter 149 and Chapter 407, RSMo. The latter addresses merchandising practices of cigarettes by retailers to persons under eighteen years of age, and prohibits any person under eighteen years of age from purchasing, attempting to purchase or possessing cigarettes.

As cited in *Hammerschmidt v. Boone County*, 877 S.W.2d 98, and *Missouri Health Care Association v. Attorney General*, 953, S.W.2d 617 (Mo. banc 1997), Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381 is unconstitutional because it violates the procedural requirement of Article III, Section 23 of the Missouri Constitution that "no bill shall contain more than one subject".

As cited in *Carmack v. Director, Missouri Department of Agriculture*, 945 S.W.2d 956, (MO. banc 1997), Senate Substitute for Senate Committee

Substitute for House Substitute for House Committee Substitute for House Bill No. 381 is unconstitutional because it violates the requirement of Article III, Section 23 of the Missouri Constitution that the subject matter of the bill "shall be clearly expressed in its title".

3) In addition to the violations of the Missouri Constitution outlined in paragraphs 1 and 2 above, Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381 contains several provisions that violate the interstate commerce clause of the United States Constitution regarding state imposed restraint of trade actions on products that can be legally imported into the United States for sale in accordance with federal law. These restraint of trade issues are contained in Section 149.200 to 149.212 (new sections) of Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 381.

4) Sections 407.924 to 407.934 (new sections) contain provisions addressing the sale to, and possession of, cigarettes by persons under eighteen years of age. Section 407.924 directs the Division of Liquor Control to implement and enforce Sections 407.926 to 407.934. This section also requires the Division to submit an annual report to the General Assembly on the effectiveness of Sections 407.926 to 407.934 reduce underage smoking and the enforcement activities of the Division. These additions add a second subject matter to the bill and are therefore unconstitutional under Article III, Section 23 of the Constitution of Missouri.

Sincerely,

/s/ Ronnie DePasco

I move that the same is in violation of Senate Rules 54 and 57 and as such, should not be signed by the presiding officer of the Senate.

This bill violates Rule 54 as it pertains to the constitutional prohibition against any bill being "so amended in its passage through the senate as to change its original purpose. (Constitution, Art. III, Sec. 21.) The original bill which the title described as "relating to women's health services" evolved to include language concerning complaints against hospitals and surgical centers, issues which clearly are among other things, gender neutral.

This bill violates Rule 57 in that it contains more than one subject in violation of the constitution. (Constitution, Art. III, Sec. 23) Womens' health services is topic distinct from complaints against hospitals and ambulatory service centers. The former falls in chapter 354 while the latter falls in chapter 197.

JOURNAL OF THE SENATE

NINETY-FIRST GENERAL ASSEMBLY

OF THE

STATE OF MISSOURI

FIRST EXTRA SESSION

OF THE

FIRST REGULAR SESSION

FIRST DAY--WEDNESDAY, SEPTEMBER 5, 2001

The Senate was called to order in Extra Session by Lieutenant Governor Joe Maxwell.

The Reverend Carl Gauck offered the following prayer:

"Do not fear, for I am with you, do not be afraid, for I am your God;" (Isaiah 41:10)

We come, O Lord, from our varied duties and time of rest to once more discern the needs of the People of Missouri. We do our business away from our chambers and ask that You provide Your Holy Spirit to guide and direct our thoughts and actions even here. May our decisions be just and provide help and the greatest amount of good among our people. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

COMMUNICATIONS FROM THE GOVERNOR

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, Missouri's senior population is going to grow over the next nine years from 13.5 percent of our state population to over 20 percent; and

WHEREAS, American seniors over the age of 65 take an average of over nine different medications, and much of our growing senior population is struggling with the dilemma of how to afford the skyrocketing cost of these medications on limited and fixed incomes, often finding that they have to make the unthinkable choice between food and medicine; and

WHEREAS, the federal government has repeatedly failed to adequately address the problem of the rising costs of prescription drugs, and these costs are expected to more than double by the end of the decade; and

WHEREAS, Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 14, passed by the General Assembly of the State of Missouri and signed into law in 1999, created an unexpectedly expensive prescription drug program that does not help those Missouri seniors who are least able to pay for needed medication; and

WHEREAS, in spite of my making prescription drug cost relief one of the major priorities of the first budget of my administration, no consensus was reached by the end of the last regular legislative session on what form a relief program would take, although the General Assembly did appropriate money to pay for the state cost of the first year of such a program; and

WHEREAS, I have appointed a special task force that is holding public hearings and reviewing the issue throughout the summer, and this special task force is charged with making recommendations to the members of the General Assembly for a fiscally-responsible prescription drug relief plan that helps the most needy Missouri seniors; and

WHEREAS, Missouri's Medicaid income eligibility and asset limits for the elderly are some of the lowest in the country, and raising these income guidelines, in conjunction with a new prescription drug relief program, will ensure that Missouri's lowest income seniors will have access to needed prescription drugs; and

WHEREAS, the United States Congress enacted the Economic Growth and Tax Reconciliation Relief Act of 2001 (P.L. 107-16) on June 7, 2001, and President George W. Bush thereafter signed into law P.L. 107-16; and

WHEREAS, Section 101(b)(1) of P.L. 107-16 was codified as Internal Revenue Code Section 6428, which contains provisions that will reduce the federal income tax paid by many individual taxpayers, including many Missouri residents, for the taxpayer's first taxable year beginning in 2001; and

WHEREAS, for many Missouri residents, the effect of this reduction in federal income tax liability will be a reduction in the federal income tax deduction provided by Section 143.171, RSMo, and an increase in the Missouri tax liability for the taxpayer's first taxable year beginning in 2001; and

WHEREAS, Missouri is one of only nine states that allows for a deduction for federal income tax paid, which reduces the tax liability for Missouri taxpayers, and this advantageous aspect of Missouri tax law will no longer operate to the benefit of Missouri taxpayers unless the General Assembly changes the tax law to respond to the passage of P.L. 107-16; and

WHEREAS, P.L. 107-16 was enacted after the time allowed by Article III, section 20(a) of the Constitution of the State of Missouri for the Ninety-First General Assembly to consider any bill to alleviate the increase in Missouri tax due to the enactment of P.L. 107-16; and

WHEREAS, the inability of the Ninety-First General Assembly to consider a bill to alleviate the increase in Missouri tax due to the enactment of P.L. 107-16 will keep some Missouri taxpayers from realizing the full benefit of federal tax relief, which was intended to put a sum of money directly back into the hands of the citizens of Missouri; and

WHEREAS, open access to and expansion of markets and market options is an essential element of agricultural enterprise; and

WHEREAS, in 1999, Conference Committee Substitute for House Substitute for Senate Bill No. 310 (hereinafter "SB 310") enacted provisions of law that may to some degree change the climate of business transactions between animal producers and processors; and

WHEREAS, in May of 2001, when court challenges to the law ceased and the price discrimination provisions of SB 310 became enforceable, animal processors limited purchases of Missouri fed animals to a grade and yield method, curtailing cash sale options for producers and causing severe economic hardship to Missouri's fed cattle and hog industries; and

WHEREAS, maintaining a strong and vital agricultural economy is critical to the long term health of our state, in both rural and urban areas; and

WHEREAS, the ability to negotiate price on a cash basis is an essential element of maintaining the stability of the market and profitability for both small and large producers; and

WHEREAS, all parties have been engaged in the development of specific compromise language that will reopen cash market options for Missouri producers; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the failure to create a new, fiscally-responsible prescription drug program, the passage of P.L. 107-16 and its subsequent, adverse effect on Missouri taxpayers, and the passage of SB 310 and its subsequent, adverse effect on Missouri's fed cattle and hog industries are extraordinary occasions as envisioned by Article IV, Section 9, of the Constitution of the State of Missouri.

NOW THEREFORE, on the extraordinary occasions that exist in the state of Missouri:

I, BOB HOLDEN, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-First General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, on September 5, 2001; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited

hereinafter as follows:

- To repeal Section 135.095, Section 208.010, and Section 208.151, RSMo, and to enact in lieu thereof a new section or new sections creating a prescription drug program for seniors, the state cost for the first year of which is funded by an appropriation made by the General Assembly of the State of Missouri during the first regular session of the Ninety-First General Assembly, and the state cost for all subsequent years of which is subject to appropriation pursuant to Article III, section 36, of the Constitution of the State of Missouri, and expanding Medicaid eligibility for seniors.
 - To amend Section 143.171.2, RSMo, to allow a deduction from Missouri taxable income for the credit against the individual's federal income allowed by Internal Revenue Code Section 6428, enacted as part of P.L. 107-16 on June 7, 2001, for the taxpayer's first taxable year beginning on or after January 1, 2001, but before January 1, 2002.
 - To amend Sections 277.200 to 277.212, RSMo, to offer protections to producers against unjust discrimination in pricing, unreasonable preferences in pricing, manipulating or controlling prices, monopoly control, and unlawful activities in pricing, with enforcement provisions, and to address private causes of legal action and treble damages for discrimination.
 - To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require the advice and consent of the Senate.
 - Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have convened.

IN WITNESS WHEREOF, I have hereunto

set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 24th day of (SEAL) August, 2001.

Legislative Power

- *State Auditor v. The power of the legislature to make laws is plenary within its sphere of responsibility.")
- *The Board of Education of the City of St. Louis v. The City of St. Louis*, 879 S.W.2d 530 (Mo. banc 1994)("Unlike the Congress of the United States, which has only that power delegated by the United States Constitution, the legislative power of Missouri's General Assembly, under Article III, Section 1 of the Missouri Constitution, is plenary, unless, of course, it is limited by some other provision of the constitution. Any constitutional limitation, therefore, must be strictly construed in favor of the power of the General Assembly.")

In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband

"Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. (a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of subsection 2 of this section shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The division of family services may establish a resource eligibility standard in assessing eligibility for persons under this subdivision. The division of medical services shall define the amount and scope of benefits which are available to individuals under this subdivision in accordance with the requirement of federal law and regulations. Coverage under this subdivision shall be subject to appropriation to provide services approved under the provisions of this subdivision;

(16) The division of family services shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The division of medical services shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder except that the scope of benefits shall include case management services;

(17) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(18) A child born to a woman eligible for and receiving medical assistance under this section on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter

shall be as simple as practicable;

(20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a (r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. For purposes of section 1902(1), (10) of Title XIX of the federal Social Security Act, as amended, any individual who, for the month of August, 1972, was eligible for or was receiving aid or assistance pursuant to the provisions of Titles I, X, XIV, or Part A of Title IV of such act and who, for such month, was entitled to monthly insurance benefits under Title II of such act, shall be deemed to be eligible for such aid or assistance for such month thereafter prior to October, 1974, if such individual would have been eligible for such aid or assistance for such month had the increase in monthly insurance benefits under Title II of such act resulting from enactment of Public Law 92-336 amendments to the federal Social Security Act (42 U.S.C. 301 et seq.), as amended, not been applicable to such individual.

5. When any individual has been determined to be eligible for medical assistance, such medical assistance will be made available to him for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid."; and

Further amend the title and enacting clause accordingly.

Senator Steelman moved that the above amendment be adopted.

SENATE AMENDMENT NO. 11

Amend Senate Committee Substitute for Senate Bills Nos. 4, 1, 5 and 6, Page 3, Section 135.095, Line 18, by inserting after all of said line the following:

"208.010. 1. In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining

eligibility for more than sixty months;

(2) The provisions of subdivision (1) of subsection 2 of this section shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources in the sum of one thousand **five hundred** dollars or more; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed two thousand **five hundred** dollars; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife, exceeds such amount;

(6) In the case of temporary assistance for needy families, if the parent, stepparent, and child or children in the home owns or possesses property of any kind or character, or has an interest in property for which he or she is a record or beneficial owner, the value of such property, as determined by the division of family services and as allowed by federal law or regulation, less encumbrances of record, exceeds one thousand dollars, excluding the home occupied by the claimant, amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, one automobile which shall not exceed a value set forth by federal law or regulation and for a period not to exceed six months, such other real property which the family is making a good-faith effort to sell, if the family agrees in writing with the division of family services to sell such property and from the net proceeds of the sale repay the amount of assistance received during such period. If the property has not been sold within six months, or if eligibility terminates for any other reason, the entire amount of assistance paid during such period shall be a debt due the state;

3. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the income and resources of a relative or other person living in the home shall be taken into account to the extent the income, resources, support and maintenance are allowed by federal law or regulation to be considered.

4. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. If the beneficiary, as defined in chapter 436, RSMo, of an irrevocable prearranged funeral or burial contract receives any public assistance benefits pursuant to this chapter and if the purchaser of such contract or his or her successors in interest cancel or amend the contract so that any person will be entitled to a refund, such refund shall be paid to the state of Missouri up to the amount of public assistance benefits provided pursuant to this chapter with any remainder to be paid to those persons designated

in chapter 436, RSMo.

5. 6. Beginning September 30, 1989, when determining the eligibility of institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections 1396a et seq., the division of family services shall comply with the provisions of the federal statutes and regulations. The division shall require:

- (2) That the assessed resources of the institutionalized spouse and the community spouse may be allocated so that each receives an equal share;
- (3) That upon an initial eligibility determination, if the community spouse's share does not equal at least twelve thousand dollars, the institutionalized spouse may transfer to the community spouse a resource allowance to increase the community spouse's share to twelve thousand dollars;
- (4) That in the determination of initial eligibility of the institutionalized spouse, no resources attributed to the community spouse shall be used in determining the eligibility of the institutionalized spouse, except to the extent that the resources attributed to the community spouse do exceed the community spouse's resource allowance as defined in 42 U.S.C. - (6) That beginning the month after initial eligibility for the institutionalized spouse is determined, the resources of the community spouse shall not be considered available to the institutionalized spouse during that continuous period of institutionalization.

7. Beginning July 1, 1989, institutionalized individuals shall be ineligible for the periods required and for the reasons specified in 42 U.S.C. Section 1396p.

8. The hearings required by 42 U.S.C. Section 1396r-5 shall be conducted pursuant to the provisions of section 208.080.

9. Beginning October 1, 1989, when determining eligibility for assistance pursuant to this chapter there shall be disregarded unless otherwise provided by federal or state statutes, the home of the applicant or recipient when the home is providing shelter to the applicant or recipient, or his or her spouse or dependent child. The division of family services shall establish by rule or regulation in conformance with applicable federal statutes and regulations a definition of the home and when the home shall be considered a resource that shall be considered in determining eligibility.

10. Reimbursement for services provided by an enrolled Medicaid provider to a recipient who is duly entitled to Title XIX Medicaid and Title XVIII Medicare Part B, Supplementary Medical Insurance (SMI) shall include payment in full of deductible and coinsurance amounts as determined due pursuant to the applicable provisions of federal regulations pertaining to Title XVIII Medicare Part B, except the applicable Title XIX cost sharing.

208.151. 1. For the purpose of paying medical assistance on behalf of needy persons and to comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301 et seq.) as amended, the following needy persons shall be eligible to receive medical assistance to the extent and in the manner hereinafter provided:

(1) All recipients of state supplemental payments for the aged, blind and disabled;

(3) All recipients of blind pension benefits;

(4) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in effect December 31, 1973, or less restrictive standards as established by rule of the division of family services, who are sixty-five years of age or over and are patients in state institutions for mental diseases or tuberculosis;

(5) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children except for the requirements of subdivision (2) of subsection 1 of section 208.040, and who are residing in an intermediate care facility, or receiving active treatment as inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. 1396d, as amended;

(7) All persons eligible to receive nursing care benefits;

(8) All recipients of family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

The division of family services shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the division of family services shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide Medicaid coverage under this subdivision, the department of social services may revise the state Medicaid plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. 1396a;

(c) Children who have attained six years of age but have not attained nineteen years of age with family income greater than one hundred percent of the federal poverty guideline for the applicable family size. Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The division of family services may establish a resource eligibility standard in assessing eligibility for persons under this subdivision. The division of medical services shall define the amount and scope of benefits which are available to individuals under this subdivision in accordance with the requirement of federal law and regulations. Coverage under this subdivision shall be subject to appropriation to provide services approved under the provisions of this subdivision;

(16) The division of family services shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The division of medical services shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder except that the scope of benefits shall include case management services;

(17) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to

pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(18) A child born to a woman eligible for and receiving medical assistance under this section on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter shall be as simple as practicable;

(20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a (r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six

months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. For purposes of section 1902(1), (10) of Title XIX of the federal Social Security Act, as amended, any individual who, for the month of August, 1972, was eligible for or was receiving aid or assistance pursuant to the provisions of Titles I, X, XIV, or Part A of Title IV of such act and who, for such month, was entitled to monthly insurance benefits under Title II of such act, shall be deemed to be eligible for such aid or assistance for such month thereafter prior to October, 1974, if such individual would have been eligible for such aid or assistance for such month had the increase in monthly insurance benefits under Title II of such act resulting from enactment of Public Law 92-336 amendments to the federal Social Security Act (42 U.S.C. 301 et seq.), as amended, not been applicable to such individual.

5. When any individual has been determined to be eligible for medical assistance, such medical assistance will be made available to him for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid."; and

Senator Steelman moved that the above amendment be adopted.

The point of order was referred to the President Pro Tem.

Senator Jacob raised the point of order that the point of order raised by Senator Rohrbach is out of order as he failed to state the bill number to which he is raising the point of order.

"208.010. 1. In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the

division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of subsection 2 of this section shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources in the sum of one thousand **five hundred** dollars or more; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed two thousand **five hundred** dollars; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife,

exceeds such amount;

(6) In the case of temporary assistance for needy families, if the parent, stepparent, and child or children in the home owns or possesses property of any kind or character, or has an interest in property for which he or she is a record or beneficial owner, the value of such property, as determined by the division of family services and as allowed by federal law or regulation, less encumbrances of record, exceeds one thousand dollars, excluding the home occupied by the claimant, amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, one automobile which shall not exceed a value set forth by federal law or regulation and for a period not to exceed six months, such other real property which the family is making a good-faith effort to sell, if the family agrees in writing with the division of family services to sell such property and from the net proceeds of the sale repay the amount of assistance received during such period. If the property has not been sold within six months, or if eligibility terminates for any other reason, the entire amount of assistance paid during such period shall be a debt due the state;

3. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the income and resources of a relative or other person living in the home shall be taken into account to the extent the income, resources, support and maintenance are allowed by federal law or regulation to be considered.

4. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the value of burial lots or any amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, shall not be taken into account or considered an asset of the burial lot owner or the beneficiary of an irrevocable prearranged funeral or funeral contract. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. If the beneficiary, as defined in chapter 436, RSMo, of an irrevocable prearranged funeral or burial contract receives any public assistance benefits pursuant to this chapter and if the purchaser of such contract or his or her successors in interest cancel or amend the contract so that any person will be entitled to a refund, such refund shall be paid to the state of Missouri up to the amount of public assistance benefits provided pursuant to this chapter with any remainder to be paid to those persons designated in chapter 436, RSMo.

5. In determining the total property owned pursuant to subdivision (5) of subsection 2 of this section, or resources, of any person claiming or for whom public assistance is claimed, there shall be disregarded any life insurance policy, or prearranged funeral or burial contract, or any two or more policies or contracts, or any combination of policies and contracts, which provides for the payment of one thousand five hundred dollars or less upon the death of any of the following:

(1) A claimant or person for whom benefits are claimed; or

(2) The spouse of a claimant or person for whom benefits are claimed with whom he or she is living.

If the value of such policies exceeds one thousand five hundred dollars, then the total value of such policies may be considered in determining resources; except that, in the case of temporary assistance for needy families, there shall be disregarded any prearranged funeral or burial contract, or any two or more contracts, which provides for the payment of one thousand five hundred dollars or less per family member.

6. Beginning September 30, 1989, when determining the eligibility of institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections 1396a et seq., the division of family services shall comply with the provisions of the federal statutes and regulations. As necessary, the division shall by rule or regulation implement the federal law and regulations which shall include but not be limited to the establishment of income and resource standards and limitations. The division shall require:

(2) That the assessed resources of the institutionalized spouse and the community spouse may be allocated so that each receives an equal share;

(3) That upon an initial eligibility determination, if the community spouse's share does not equal at least twelve thousand dollars, the institutionalized spouse may transfer to the community spouse a resource allowance to increase the community spouse's share to twelve thousand dollars;

(4) That in the determination of initial eligibility of the institutionalized spouse, no resources attributed to the community spouse shall be used in determining the eligibility of the institutionalized spouse, except to the extent that the resources attributed to the community spouse do exceed the community spouse's resource allowance as defined in 42 U.S.C. Section 1396r-5;

(6) That beginning the month after initial eligibility for the institutionalized spouse is determined, the resources of the community spouse shall not be considered available to the institutionalized spouse during that continuous period of institutionalization.

7. Beginning July 1, 1989, institutionalized individuals shall be ineligible for the periods required and for the reasons specified in 42 U.S.C. Section 1396p.

8. The hearings required by 42 U.S.C. Section 1396r-5 shall be conducted pursuant to the provisions of section 208.080.

9. Beginning October 1, 1989, when determining eligibility for assistance pursuant to this chapter there shall be disregarded unless otherwise provided by federal or state statutes, the home of the applicant or recipient when the home is providing shelter to the applicant or recipient, or his or her spouse or dependent child. The division of family services shall establish by rule or regulation in conformance with applicable federal statutes and regulations a definition of the home and when the home shall be considered a resource that shall be considered in determining eligibility.

10. Reimbursement for services provided by an enrolled Medicaid provider to a recipient who is duly entitled to Title XIX Medicaid and Title XVIII Medicare Part B, Supplementary Medical Insurance (SMI) shall include payment in full of deductible and coinsurance amounts as determined due pursuant to the applicable provisions of federal regulations pertaining to Title XVIII Medicare Part B, except the applicable Title XIX cost sharing.

(1) All recipients of state supplemental payments for the aged, blind and disabled;

(5) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children except for the requirements of subdivision (2) of subsection 1 of section 208.040, and who are residing in an intermediate care facility, or receiving active treatment as inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. 1396d, as amended;

(6) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children benefits except for the requirement of deprivation of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(7) All persons eligible to receive nursing care benefits;

(8) All recipients of family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;

(10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;

(11) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child who is deprived of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

The division of family services shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the division of family services shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide Medicaid coverage under this subdivision, the department of social services may revise the state Medicaid plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. 1396a;

- (c) Children who have attained six years of age but have not attained nineteen years of age with family income greater than one hundred percent of the federal poverty guideline for the applicable family size. Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The division of family services may establish a resource eligibility standard in assessing eligibility for persons under this subdivision. The division of medical services shall define the amount and scope of benefits which are available to individuals under this subdivision in accordance with the requirement of federal law and regulations. Coverage under this subdivision shall be subject to appropriation to provide services approved under the provisions of this subdivision;
- (16) The division of family services shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The division of medical services shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder except that the scope of benefits shall include case management services;
- (17) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;
- (18) A child born to a woman eligible for and receiving medical assistance under this section on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;
- (19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter shall be as simple as practicable;
- (20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the

expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a (r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of

"medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. For purposes of section 1902(1), (10) of Title XIX of the federal Social Security Act, as amended, any individual who, for the month of August, 1972, was eligible for or was receiving aid or assistance pursuant to the provisions of Titles I, X, XIV, or Part A of Title IV of such act and who, for such month, was entitled to monthly insurance benefits under Title II of such act, shall be deemed to be eligible for such aid or assistance for such month thereafter prior to October, 1974, if such individual would have been eligible for such aid or assistance for such month had the increase in monthly insurance benefits under Title II of such act resulting from enactment of Public Law 92-336 amendments to the federal Social Security Act (42 U.S.C. 301 et seq.), as amended, not been applicable to such individual.

5. When any individual has been determined to be eligible for medical assistance, such medical assistance will be made available to him for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid."; and

SENATE SUBSTITUTE AMENDMENT NO. 1 FOR SENATE AMENDMENT NO. 15

Amend Senate Committee Substitute for Senate Bills Nos. 4, 1, 5 and 6, Page 3, Section 135.095, Line 18, by inserting after all of said line the following:

"208.010. 1. In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of subsection 2 of this section shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources in the sum of **one thousand dollars or more or, for a person sixty-five years old or older, one thousand five hundred dollars or more**; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed **two thousand dollars or more or, for a person sixty-five years old or older, two thousand five hundred dollars**; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife, exceeds such amount;

(6) In the case of temporary assistance for needy families, if the parent, stepparent, and child or children in the home owns or possesses property of any kind or character, or has an interest in property for which he or she is a record or beneficial owner, the value of such property, as determined by the division of family services and as allowed by federal law or regulation, less encumbrances of record, exceeds one thousand dollars, excluding the home occupied by the claimant, amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, one automobile which shall not exceed a value set forth by federal law or regulation and for a period not to exceed six months, such other real property which the family is making a good-faith effort to sell, if the family agrees in writing with the division of family services to sell such property and from the net proceeds of the sale repay the amount of assistance received during such period. If the property has not been sold within six months, or if eligibility terminates for any other reason, the entire amount of assistance paid during such period shall be a debt due the state;

(7) Is an inmate of a public institution, except as a patient in a public medical institution.

3. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the income and resources of a relative or other person living in the home shall be taken into account to the extent the income, resources, support and maintenance are allowed by federal law or regulation to be considered.

4. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the value of burial lots or any amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, shall not be taken into account or considered an asset of the burial lot owner or the beneficiary of an irrevocable prearranged funeral or funeral contract. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. If the beneficiary, as defined in chapter 436, RSMo, of an irrevocable prearranged funeral or burial contract receives any public assistance benefits pursuant to this chapter and if the purchaser of such contract or his or her successors in interest cancel or amend the contract so that any person will be entitled to a refund, such refund shall be paid to the state of Missouri up to the amount of public assistance benefits provided pursuant to this chapter with any remainder to be paid to those persons designated in chapter 436, RSMo.

5. In determining the total property owned pursuant to subdivision (5) of subsection 2 of this section, or resources, of any person claiming or for whom public assistance is claimed, there shall be disregarded any life insurance policy, or prearranged funeral or burial contract, or any two or more policies or contracts, or any combination of policies and contracts, which provides for the payment of one thousand five hundred dollars or less upon the death of any of the following:

- (1) A claimant or person for whom benefits are claimed; or
- (2) The spouse of a claimant or person for whom benefits are claimed with whom he or she is living.

If the value of such policies exceeds one thousand five hundred dollars, then the total value of such policies may be considered in determining resources; except that, in the case of temporary assistance for needy families, there shall be disregarded any prearranged funeral or burial contract, or any two or more contracts, which provides for the payment of one thousand five hundred dollars or less per family member.

6. Beginning September 30, 1989, when determining the eligibility of institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections 1396a et seq., the division of family services shall comply with the provisions of the federal statutes and regulations. As necessary, the division shall by rule or regulation implement the federal law and regulations which shall include but not be limited to the establishment of income and resource standards and limitations. The division shall require:

- (1) That at the beginning of a period of continuous institutionalization that is expected to last for thirty days or more, the institutionalized spouse, or the community spouse, may request an assessment by the division of family services of total countable resources owned by either or both spouses;
- (2) That the assessed resources of the institutionalized spouse and the community spouse may be allocated so that each receives an equal share;
- (3) That upon an initial eligibility determination, if the community spouse's share does not equal at least twelve thousand dollars, the institutionalized spouse may transfer to the community spouse a resource allowance to increase the community spouse's share to twelve thousand dollars;
- (4) That in the determination of initial eligibility of the institutionalized spouse, no resources attributed to the community spouse shall be used in determining the eligibility of the institutionalized spouse, except to the extent that the resources attributed to the community spouse do exceed the community spouse's resource allowance as defined in 42 U.S.C. Section 1396r-5;
- (5) That beginning in January, 1990, the amount specified in subdivision (3) of this subsection shall be increased by the percentage increase in the consumer price index for all urban consumers between September, 1988, and the September before the calendar year involved; and
- (6) That beginning the month after initial eligibility for the institutionalized spouse is determined, the resources of the community spouse shall not be considered available to the institutionalized spouse during that continuous period of

institutionalization.

7. Beginning July 1, 1989, institutionalized individuals shall be ineligible for the periods required and for the reasons specified in 42 U.S.C. Section 1396p.

8. The hearings required by 42 U.S.C. Section 1396r-5 shall be conducted pursuant to the provisions of section 208.080.

9. (14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the division of family services shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide Medicaid coverage under this subdivision, the department of social services may revise the state Medicaid plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. 1396a;

(c) Children who have attained six years of age but have not attained nineteen years of age with family income greater than one hundred percent of the federal poverty guideline for the applicable family size. Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The division of family services may establish a resource eligibility standard in assessing eligibility for persons under this subdivision. The division of medical services shall define the amount and scope of benefits which are available to individuals under this subdivision in accordance with the requirement of federal law and regulations. Coverage under this subdivision shall be subject to appropriation to provide services approved under the provisions of this subdivision;

(16) The division of family services shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The division of medical services shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder except that the scope of benefits shall include case management services;

(17) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(18) A child born to a woman eligible for and receiving medical assistance under this section on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter shall be as simple as practicable;

(20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by

regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, for persons sixty-five years old or older, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a (r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such

family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. For purposes of section 1902(1), (10) of Title XIX of the federal Social Security Act, as amended, any individual who, for the month of August, 1972, was eligible for or was receiving aid or assistance pursuant to the provisions of Titles I, X, XIV, or Part A of Title IV of such act and who, for such month, was entitled to monthly insurance benefits under Title II of such act, shall be deemed to be eligible for such aid or assistance for such month thereafter prior to October, 1974, if such individual would have been eligible for such aid or assistance for such month had the increase in monthly insurance benefits under Title II of such act resulting from enactment of Public Law 92-336 amendments to the federal Social Security Act (42 U.S.C. 301 et seq.), as amended, not been applicable to such individual.

5. When any individual has been determined to be eligible for medical assistance, such medical assistance will be made available to him for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid."; and

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

"The eyes of the Lord range throughout the entire earth, to strengthen those whose heart is true to him." (2 Chronicles 16:9)

Almighty God, we praise You for giving us the strength we need to say what must be said and do what must be done, while working together, to best serve the citizens of Missouri. We also pray for those from our state who have gone to aid in the search and rescue of those buried in the rubble in New York; provide them Your protection and give them strength to safely do the work You have for them. And continue to mend those who have fallen victim to terrorists and comfort us who mourn. In Your Holy Name we pray. Amen.

"208.010. 1. In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to

subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of subsection 2 of this section shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources **on or after July 1, 2002**, in the sum of **one thousand two hundred fifty dollars or more and on or after July 1, 2003, one thousand four hundred and on or after July 1, 2004, one thousand five hundred** dollars or more; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed **two thousand two hundred fifty dollars or more, and on or after July 1, 2003, two thousand four hundred and on or after July 1, 2004, two thousand five hundred** dollars **or more**; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife, exceeds such amount;

(6) In the case of temporary assistance for needy families, if the parent, stepparent, and child or children in the home owns or possesses property of any kind or character, or has an interest in property for which he or she is a record or beneficial owner, the value of such property, as determined by the division of family services and as allowed by federal law or regulation, less encumbrances of record, exceeds one thousand dollars, excluding the home occupied by the claimant, amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, one automobile which shall not

4. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the value of burial lots or any amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, shall not be taken into account or considered an asset of the burial lot owner or the beneficiary of an irrevocable prearranged funeral or funeral contract. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. If the beneficiary, as defined in chapter 436, RSMo, of an irrevocable prearranged funeral or burial contract receives any public assistance benefits pursuant to this chapter and if the purchaser of such contract or his or her successors in interest cancel or amend the contract so that any person will be entitled to a refund, such refund shall be paid to the state of Missouri up to the amount of public assistance benefits provided pursuant to this chapter with any remainder to be paid to those persons designated in chapter 436, RSMo.

5. In determining the total property owned pursuant to subdivision (5) of subsection 2 of this section, or resources, of any person claiming or for whom public assistance is claimed, there shall be disregarded any life insurance policy, or prearranged funeral or burial contract, or any two or more policies or contracts, or any combination of policies and contracts, which provides for the payment of one thousand five hundred dollars or less upon the death of any of the following:

(1) A claimant or person for whom benefits are claimed; or

(2) The spouse of a claimant or person for whom benefits are claimed with whom he or she is living.

If the value of such policies exceeds one thousand five hundred dollars, then the total value of such policies may be considered in determining resources; except that, in the case of temporary assistance for needy families, there shall be disregarded any prearranged funeral or burial contract, or any two or more contracts, which provides for the payment of one thousand five hundred dollars or less per family member.

6. Beginning September 30, 1989, when determining the eligibility of institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections 1396a et seq., the division of family services shall comply with the provisions of the federal statutes and regulations. As necessary, the division shall by rule or regulation implement the federal law and regulations which shall include but not be limited to the establishment of income and resource standards and limitations. The division shall require:

(1) That at the beginning of a period of continuous institutionalization that is expected to last for thirty days or more, the institutionalized spouse, or the community spouse, may request an assessment by the division of family services of total countable resources owned by either or both spouses;

(2) That the assessed resources of the institutionalized spouse and the community spouse may be allocated so that each receives an equal share;

Section 1396r-5;

10. Reimbursement for services provided by an enrolled Medicaid provider to a recipient who is duly entitled to Title XIX Medicaid and Title XVIII Medicare Part B, Supplementary Medical Insurance (SMI) shall include payment in full of deductible and coinsurance amounts as determined due pursuant to the applicable provisions of federal regulations pertaining to Title XVIII Medicare Part B, except the applicable Title XIX cost sharing.

Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and

postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, on or after July 1, 2002, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a (r)(2), shall be used to raise the income limit to ninety percent of the federal poverty level and, as of July 1, 2003, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)92), shall be used to raise the income limit to ninety-five percent of the federal poverty level and, as of July 1, 2004, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)92), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in

accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. For purposes of section 1902(1), (10) of Title XIX of the federal Social Security Act, as amended, any individual who, for the month of August, 1972, was eligible for or was receiving aid or assistance pursuant to the provisions of Titles I, X, XIV, or Part A of Title IV of such act and who, for such month, was entitled to monthly insurance benefits under Title II of such act, shall be deemed to be eligible for such aid or assistance for such month thereafter prior to October, 1974, if such individual would have been eligible for such aid or assistance for such month had the increase in monthly insurance benefits under Title II of such act resulting from enactment of Public Law 92-336 amendments to the federal Social Security Act (42 U.S.C. 301 et seq.), as amended, not been applicable to such individual.

5. When any individual has been determined to be eligible for medical assistance, such medical assistance will be made available to him for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

6. The department of social services may apply to the federal Department of Health and Human Services for a Medicaid waiver amendment to the section 1115 demonstration waiver or for any additional Medicaid waivers necessary and desirable to implement the increased resource limit, as authorized in subdivision (4) of subsection 2 of section 208.010 and to implement the increased income limit, as authorized in subdivision (25) of subsection 1 of section 208.151.; and

"208.151. 1. For the purpose of paying medical assistance on behalf of needy persons and to comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301 et seq.) as amended, the following needy persons shall be eligible to receive medical assistance to the extent and in the manner hereinafter provided:

- (1) All recipients of state supplemental payments for the aged, blind and disabled;

- (3) All recipients of blind pension benefits;
- (4) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in effect December 31, 1973, or less restrictive standards as established by rule of the division of family services, who are sixty-five years of age or over and are patients in state institutions for mental diseases or tuberculosis;
- (5) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children except for the requirements of subdivision (2) of subsection 1 of section 208.040, and who are residing in an intermediate care facility, or receiving active treatment as inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. 1396d, as amended;

- (10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;
- (11) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child who is deprived of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

(13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989). The division of family services shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the division of family services shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide Medicaid coverage under this subdivision, the department of social services may revise the state Medicaid plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. 1396a;

(c) Children who have attained six years of age but have not attained nineteen years of age with family income greater than one hundred percent of the federal poverty guideline for the applicable family size. Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The division of family services may establish a resource eligibility standard in assessing eligibility for persons under this subdivision. The division of medical services shall define the amount and scope of benefits which are available to individuals under this subdivision in accordance with the requirement of federal law and regulations. Coverage under this subdivision shall be subject to appropriation to provide services approved under the provisions of this subdivision;

(16) The division of family services shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The division of medical services shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder except that the scope of benefits shall include case management services;

(17) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(18) A child born to a woman eligible for and receiving medical assistance under this section on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter shall be as simple as practicable;

(20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including

projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, on or after July 1, 2002, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)92), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. Each family which has received such medical assistance during the entire six-month period described

Journal of the Senate

FIRST REGULAR SESSION

FIRST EXTRA SESSION

EIGHTH DAY--FRIDAY, SEPTEMBER 14, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

Gracious God, we join the people of this nation to pray this day for our country that we may discover strength while we feel vulnerable, obtain peace while feeling distressed and have solidarity amidst our diversity. And we pray especially for our fellow citizens whose lives were lost and whose families mourn that they may know Your grace and mercy. We pray for quick recovery to those injured this past week and the horrors that night brings them. As we pray we are mindful of how You teach us to be a people of peace and love; so help us work to ensure peace and safety among the people of this planet. Help us bring to justice those who would prefer chaos and disruption that Your message of love may be heard louder than theirs of violence and hatred. Open our hearts O Lord to appreciate more fully the gifts of freedom and grace we sometimes take for granted. And help us to love more completely those You have given us - our families and friends. In Your Holy Name we pray. Amen.

Numeral 1 of the Proclamation dated August 24, 2001, which refers to "expanding Medicaid eligibility for seniors," is meant to guarantee that Medicaid eligibility is expanded to the benefit of seniors, but is not meant to preclude expanding Medicaid eligibility more generally if the General Assembly determines that such expansion is appropriate.

IN WITNESS WHEREOF, I have hereunto

set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 14th day of (SEAL) September, 2001.

Journal of the Senate
NINETY-FIRST GENERAL ASSEMBLY
OF THE
STATE OF MISSOURI
FIRST REGULAR SESSION

VETO SESSION

FIRST DAY--WEDNESDAY, SEPTEMBER 12, 2001

The Senate was called to order in Veto Session by Lieutenant Governor Joe Maxwell.

The Reverend Carl Gauck offered the following prayer:

"Therefore the wicked shall not stand upright when judgment comes, nor the sinner in the council of the righteous. For the Lord knows the way of the righteous, but the way of the wicked is doomed. (Psalm 1:5-6)

Heavenly Father, constitutionally we are here to deal with what is required of us. But we are still in shock and feeling anger at the attack on our country and have empathy for the victims and their families of this outrage. We pray for those injured that You will provide healing and be a present comfort to those who grieve. We pray that Your spirit will be with us and guide us to deal with those who have killed and hurt our people. Help us to bring reason and peace among our leaders and may Your just judgment be brought about. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

The following Senators were present during the day's proceedings:

COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate bills, were received by the Secretary of State, reading of which was waived:

July 11, 2001

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 207, entitled:

"AN ACT"

To repeal section 334.128, RSMo 2000, relating to the state board of registration for the healing arts, and to enact in lieu thereof one new section relating to the same subject.

I disapprove of Senate Bill No. 207. My reasons for disapproval are as follows:

Language in this bill conflicts with language in House Bill No. 78, hereinafter referred to as HB 78, which was also approved by the General Assembly during the 2001 session and which was signed into law on July 10, 2001. Both bills aim to protect Missouri health care consumers from impaired practitioners by allowing physicians' health programs to provide information about such practitioners to the Board of Healing Arts without threat of civil action. This bill, however, unnecessarily limits the offered protection by restricting the civil immunity to those physicians' health programs that are "operated in this state and approved by the board." Missouri citizens should receive the benefit of the broader language contained in HB 78, which would allow more physicians' health programs to assist the Board of Healing Arts.

For all of the above stated reasons for disapproval, I am returning Senate Bill No. 207 without my approval.

Respectfully submitted,

/s/ BOB HOLDEN

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 270, entitled:

"AN ACT"

To amend chapter 536, RSMo, by adding thereto one new section relating to administrative law judges, with an effective date.

I disapprove of Senate Committee Substitute for Senate Bill No. 270. My reasons for disapproval are as follows:

The provisions of this bill conflict with existing statutory law that the bill does not repeal. Specifically, this bill requires chief administrative law judges to establish and implement standards and specialized training programs for administrative law judges, although section 287.610(7), RSMo 2000, requires the Division of Workers' Compensation of the Department of Labor and Industrial Relations to establish such training. Furthermore, this bill allows administrative law judges to elect one of their own number to be chief administrative law judge, although section 287.615, RSMo

2000, provides that the Division of Workers' Compensation of the Department of Labor and Industrial Relations is responsible for appointing such administrative law judges.

I disapprove of the bill for two additional reasons. It is inappropriate to remove the selection of chief administrative law judges from the purview of the Governor, as such power has historically been exercised by the chief executive of the state. Mandating that administrative law judges establish their own training standards, furthermore, decreases the accountability that Missouri citizens expect from trusted judicial positions.

For all of the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 270 without my approval.

Respectfully submitted,

/s/ BOB HOLDEN

July 11, 2001

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 341, entitled:

"AN ACT"

To repeal sections 57.010, 590.100, 590.130, 590.170, and 590.175, RSMo 2000, relating to law enforcement agencies, and to enact in lieu thereof three new sections relating to the same subject.

I disapprove of Senate Committee Substitute for Senate Bill No. 341. My reasons for disapproval are as follows:

The language of this bill conflicts with language contained in Conference Committee Substitute for Senate Committee Substitute for House Bill No. 80, hereinafter referred to as HB 80, which was also approved by the General Assembly during the 2001 session and signed into law on July 2, 2001. For instance, section 590.130 of this bill would require elected county police officers to be certified by January 1, 2002, whereas section 57.010 of HB 80 would give such officers until January 1, 2003, to be certified.

Both bills are meant to revise statutes that relate to the training of police officers. This administration supports such legislation, knowing that it sets the foundation for professional conduct, employment standards, and quality training for peace officers that will serve Missouri citizens well for years to come. In light of the fact that I have already given my approval to the more comprehensive language contained in HB 80, it is not necessary to confuse the law in this area by also signing this bill into law.

For all of the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 341 without my approval.

Respectfully submitted,

/s/ BOB HOLDEN

July 11, 2001

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 387, entitled:

"AN ACT"

To amend chapter 393, RSMo, by adding thereto two new sections relating to allowing certain electrical corporations to recover certain costs, with an emergency clause.

I disapprove of Senate Committee Substitute for Senate Bill No. 387. My reasons for disapproval are as follows:

This bill allows eligible electrical corporations to recover all reasonably and prudently incurred costs of natural gas associated with the production of electricity and at least some of the costs associated with the acquisition of electricity as an alternative to producing energy. In effect, because these corporations can recover the costs of buying electricity, which are in turn affected by the cost of natural gas, the corporations are empowered to increase their rates on the basis of a single factor, the cost of natural gas.

Creating a new process that allows for rate-making based on a single factor is unnecessary. The Public Service Commission has the statutory authority to grant justifiable rate increases, and may even do so on an emergency basis via interim rate relief proceedings. Such existing processes are adequate to ensure that factors that relate to rate changes are considered in a timely fashion. At the same time, these processes take into account all relevant factors so that there are no rate increases based on a single expense when other factors offset that expense.

Creating the new process envisioned by this bill is also bad policy. My administration has taken direct action with respect to the various energy issues that our state is facing and will face in the near and distant future. In addition to appointing the Missouri Energy Policy Task Force in February of 2001, I charged Attorney General Jay Nixon with the responsibility of investigating the sharp increase in home heating prices that plagued Missouri citizens during the past winter. One conclusion of the investigations engendered by this action is that purchase gas adjustment-type mechanisms expose Missouri consumers to the volatility of the natural gas market. As the March 1, 2001, report of the Missouri Energy Policy Task Force stated, last winter's "sudden rise in the price of natural gas...was caused by...the manner in which current regulatory practices in Missouri pass through gas costs to consumers." Another conclusion is that utilities that are able to pass the cost of natural gas on to consumers easily will have little incentive to utilize more cost-effective methods for creating energy. Senate Committee Substitute for Senate Bill No. 387 creates new provisions of law that conflict with these conclusions, and for that reason I must, in good conscience, veto it.

For all of the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 387 without my approval.

Herewith I return to you Revision Senate Bill No. 606, entitled:

"AN ACT"

To repeal sections 72.424, 141.265, 142.027, 208.453, 208.455, 208.457, 208.459, 208.461, 208.463, 208.465, 208.467, 208.469, 208.471, 208.473, 208.475, 208.479, 208.480, 313.353, 347.740, 351.127, 355.023, 356.233, 359.653, 400.9-508, 417.018, 620.1310, 640.169, 640.170, 640.172, 640.175, 640.177, 640.179, 640.180, 640.182, 640.185, 640.195, 640.200, 640.203, 640.205, 640.207, 640.210, 640.212, 640.215, and 640.218, RSMo 2000, and section 217.440 as enacted by senate committee substitute for senate bill no. 430 of the eighty-ninth general assembly, first regular session, for the purpose of repealing expired provisions of law and sections made obsolete by expired provisions of law, with an effective date.

I disapprove of Revision Senate Bill No. 606. My reasons for disapproval are as follows:

This bill attempts to repeal sections of Missouri law, specifically sections 208.453 to 208.480, RSMo 2000, that relate to the Federal Reimbursement Allowance. It was expected that these sections would sunset on September 30, 2001. The sunset provision applicable to those sections was extended, however, by House Bill No. 955, hereinafter HB 955, which was passed by the General Assembly during the 2001 legislative session and signed into law on June 22, 2001. Senate Bill No. 606, therefore, would repeal laws that are not obsolete if it was signed into law.

The Federal Reimbursement Allowance is an integral component of our state's Medicaid program. The repeal of sections 208.453 to 208.480, RSMo 2000, would jeopardize substantial state revenues that, in turn, draw down federal money used to compensate Medicaid providers. This funding, which helps ensure adequate medical coverage for low-income Missouri citizens, can not be lost.

For all of the above stated reasons for disapproval, I am returning Revision Senate Bill No. 606 without my approval.

Respectfully submitted,

/s/ BOB HOLDEN
